DR. BLAKE

After twenty-one years' experience in my profession, I am convinced that more Teeth have been lost by coarse and imperfect operations than by actual decay.

Those who desire their Teeth Filled, or who require an Operation performed in a thorough and finished manner, can obtain my services for a fair remunerative fee.

The greatest care and best materials used in my Operations.

# PREFATORY.

---

In presenting the SAN FRANCISCO DIRECTORY for 1861, the compiler feels a justifiable pride in accepting for his annual the position now universally accorded to it, as one of the "features" of our city, contributing unostentatiously, but faithfully, to its metropolitan growth and greatness.

The Directory for 1860 secured for its compiler a degree of public favor and patronage, which was the more grateful, as it enabled him in the preparation of the present volume to collect the materials for a work which he humbly hopes and truly believes will be found still more worthy of the flattering support which has already been secured for it.

The difficulties which have been on former occasions adverted to, which embarrass the collection and arrangement of a San Francisco register of names, have not diminished, but, on the contrary, seem to grow with its growth. The amount of time and labor devoted to this department is almost incredible, and yet, notwithstanding that nearly five thousand names have been added to the list of last year, increasing that of the present to nearly thirty thousand, we are well aware of numerous—we will not say omissions, for in a proper sense they are not—but *omitted* names, for the reason that their possessors absolutely refused to furnish any information as to their place of abode.

The system of numbering, ordered by the municipal authorities, has added value to the compilation of the present year, and were it universally adopted, would doubtless be received with general favor, and would tend much to simplify future references. The "Business Directory" has received from the compiler especial attention, and he feels confident that the industry devoted to that branch of the work has produced a very complete list of all trades and professions carried on in our city, with an accurate register of the names of all persons or firms engaged therein. In this list over ten thousand names will be found so arranged as to be of easy reference, and supplying to the stranger ready means for procuring much valuable information in regard to the trade of this city. The "Street Directory" has been carefully revised, and now conforms to the official data in the office of the Assessor of the city and county.

In the "Appendix" the Consolidation Act has been republished, with all the amendments so methodically arranged, that the changes in the law are perceptible at a glance. In this part of the work is also embodied a mass

of information, extremely varied and much of it very interesting, embracing lists of the Federal, State and Municipal officers, notices of local societies and associations, churches, military organizations, etc., etc.

The general review presents a diary of the interesting local events of the year, brief notices of schools public and private, benevolent associations, cemeteries, public improvements, railroads and other subjects worthy of special mention, with historical data of present interest, and well calculated to make the book a valuable work of reference to future generations. But the particular feature of this department of the Directory is the tables, presenting a corrected census of the population of the city and county, the compilation of the United States census of the city and county of 1860, and the statement of the buildings within the city limits. To these there has been devoted immense labor at considerable expense to the compiler, but as they satisfactorily prove the permanent growth and prosperity of the city, constitute most valuable data for subsequent reference, and set at rest speculation on a much vexed question, he is fully rewarded for the expenditure.

Prefixed to the Directory is a valuable map of the city and county of San Francisco, compiled and drawn from the United States surveys, carefully revised and corrected with the copious materials in the custody of the city and county Assessor.

The compiler cannot properly close these remarks without expressing his thanks for the universal courtesy which has been exhibited, and the ready aid accorded by the public officers, officers of societies, and others, on whose time and patience he has occasionally been compelled to trespass; and in this connection he feels it his duty to mention, especially, his obligation to Clement Ferguson, Esquire, late of the office of the Tax Collector, whose stores of information upon every subject connected with the material interests of the city have been generously placed at his disposal, and from which he has obtained much interesting and valuable data connected with the early history of San Francisco and the operations of the municipal government. The SAN FRANCISCO DIRECTORY for 1862-63 will be issued in September next.

SAN FRANCISCO, September 10, 1861.

# HISTORICAL AND STATISTICAL REVIEW

## OF SAN FRANCISCO.

### Historical Sketch of California.

As an account of the Metropolis of California would be incomplete, without some allusion to the history of the country, it may, therefore, be expedient to give of it, a rapid sketch in this place. Half a century after the discovery of America by Columbus, JUAN RODRIGUEZ CABRILLO, a Portuguese by birth, in the service of Spain, discovered Upper California, having landed at San Diego in September, 1542. On the death of Cabrillo, the voyage was continued by his Pilot and Lieutenant, Bartolome Ferrelo, who made a survey of the coast, during which, the

entrance to the Bay of San Francisco is supposed to have been seen by him, when he discovered, what he considered to be, the mouth of a great river; there is a probability, therefore, that he was the first European who beheld the Golden Gate. In 1579, Sir Francis Drake visited this coast, having landed a few miles to the northward of San Francisco, at a Bay which still bears his name; being ignorant of Cabrillo's prior discovery, he called the place New Albion. Francisco Vila landed here in 1582, and Juan De Fuca in 1595. In 1596, Sebastian Vizcayno—a famous Spanish navigator—established a military post at Santa Cruz; the astronomical positions determined by him in 1603, was the only nautical authority for this coast during the subsequent 160 years. However, the permanent settlement of California did not commence till almost the close of the third quarter of the last century, after which 4 Presidios and 21 Missions were founded (A. D., 1769 to 1822) with the view of civilizing the natives through the peaceful influences of Christianity. In this the Monks labored with patient energy and devoted zeal, and California continued tranquil for upwards of 60 years; the Fathers increasing the number of their converts, which at one period amounted to 20,000. Indeed the settlement of the country has been felicitously termed a "spiritual conquest." With the commencement of the present century, accounts of earthquakes make their first appearance in our local archives. In October, 1800, the Mission of San Juan Bautista was visited by six severe shocks in one day. The next mention comes nearer home—the Presidio of San Francisco having experienced 21 shocks between the 21st of June and 17th of July, 1808; and the church of San Juan Capistrano was destroyed by a violent earthquake four years afterward, when 41 Indians perished in the ruins. In 1829

and 1839 several severe shocks were again experienced in San Francisco. In 1812 the Russians formed a settlement at Bodega, which they maintained for thirty years. In 1822 California became a Mexican Territory, on the separation of all the Americas from Spain. Internal disturbances commenced about the year 1830, and a decree was issued in 1833, confiscating and secularizing the property of the Missions. Soon afterward the Natives became dissatisfied with the national government that succeeded the milder sway of the clergy, and more than once declared their independence, but just as often rejoined the confederation. Occasionally the ports were visited by trading vessels for grain, and the hides and tallow cured at the Mission stations; and bands of emigrants, from time to time, crossed the Rocky Mountains, enduring hardships, and even horrors, in that slow pilgrimage of 2,000 miles! Thus, however, commenced the development of the resources of the country; the beaver and the otter assisting in the good work, by enticing across the Plains the hardy Trapper. In 1845 the Americans revolted and fought under the "Bear Flag" for independence. On the 7th July, 1846, Commodore Stockton took possession of Upper California, by raising the national flag at Monterey, and on the 2d of February, 1848, the country was ceded by treaty to the United States. About this time (19th January, 1848) the statements of the early voyagers were verified, *gold was discovered!* "On the wings of the wind the glad tidings were conveyed throughout the world. Suddenly labor arose in value, and industry was universally stimulated. From the shores of the Atlantic and of the Pacific—from the isles of the Ocean and across the wide plains, the gathering of a multitude commenced." The military government was superseded by one based on a Constitution, which was ratified by the people on the 13th of November, 1849. Thus, California became a State, and as such, was admitted into the Union on the 9th of September, 1850.\*

### Annals of San Francisco.

Prior to the year 1835, no human being had ever resided north of Mission Creek, where the city of San Francisco is now built. Within the limits of this peninsula, there was scarcely any spot more lonely. The few ships that found their way to this sequestered harbor, anchored in a little cove near the Presidio, which had been the embarcadero of the Mission. In the year named, W. A. Richardson, the Captain of the Port, erected a tent on the beach; and in 1836, Jacob P. Leese built the *first* house, where the St. Francis Hotel now stands, on the corner of Clay and Dupont streets. The place was then known as the *Parage of Yerba Buena*. In 1838 Mr. Leese built another dwelling on the southwesterly corner of Montgomery and Commercial streets, which he sold to the Hudson Bay Company, whose agents and ser-

For much valuable information, reference is made to Randolph's brilliant address on the History of California.

vants formed nearly the entire community. In 1839 Juan Vioget made the first survey of Yerba Buena—bounded by Pacific, Montgomery, Sacramento and Dupont streets. Up to the year 1843, this locality continued a comparative wilderness; cattle roamed undisturbed where now are crowded warehouses, and ravens croaked on the spots where peaceful dwellings stand. In 1844 the village contained a dozen houses, and its permanent population did not exceed fifty. In 1846 the houses had increased to 50, and the people to 200. In September, 1847, the number of tenements was 157, and the population nearly 500. In the same year the local name of YERBA BUENA was changed to that of SAN FRANCISCO. A site so desirable for a city, formed by nature for a great destiny, "on one of the finest Bays in the world, looking out upon the greatest, the richest, and most Pacific of Oceans—in the very track of empire—in the healthiest of latitudes, such a site could not fail to attract the attention of the expanding Saxon race." Commerce hastened it; the discovery of gold consummated it. In April, 1848, the town contained 200 dwellings, and a population of 850. In July, 1849, the number of inhabitants had reached 5,000. By the State census of 1852 the number then was 36,154; and now, in 1861, this, the Metropolis of the Pacific, numbers in population, 80,000 souls, and can boast of an assessment roll of forty millions of dollars! In exports standing first, and in imports and tonnage among the very first of the great ports of the Union. Within the past year, sand hills have been leveled, valleys have been filled in, streets have been graded, sewers have been constructed, miles of gas-pipes have been laid, and exhaustless supplies of pure water introduced. Substantial fire-proof warehouses have been erected, and hundreds of dwellings have been built. Who can foretell the future of San Francisco? Her growth was sudden; there was no infancy in her history. Within but a few years, her foundations have been laid, and after passing through the fiery ordeal, and a series of financial abuses and disasters, she now is on her onward march to wealth and greatness.

### View of the City.

For the information of distant readers, it may be well to describe the location of "The City We Live In." San Francisco stands upon the hilly ridge which forms the barrier that separates the Pacific from the Bay, having the ocean four miles on the west. The city is on the northeasterly corner of this promontory; a series of lofty hills and sandy valleys originally marked its site; the march of improvement has, however, to a considerable extent, leveled the one, and filled in the other. Probably the finest view of San Francisco is that which is enjoyed by the spectator, who gazes upon the city and the surrounding country from the top of Telegraph Hill, an eminence which rises to a height of 289 feet. From it the landscape extends over portions of ten counties, combining the grandeur of the ocean, with the peaceful evidences of agricultural industry—a blending of the wild and picturesque—with the proofs of advanced civilization at your very feet. In a northwesterly direction we behold the Golden Gate, against whose rocky portals the white waves of the Pacific are ever dashing, and into which the ocean breeze daily sweeps with its chilling but purifying mists. Due north are the harbor and village of Saucelito—Angel Island in full view—Alcatrazes, with its formidable batteries, together with the rugged cliffs

and picturesque headlands of Marin county. The northeasterly arm of the bay stretches afar, till lost in the distance, studded with smoking steamers and sailing craft, on the silent highway, to the numerous points on the Sacramento and San Joaquin. Looking eastward is the spacious harbor, crowded with ships, laden with rich and useful products from all quarters of the globe; the Island of Yerba Buena "with verdure clad," together with the rural cities of Oakland and San Antonio; behind which, hills rise on hills, and towering over these—nearly forty miles in the distance—may be seen the conical peak of Monte Diablo, 4,000 feet in height, seeming like a giant sentinel, that for ages has guarded the slumber of these waters, when their glassy surfaces were unrippled, save by the splash of the Indian's paddle. Far away are the lofty summits of the Sierra Nevada, at whose rugged base lie the treasures that have astonished the world. Turning to the south the eye embraces the scenery of San Mateo, Santa Clara and Santa Cruz, whitened with habitations; together with the great southern arm of the bay, almost forming a horizon of water. Union City and the town of Alviso are also visible; nigh at hand is the New Potrero, and also the Mission Dolores, backed by the Bernal Heights, and by graceful hills. At your feet is the busy city; an adventurous population throng its thoroughfares, exhibiting the complexions and costumes of many lands. The solitude of the desert has given place to the hum of industry, and the yell of the hunter is supplanted by the echo of the steam-whistle. Where formerly stood the humble embarcadero, may now be seen numerous wharves extended into the bay, beside which, are the vast hulls and lofty spars of ocean leviathans. The permanent improvements visible, on all sides, indicating the profound peace and prosperity which distinguish California. From the North to the South Beach, the hissing of the jack-plane, the grating of the hand-saw, and the click of the trowel are heard on every side; workshops ring with the clang of metals, and factories with the whirr of looms. Lines of steamers connect us with the East, and incidentally with Europe, with South America and Australia, with the ports in the Gulf of California, with Oregon, with Washington Territory and British Columbia. By means of the magnetic Telegraph we are within speaking distance of every portion of the State—from the gold-placers of Yreka to the orange-groves of Los Angeles; and within the year we will be in telegraphic communication with the cities of the Atlantic. Fleets of ships from all quarters of the globe supply us with the richest wares of foreign climes, returning freighted with the surplus products of our fertile soil. All these cheering indications, together with an increasing population—the successful inauguration of railroads, with the constant pouring into the lap of San Francisco of the treasures of our mountains—the establishment of the Daily Overland Mail and of the Pony Express—all these have imparted additional value to the numberless interests of the State—and more particularly of our city.

#### **The Mission and the Presidio.**

During unnumbered centuries, the peninsula bounded by the Pacific Ocean and the Bay of San Francisco, continued an unchanging wilderness, until "men, foreign to the soil, but imbued with a sublime faith, left home and kindred to teach civilization to barbarism, and to preach salvation to the heathen." The very year which

gave birth to the great Western Republic on the Atlantic shore of North America, witnessed the first permanent settlement on the coast of Upper California. In 1776, two Missionaries of the Roman Catholic Church reached the bay of San Francisco, and proceeded to establish a central point for their operations. Their names were Francisco Palou and Benito Cambon. They were natives of Spain, but came to this place from Mexico. Finding a fertile tract of land, capable of irrigation, nearly two miles south of the present city of San Francisco, they selected it for their home, and with much pious pomp, they founded the *Mission of Our Father St. Francis*; but in the course of years, the name was changed to that of the *Mission Dolores*, in commemoration of the sufferings of the Virgin. The Fathers evinced much good sense in selecting the site for their buildings, which was a small, fertile plain, embosomed among green-clad hills. Several tiny rivulets of clear, sweet water met about the spot, whose united streams were conducted to the bay by one of a larger size, now well known as Mission Creek. Among the first buildings erected was the Church, which is still devoted to religious uses, while the adjoining adobe buildings are now used for secular purposes. The Missions were established with the view, not only of propagating the doctrines of the Roman Catholic religion, but by so blending agriculture and trade, under the tutelage of the Church, as to render the Natives amenable subjects of the Spanish Crown. The Friars succeeded in reducing a large number to a partial degree of civilization; and to the self-denial of the good Fathers, La Perouse, Vancouver, Beechey, and other enlightened travelers, afford unqualified testimony. "During this primitive period, from which we are removed by so brief an interval, it would seem that kindness in their intercourse with one another, and hospitality to the stranger, were the characteristics of the Friars and their converts." Three miles west of the city, and two and a half miles north of the Mission is the *Presidio*, established to give military aid to the clergy in the conquest of the Indians. Under the protection of *this* Presidio were the Missions of San Francisco, Santa Clara, San Rafael, and Sonoma. The original buildings were constructed in quadrangular form; the portions still remaining continue to be occupied as a Barracks. Here it is worthy of mention, that soldiers of three different nationalities have been successively quartered in this venerable garrison. The Presidio was founded on the 17th of September, and the Mission on the 9th of October, A. D., 1776. Those interested in the early history of the Mission and Presidio, will find a very graphic account in Palou's life of Junipero Serra.

#### Fort Point, the Golden Gate, and the Bay.

On the northwesterly extremity of the peninsula of San Francisco, four miles from the city, there stood, in early times, a bold, narrow, jutting promontory of hard serpentine rock, 107 feet above the level of the sea, surmounted by a small Mexican fortification, called Fort Blanco. The view from this point was one of the finest in the harbor; but the entire headland has been cut down within a few feet of high water, and increased in area to make room for the present noble and substantial structure, known as *Fort Point*. It was commenced in 1854, and is four tiers in height, including the battery in the rear, mounting in all, 164 guns, with accommodation for 2,400 men. The ordnance here and at Alcatrazes combines all the im-

provements and appliances of modern warfare. A lighthouse and a fog-bell adjoin the Fort. The precipitate and rocky coast of California; which, in this parallel, from Monterey north, presents scarcely an indentation, here suddenly breaks asunder, causing the great cleft, or fissure in the coast range, known as *The Golden Gate*—the distance across, between Fort Point on this side, and Lime Point on the opposite shore, being one mile and seventeen yards. Here the tide varies about seven feet. *The Bay of San Francisco*, of which the Golden Gate forms the entrance, was not discovered till the end of October, 1769, when Don Gaspar de Portala, the first Governor of California, encamped on its shores. "Although navigators had passed it, anchored near it, and actually gave its name to adjoining roadsteads; yet it is most remarkable, that the clouds which concealed its entrance had never been lifted, and that it was, at length, discovered by *land*." The Bay is formed by the confluence of the blended waters of the Sacramento and the San Joaquin rivers. The former, with its tributaries, draining the rich agricultural valleys and the auriferous slopes of the Sierra Nevada from the north, as the latter does from the south. It affords the finest and most commodious harbor on the Pacific coast of the United States, extending in a southerly direction about 40 miles, parallel with the ocean, from which it is separated by the peninsula forming the counties of San Francisco and San Mateo, varying from five to twenty miles in width. When the geographical position of San Francisco is considered—holding the keys of the commerce of the northern Pacific—looking upon Asia and the teeming population of the Indies, and the ease with which it can be connected with the great seaports of the Atlantic, and thence with Europe—it would seem as if no city on the globe combined so many material advantages. Already, vessels freighted to and from her harbor may be seen in every sea, and in almost every port of the civilized world.

#### Yerba Buena Island.

Yerba Buena Island is situated in the Bay and within the legislative limits of the city and county of San Francisco. From Rincon Point and Market Street Wharf it is distant about one mile and a half, from Contra Costa nearly three miles, and the western point is one and three quarters miles from Telegraph Hill. The northern end is distant from the Golden Gate five miles and a half. This island contains 198 acres, of which 75 consist of rich soil, well adapted for garden purposes; 15 acres are heavily timbered; 23 acres jungle and brushwood; 85 acres hilly, rocky and sandy, being thickly covered with the herb or mint plant, from which the island takes its name. Springs of excellent water abound on the eastern and western sides, in the midst of a fertile valley. The apex of this island is 343 feet above high water; the sides are steep and irregular—rising to a ridge running nearly east and west. In early times it was densely covered with wood, and was known to ancient mariners and whalers as Wood Island; but, in 1839, one Nathan Spear placed a number of goats thereon, and hence the still popular name of Goat Island. On the easterly side is a wide, shoal bay, dry at low water, which, with the present material on the island, could be filled up, so as to be more than double its size. This island is formed of compact beds of sandstone, from a few inches to six and eight feet in thickness. Its texture varies but little in the different beds, and the grain is close

and even, and generally very fine. The strata are laid bare by the action of the water around the base of the island, and form a bold, rocky shore, which, in many places, appears to offer great resistance to the persistent denuding action of the waves and strong currents. On approaching the island from the west, the evidence of stratification becomes visible, and the beds are seen to dip westwardly towards the observer. The position of these beds of sandstone is highly favorable for working, readily loaded at the wharf, and ferried over the channel to the city. Several quarries have been opened on the island, and the supply of building stone appears inexhaustible. The United States Government, having proposed to place some batteries upon the island, included it in the third line of fortifications, and it was reserved with the other points in 1852. *Angel Island*, lying to the northwest of Yerba Buena, rises to a height of 771 feet, with a shore-line of five miles and an area of one square mile. Being in Marin county, it does not call for a more extended notice in this place.

### Alcatrazes Island.

Alcatrazes, or Bird Island, is also within the bay, and within the limits of the city and county, lying to the westward of the Island of Yerba Buena. It is composed of a fine-grained and very compact sandstone, of a dark, bluish green color. This island takes its name from the immense number of these aquatic birds (pelicans) which, in early days, sought it as an abiding place. The apex of this rocky eminence is 135 feet above the level of the water, and its area 35 acres. Its greatest length and its extreme breadth are 1,673 feet and 590 feet, respectively. The position of this little isle—suggesting at once extreme strength and impregnable defense—caused it to be reserved by the United States authorities, at the time of the cession of California by Mexico, and preparations were at once made to render it a formidable sentinel to watch over the safety of our city, even while its brilliantly-lighted summit indicated, during the night, the path of security to the fleet sailing in seaward from distant coasts—messengers of peaceful commerce. Three barbette batteries encircle this national stronghold. The one facing the city and commanding the bay, in the direction of the Presidio, mounting 35 guns; another, facing the Golden Gate, mounting 16 guns; and one on the northern side of the Island, facing Saucelito and Angel Island, mounting 40 guns. The ordnance is of the heaviest and most effective used in the service, some of them being of immense calibre—large Columbiads—which throw shot weighing 120 pounds. The first structure, after landing at the pier, is a shot-proof guard-house, provided with a drawbridge and a heavy gate. On the crest of the island is a massive three-story barrack, or citadel, arranged so that every point can be brought under the effective fire of musketry. There are also three bomb-proof magazines, an extensive furnace for heating shot and cannon balls, a fog-bell and a light-house—the latter being provided with one of Fresnel's lanterns of the third order, which is 160 feet above the level of the sea. From Telegraph Hill it is distant one mile and two thirds, and from Fort Point two miles and five-eighths. Deep water-marks exist all round the island, and with the exception of one or two places, the sides are so steep that a landing could only be effected with great difficulty.

### Los Farallones de los Frailes.

The Farallones were discovered by Ferrelo in 1543, but Sir Francis Drake is the first who specially mentions them (in 1579) as "lying off the bay where he refitted his ships." The Russians founded a settlement here in 1812, for the purpose of obtaining oil and skins, and several places are yet visible where the latter were stretched out and dried. The Farallones embrace the northerly, the middle and the southerly groups. The *Northerly* cluster is made up of four islets, within a space of half a mile square. Three of them are quite high and bold—the middle one attaining an elevation of 166 feet—the other being a mere rock, 100 feet in diameter, and scarcely 20 feet above water; the latter is six and a half miles from the lighthouse. The *Middle Farallone* is a single rock, 55 yards in diameter and 25 feet above water. From the light-house it is two and one quarter miles distant. The *South Farallone* is the largest and highest, extending nearly a mile east and west, attaining an altitude of 340 feet above the ocean. Upon it the lighthouse stands. The tower is built of brick, 17 feet in height, and is surmounted by an illuminating apparatus of the first order of the system of Fresnel. It is  $23\frac{1}{2}$  miles distant from the Golden Gate. A fog whistle has been placed upon the southeastern end of the island, about 275 feet from the water's edge, and 20 feet above the sea level. It is erected over a hole in the roof of a subterranean passage, which connects with and is open to the ocean, and is blown by the rush of air caused by the sea breaking into its mouth. The sound is heard in the vicinity at all times, except about an hour and a half before and after low water. At other times it may be heard a distance of seven or eight miles. It is really difficult to imagine a more desolate place than these rocky islets present to view. Being a mass of jagged rock, neither a tree nor a shrub relieves the eye by contrast, or gives change to the exceeding barrenness of the landscape. Collectively, these islets may be considered as the most extensive poultry-yard in the world; for here may be found in myriads the birds described by Buffon, as the *Guillamot*—the *Uria Troile* of Linnæus—which lays its eggs upon the bare rocks. The appellation of the Foolish Guillamot has been given to this species by Latham, from the fact of its being with difficulty roused to flight, and often suffering itself to be caught by the hand, particularly during incubation. Audubon, in his great national work, gives a charming account of the habits of this interesting species (*Murre*), which is well known to the eggers and fishermen of the Northern Atlantic. Some idea may be formed of their numbers, when it is stated that each bird, during the season, lays but a single egg, and that, since 1851, millions of the eggs have been sold in the San Francisco market. They are mostly of a pale green color, blotched with umber. The egg season lasts about six weeks—from the middle of May to the end of June. The bird of the most varied and brilliant plumage to be found here is the *Tufted Puffin*. Though rather numerous on this coast, it is elsewhere very rare, as is the *Horned-bill Guillamot*, which has also been seen and caught here. Of neither of these had Audubon ever met with a living specimen. Here, also, may be seen the huge seals, called sea-lions (*Phoca Otaria Jubata*). This species attains a weight of 3,000 pounds. Occasionally they are very savage, particularly during the nuptial season, when the fierce and bloody bat-

ties of the males render these isles of the ocean a very pandemonium. The Farallones are within the legislative limits of San Francisco.

### The Pueblo Lands.

By the Colonization laws, usages and customs of the Government of Mexico, and by virtue of an act of the Departmental Legislature of California, passed on the 9th day of November, 1833, a new town, containing at least thirty inhabitants and other requisites for a municipal organization, was entitled to four leagues of land. It follows that when, on the 7th of December, 1834, an election was held at the Presidio and the Ayuntamiento installed, that San Francisco was duly recognized as a Pueblo and became vested with the title to the land.\* On the 21st of December, 1854, the Land Commissioners rendered a decree confirming to the city an amount of land that would not exceed *three* leagues—lying north of what is known as the Vallejo line—running from the mouth of Mission Creek to Point Lobos. The United States appealed from this decree to the District Court, on the ground that the city had no title to any land, and the city also appealed, claiming title to the land as far south as the Buri Buri, or Sanchez ranch. Subsequently the United States withdrew their appeal, and an order of court was duly entered, granting permission to the city to proceed under the said decree of the Land Commission, as upon a final decree. Since that order was entered, the city has introduced some further proof in support of her claim to the land, tending principally to establish the southern boundary of the Pueblo at the Sanchez ranch. On this peninsula, north of the Sanchez ranch, there are eight leagues of land, of which one half (embracing the San Miguel, Bernal, Visitacion and De Haro ranches) has been confirmed to private individuals by the Federal courts, leaving four leagues to which the city is entitled under the laws relating to Pueblos. The Supreme Court of this State has, in a recent decision, (*Hart vs. Burnett*), held that the Pueblo of San Francisco was entitled by law, at the time of its organization, in 1834, to four leagues of land, to be measured from the centre of the Presidio Square. On this point, Justice Baldwin says that the evidence is *irresistible*. With regard to the location of the land, he adds that "it appears from official documents, that the Presidio was located near the middle of the northern extremity of the peninsula formed by the bay and the ocean; that the width of the peninsula, as far south as Mission Creek, is less than two leagues, and that still further south, to the Buri Buri ranch, the average width is just about two leagues, although two or three points project somewhat beyond." Of course, he continues,

\* The following is a list of the Alcaldes and other Chief Magistrates of San Francisco, since the foundation of the Pueblo:

*Alcaldes under the Mexican Government.*—1835, F. De Haro; 1836, J. J. Estudillo; 1837, Y. Martinez; 1838, F. D. Haro; 1839, F. Guerrero; 1842, F. Sanchez; 1844, W. Hinckley and F. De Haro; 1845, J. N. Padilla and J. De La C. Sanchez; 1846, J. J. Noe. *W.* The sessions of the Ayuntamiento, or Town Council, were held at the Presidio till the 1st of March, 1839, when they were removed to the Mission Dolores.

*Alcaldes under the U. S. Flag.*—1846, W. A. Bartlett; 1847, Edwin Bryant and George Hyde; 1848, J. Townsend and T. M. Leavenworth; 1849, J. W. Geary.

*Mayors of the City and Ex-Officio Presidents.*—1850, J. W. Geary; 1851, C. J. Brenham and S. R. Harris; 1852, C. J. Brenham; 1853, C. K. Garrison; 1854, S. P. Webb; 1855, J. Van Ness.

*Presidents of the Boards of Supervisors.*—1856, G. J. Whelan, 1856, E. W. Burr; 1859-61, H. F. Teschemacher.

*Mayor of the City and County.*—1861, H. F. Teschemacher.

For further details, reference is made to the volume of "*Municipal Reports*" for 1859-60, pages 177 to 185.

"the Pueblo could acquire no right or title to the ocean or bay; and, consequently, according to the laws of its foundation, the four leagues of land would be taken in a prolonged instead of a square form." This high authority would therefore fix the southern boundary of the Pueblo claim at the Sanchez Ranch, extending into the present county of San Mateo. (See Map accompanying this volume.)

### Annual Municipal Expenditure.

The *City* of San Francisco was, for the first time, incorporated by the Legislature in May, 1850, the organization of the *County* having been effected in the month previous, by the election of a Sheriff and other officers, thus establishing two distinct systems of government. During the six succeeding years, the charters and other local laws were repealed and amended over and over again, but apparently all action failed to check the career of reckless extravagance that rapidly dissipated the wealthy estate which had belonged to San Francisco, as well as bequeathing to us a debt amounting to several millions of dollars. At length, the Legislature detached upwards of five sixths of the territory—from which the present county of San Mateo was created—and, at the same time, united the governments of the city and county of San Francisco. The Consolidation Act took effect on the 1st day of July, 1856. Under its stringent provisions, our municipal affairs have been administered with energy and fidelity, and a thorough reform has resulted. The enormous outlay consequent on the *dual* system of government has been entirely abolished or seriously reduced, while the checks upon lavish expenditure were so well devised as to defy evasion, and the contraction of debts has been inhibited. The financial history of all this is sufficiently indicated in the subjoined exhibit of the *Aggregate Annual Expenditures* of the City and County of San Francisco, from 1850 to 1861—since the first legislative organization of the Government—*exclusive* of the sums paid in liquidation of the principal and interest of the Bonded Debts:

To the eleven years' total, \$11,282,401, may be added \$2,269,927, paid towards the Funded Debts, and the amount collected for the State of California, which will increase the aggregate to *sixteen millions of dollars!* For the past five years, as contrasted with the previous six, must be deducted the expenses of the departments of the Sheriff, the County Clerk and the County Recorder (\$70,000 annually), the fees

and emoluments of these offices being now paid into the treasury. During the same period, large amounts have been disbursed in liquidation of debts contracted prior to the 1st of July, 1856.

### Annual Revenue:

The following is an exhibit of Receipts from State and City and County Taxes, Licenses, Stamps, etc., collected in San Francisco during the eleven fiscal years ending the 30th day of June, 1861:

In addition to the above sources of revenue, may be enumerated the receipts from Fines, Rents, Harbor-Dues, and Fees collected by the Sheriff, the County Clerk, the County Recorder, etc.

### Topography, Taxation and Assessments.

The legislative limits of the City and County of San Francisco are co-extensive being bounded on the north and east by the bay, on the south by the county of San Mateo, and on the west by the Pacific ocean. The southern boundary line separates townships numbers *two* and *three*, running due west from the bay to the Pacific. The city and county may be considered nearly square, averaging six and a half miles each way, embracing an area of 42 square miles, or 26,861 acres, of which 5,000 are within the former city charter line; 8,000 are capable of cultivation, 7,861 are rocks, drifting sand and water; 4,500 are adapted for pasturage, and 1,500 within the Presidio reservation. Of the 8,000 acres outside the charter line and capable of cultivation, there are planted, in potatoes, about 1,200 acres; in market gardens, 600; grain and grass, 800; fruit trees, 200, and in untilled lands 5,200 acres. The subjoined tabular form gives the amount of the Assessments, together with the rates of Taxation, for the twelve fiscal years, since the first organization of our local Government:

The actual value of the taxable property is much more than the amount the returns of the Assessor would indicate, a statement conceded by those who are at all familiar with the subject. It is equally well known that real estate bears considerably more than its rightful share of taxation, as compared with personal property. This is attributable to the difficulty experienced in ascertaining the amount and value of personal estate liable to assessments, and it is one of the causes which prevail of estimating landed property below its true value. (When contrasting these years, it should not be forgotten that, prior to 1856, the present county of San Mateo, containing 155,000 acres, formed a portion of San Francisco.) High, very high, as the rates of taxation have been with us, ours will compare favorably with New Orleans, Mobile, Brooklyn and other Eastern cities. But the fact should not be lost sight of, that in San Francisco the difference between the assessed and the actual value of the property may be averaged at about one third. It follows, that if property were assessed at its fair value, the diminution of rates would be in like proportion. The steady increase in our population, the annihilation of fraudulent land titles, the successful inauguration of the Market Street Railroad, with the daily requirements of trade and commerce, have, during the past year, given a very perceptible impetus to investments in real estate. All these, with a continuance of our present economical system of municipal government, will enhance the value of property, and thereby increase the amount of the assessment roll, insuring to us hereafter, a very decided reduction in the rates of taxation.

### Bonded Debts of San Francisco.

On the 1st of May, 1851, the outstanding indebtedness of the city, bearing interest at the rate of 3 per cent. per month, was estimated at about \$2,000,000. By an act of the Legislature, passed May 1, 1861, a commission was appointed to issue bonds redeemable in 20 years, bearing an annual interest of 10 per cent., payable half-yearly in San Francisco. These bonds the Commissioners were authorized to give in exchange for the indebtedness of the city contracted prior to May, 1851. As an inducement to parties holding the 3 per cent. per month warrants or scrip to make the exchange, the Funding Act stipulated that the sum required to meet the interest, and also \$50,000 annually as a "Sinking Fund," should be a lien on the general assess-

ment roll of the city, and the Treasurer was forbidden, under penalties, to make any payment from moneys received for taxes, until the full amount required by the Commissioners should have been paid to them. Under this stringent law the Commissioners succeeded in calling in the sum of \$1,635,600, for which they issued bonds, but of which a very considerable amount has been since redeemed.

The statements already given would not be complete without an exhibit of our funded indebtedness, which forms so large an item in the rates of taxation. The following is a correct abstract of the San Francisco Bonds now in circulation, with the rates of interest, dates of issue and maturity, etc. :

Total Amount of Bonds in Circulation.....\$3,139,400

That this amount is large, is true; but it fortunately is not so large as to alarm us. It must be borne in mind that these bonded debts form an integral portion of the early history of the city. The discovery of gold brought hither an immense population; their accommodation and the requirements of commerce created an immediate necessity for a city upon the Northern Pacific, and the obscure cove of Yerba Buena was selected as its site. Works of absolute necessity had to be contracted for at rates exorbitant, almost incredible; the wages of labor, the cost of materials and the interest of money, far exceeded all former precedent. The work of years was compressed into the labor of months; and to carry through these vast enterprises involved indebtedness to which the incoming taxes were inadequate. The municipal revenue had to be anticipated, and warrants were issued. Added to all this, the inflammable nature of the buildings subjected us to conflagrations which frequently desolated the city. Public offices were occasionally filled by men neither competent nor reliable; unbridled extravagance and the confusion of our revenue system were among the consequences, *as are these bonded debts*, which, notwithstanding their magnitude, can, with ordinary prudence, be liquidated before the period prescribed by the Statutes. By an act of the Legislature, approved April 19th, 1861, the Board of Supervisors were authorised to take and subscribe \$300,000 to the capital stock of the San Francisco and San Jose Railroad Company. This act was subsequently ratified by a vote of the people. Bonds will be issued from time to time, in sums of \$500 and \$1,000 each, payable in fifteen years, and will bear interest at the rate of seven per cent., the coupons payable in San Francisco. In 1866, and every year thereafter, a tax shall be levied for the purpose of raising a fund for the liquidation of these Railroad Bonds. A tax of one dollar upon each \$100 of the assessments is levied for the current year, to pay the interest and to provide for the Sinking Funds of the several Bonded Debts, and is known as the "Corporation Debt Fund."

# PROGRESS OF THE CITY.

## POPULATION, 1861.

Believing that the National Census of the City and County of San Francisco, completed during the year 1860, did not truly represent the number of our population, and at the urgent solicitation of numerous patrons of this work, the following exhibit, has been carefully prepared from the returns of the different canvassers engaged in collecting information for the present volume. The plan adopted to obtain the necessary data, was the same as that so successfully carried into effect in the months of April and May, 1859, the results of which were published in the San Francisco Directory of that year, as follows: "To arrange and classify each sex in three divisions, viz: *MALES*; *First Class*—the head of each family and members thereof, over twenty-one years of age; *Second Class*—those between five and twenty-one; *Third Class*—those under five years of age. *FEMALES*: *First Class*—those over eighteen years of age; *Second Class*—those between five and eighteen; *Third Class*—those under five years of age. Also, to collect such other information as would furnish an approximation of the different elements composing our population not included in the foregoing classifications."

(a) The number of names in the present volume is nearly thirty thousand, of which nearly three thousand are composed of non-resident partners, of firms doing business in this city, Females, Chinese and Colored.

(b) This is from actual count, and is composed of a class of population who have no permanent place of abode.

(c) This estimate has been arrived at by careful investigation. Number of hotels and lodging houses in the city, 840.

(d) The number at Fort Point, Alcatrazes and Presidio in June last.

(e) This amount is composed of persons sailing from this port, who have shipped from this city.

(f) This number has been obtained from actual enumeration.

\*The official returns place the number at 56,805, a discrepancy as likely to exist in copying the census as in making our classification.—EDITOR.

An examination of the foregoing table exhibits at a glance a vast difference between the population of this city and county, as there stated, and as found by the National enumeration made last November, the official return of which presents an aggregate of 56,805. A dissection of the data upon which our enumeration is founded will confirm its correctness and satisfactorily prove the inaccuracy of the Federal census after making a liberal allowance for the increase of population in the interval between the two periods of enumeration.

It will be observed that our register of names includes nearly 30,000, of whom 27,000 are white males over twenty-one years of age. There is, also, a class which, in San Francisco, has always been numerous, who may be termed for the occasion municipally nomadic, who are residents but who, either from frequent change of abode or other cause, refuse to give name and residence, and hence are not registered, although permanent residents in this city. We have spared no pains to obtain an approximation to the actual number of such, and have not over-stated it. When we inform our readers that San Francisco contains three hundred and forty hotels and boarding houses they will not be disposed to question the accuracy of our figures, which assigns 4,100 as the number of boarders, over and above those regular residents whose names are registered as inmates of these establishments. The figures which make up our aggregate need no further explanation than our statement that they have been arrived at by the exercise of careful industry, with an anxious desire to avoid error.

We might further fortify our returns by alluding to the number of dwellings and other data, but we feel that we have presented sufficient facts and suggestions to enable any intelligent gentleman to arrive at a just conclusion upon this subject. We shall, therefore, close by giving our patrons the result of our own reflections, after a

careful review of the figures presented, not only by ourselves but by the United States census, and this is, that San Francisco possesses at this writing nearly 75,000 permanent inhabitants and a floating population of nearly 10,000.

### CITY IMPROVEMENTS.

During no year in the brief history of San Francisco has so much enterprise been exhibited in opening, grading, planking and paving streets, and in the erection of buildings, as has been shown by the works completed or in progress during the present season. By the courtesy of our efficient Superintendent of Streets, Mr. George T. Bohen, we have been able to visit the principal points in the City, in which heavy street-work is in progress, and to examine the archives of his office for such information as we desired to obtain in regard to his important Department. It requires actual observation to realize the immense amount of grading and other thoroughfare work in progress, and the collateral improvements which are induced by it. The celerity with which long rows of houses spring up upon streets just made accessible, is truly wonderful; and the fact that they are tenanted as soon as they are fitted for occupancy, shows most conclusively that this is a healthy enduring progress demanded by a rapidly increasing population, and is not the result of any mere speculative and transitory movement. An examination of Mr. Bohen's semi-annual report, made up to June 1st, 1861, shows the completion within that time of 323,491 cubic yards of grading, 84,000 square feet of macadamizing, 363,300 feet (board measure) of planking, 30,000 feet capping, 101,700 feet of paving, beside side-walks, crossings, sewer-ing, etc., etc., and a total expenditure for the whole work completed within the six months of \$130,576. This is exclusive of considerable work done immediately by property-holders, which will probably swell the sum for street improvements to over \$150,000 for that period. The work in progress, or recommended, and which will soon be put under contract, comprises the complete macadamization of Market street, a portion of which has been already done. The great hills at either end of Mason street are rapidly disappearing, and in a short time this pleasant street will be fully opened from Market street to the North Beach. Taylor street has also been extensively improved, and sidewalks from Post to Ellis constructed. Turk street is graded from Mason to Jones, save one square. South of Market the work in progress is particularly worthy of mention. Both Fourth and Fifth streets are nearly or quite opened from Market to Brannan. Simmons (Sixth street) will shortly present a similar condition. Harris, or Seventh street, is the direct route to the Yerba Buena cemetery, and is rapidly being graded, and on Fourth street the planking from Brannan to Bryant street is under way. The cutting through of Howard street is in rapid progress, and soon this beautiful avenue will afford another road to the Mission. Some embarrassment has been experienced in sewer-work this season, owing to the scarcity of cement, which has retarded several important jobs. On Harrison street, from Third to Fourth, and Bryant, between the same streets, the work of grading, sewer-ing and planking is in progress. The work on Folsom street, from First street to the Water Front, and the long delayed repairs on Stewart street, will shortly make Folsom a most desirable route to the wharfs in that part of the city. In the north part of the city the cutting through of Mason street already mentioned, the grading of Vallejo from Powell to Mason, of Union from Mason to Larkin, of Filbert from

Powell to Jones, of Greenwich from Powell to Taylor, of Lombard from Stockton to Taylor of Taylor north from Pacific, of Stockton north from Greenwich, and of Chestnut from Dupont to Mason, is progressing or under contract. Through Powell street a good brick sewer has been built, and a brick sewer is in course of construction on Francisco street from Stockton west. We have only attempted to direct attention to the principal work under the charge of the Superintendent, which may be easily guessed when we state that that officer has, within a brief period, sent in to the Board of Supervisors recommendations for over two hundred street improvements. The Superintendent is opposed to laying down any more plank where it is practicable to substitute paving with cobble-stone; he also urges the adoption of a species of concrete upon the pavement where there is heavy wear and tear, formed by macadamizing with the common red stone from the Mission, and rolling it with a free application of water until it fills the interstices of the cobble pavement. There are various other suggestions of this officer worthy of more particular note, but we are restricted for room, and must close this branch of the subject by remarking that the faithful discharge of the duties belonging to this office involves herculean labor and the exercise of no small portion of patience.

The effect of the improvements adverted to upon the value of property has been very great, and in the north part of the City, where real estate has so long been very sluggish, it is especially observable. We noticed a 50-vara lot on Filbert, near Mason street, for which the owner had just refused \$10,000. A few months ago it could not have been sold for \$3,000. The owner's assessment for grading in front of his lot, and for bringing his property to the grade, had been about \$1,200. This is only one of the numerous instances of a similar nature, and we may now expect to see a revival of building in that hitherto neglected locality.

**BUILDING.**—We have elsewhere adverted to the tremendous impulse which the construction of the railroad through Market street, and the opening, grading and otherwise improving other thoroughfares gave to building, and the almost miraculous rapidity with which suburbs have been converted into city streets and densely peopled squares. But, while the outskirts have been thus visited with a surprising activity, the business portion of the city has, during the current season, presented a series of substantial erections, unexampled in extent and cost within a like term heretofore.

Montgomery street is especially noted for the extensive and elegant structures finished or in progress, for the adornment of that fashionable avenue, involving an expenditure, on that line alone, from Market street to Jackson, of nearly or quite one million of dollars. At the corner of Post and Montgomery streets, the magnificent edifice of the Masonic Order, seventy-five feet on Montgomery, by one hundred and sixty feet on Post street, is rapidly rising. The cost of this structure is estimated at \$150,000. The remainder of the square to Sutter street, back to Lick street, is the property of Mr. James Lick, who is covering the entire space (two hundred feet on Montgomery, by a depth of one hundred and sixty feet), with a brick building, divided into six spacious stores, and two smaller ones on Montgomery, and several stores fronting on Sutter street. In the center on Montgomery street, a wide entrance hall gives access to a dining room in the rear, and to the upper stories which will be arranged suitably for a mammoth hotel. The two stores at the southern end

of the building, each twenty-three feet wide, will extend through to Lick street, one hundred and sixty feet. The upper stories will be built around a court, which will secure air and light to the interior rooms above, and which will extend over a portion of the deep stores referred to. Rear and side means of ingress and egress are provided, so that for hotel purposes in this respect nothing may be wanting. This huge building will cost \$150,000. At the corner of Bush street, and on the site of the old Musical Hall, another massive building, also designed for a hotel, "The Occidental," is in progress, and to which an addition will be made when the leases expire on some lots to the south of the building now going up. The depth of the eastern portion of this building will be one hundred and thirty-seven and a half feet, the front on Montgomery street is about seventy-seven feet. The foundations of this substantial building are of stone laid in the most secure manner, and giving promise of the durability of time itself. This is the property of Mr. Donohoe. Further north, at the corner of Pine, another pile is in progress on the two 50-vara lots known as the "Russ property," which will also be put up in the most substantial manner, and in modern style. We also refer briefly to the extensive building at the corner of Sacramento and Montgomery, to make way for which Mr. Parrott demolished what were considered very substantial brick houses; to the enlargement of the great store of Guerin & Co.; to that of Mr. Bailey Sargeant's well-known "Bachelor's Hall;" to the re-building of the Lyceum, at the corner of Washington street, and the Metropolitan Theater, beyond. On the corner of Jackson street, adjoining the theater, a splendid building is in course of construction, by Mr. Platt, which has been leased by the authorities of the United States for the accommodation of the Federal Courts, U. S. Marshal, Commissioners, etc., etc., and which will be fitted up in the best manner for its destined purposes. But in all the principal streets piles of brick and creamy looking mortar beds show that vacant lots are about to be occupied, or that old, ill-furnished or frame structures are to make place for modern brick buildings. Among the most extensive of these is a block of eight stores, which, under the superintendence of Mr. Butler, the well-known architect, are in course of erection on Front street from Clay street north. Among the public buildings put up within the time referred to, is the very extensive structure at the corner of Bryant and First streets, destined as a Hospital, to be controlled by the Sisters of Mercy, the Church of the Advent, several school houses elsewhere described, and the Asylum for the Deaf and Dumb. A portion of the Hospital of the "Sisters" is to be devoted as a "House of Mercy" or "Magdalen Asylum." The site of this structure comprises four 50-vara lots, and is so elevated that from it a most extended and pleasing view is commanded of the Bay and its Islands, the adjacent coasts, opposite shores and of a large part of the city. The dimensions of the building are, one hundred and twenty three by seventy-two feet, five stories in height, with the main frontage on Bryant street. It is suitably divided for its intended purposes, and exclusive of a chapel, store-rooms, wash-rooms, and all the auxiliary apartments demanded by modern improvement, and the portion allotted to the Magdalens, will contain sixty-five apartments, all well lighted, thoroughly ventilated and supplied with gas and water. The whole cost of the building and ground will be about one hundred and twenty thousand dollars, of which ten thousand dollars were appropriated by the last Legislature especially for the Magdalen

Asylum. It will be finished for occupancy during the month of November, 1861. The erection of the building is confided to the charge of Mr. P. O'Connor, Architect, who has a corps of efficient mechanics employed in every branch of the work to be completed.

We cannot with propriety omit in this place a slight allusion to the numerous beautiful private residences, which adorn our city, several of which are of recent erection. A walk through Taylor street, over and around Rincon Hill, through Folsom, Mission, and other streets, will satisfy the curious, that our citizens, who have the means, freely expend them in the construction of tasteful cottages, or palatial mansions, in which architectural symmetry is not neglected. Amongst houses lately built, which are especially worthy of mention, are the residences of W. C. Talbot Esq., Folsom street, that of Mr. W. Greene's, at the Mission, designed by Stephen H. Williams, Esq., and the mansion of Mr. Jonathan Hunt, at the corner of Pine and Leavenworth streets, constructed according to the plans of Mr. Henry W. Cleveland, architect. There are several others, which we should like to refer to if our time would permit, but for the present this must suffice.

In the new constructions a want which has for a long time, we might say with propriety always, been painfully felt in San Francisco, has been measurably supplied. We allude to the erection of a medium class of residences, with pleasing surroundings, suitable for tenants of moderate incomes and of refined habits of life, but without the requisite means to secure homesteads.

A very large number of such houses have been put up within a comparatively recent period, and numerous families who have heretofore been huddled together in hotels and lodging-houses, have thus been enabled to supply themselves with the comforts of home, and to secure to their little ones the blessings of pure air and wholesome exercise.

In order to vindicate our assertion, that the progress of San Francisco in building enterprise during the year ending August, 1861, is unprecedented, and as comprising information valuable both now and hereafter, we have, at much labor and expense collected the data with which we close this article, to wit:

The number of new brick buildings erected, or rapidly approaching completion within the time named, are four hundred and forty-two, of which eighty-five are located on the southerly side and south of Market street, and three hundred and fifty-seven on the northerly side and north of that street. This is exclusive of buildings which have received extensive additions, as the Washington Market, Guerin's and many others; and a number of large buildings commenced earlier and which are still unfinished, as Grace Church at the corner of California and Stockton, the Hospital of the Sisters of Mercy, and others. The number of buildings erected of wood during this period is one thousand and thirteen, of which six hundred and forty-seven are situated on the southerly side and south of Market street, and three hundred and sixty-six on the northerly side and north of the great avenue. This enumeration does not include buildings which have been removed from one lot or street to another, nor the Church of the Advent, and several rows of houses commenced earlier than the time prescribed for our statistical comparison are also excluded. Thus it will be seen that fourteen hundred and fifty-five new buildings have been put up within the limits of San Francisco during the year ending August,

1861, and as under the general system adopted in this city, the upper stories of structures, the lower portions of which are intended for business purposes, are arranged either as private domicils or as extensive lodging houses; and as several of the great brick edifices to which we have made special reference are intended for hotels, it is easy to see that the accommodations for the "multitude" have been vastly increased, and living in San Francisco rendered more pleasant and inviting to the immigration which has given the impetus to the rapid development which we have endeavored to describe.

In the present unhappy state of public affairs East, from the evils of which our remote location has hitherto given us exemption, it is but reasonable to conclude that immigration of a desirable character will continue to seek our shores, if not prevented by any insane attempt to disturb the order of things now so happily existing on the Pacific Coast of the United States, and thus will be insured a continuance of the prosperity of our beloved city and State.

# GENERAL REVIEW.

## The Public Schools.

The Public Schools of San Francisco have been liberally fostered by her citizens, and their progress is watched with eager interest by a people fully alive to their importance. The year past has been remarkable, less for the increased attendance than for a series of improvements, perfected or in progress, which are destined to give greater efficiency to the system of education in these institutions, and for which we are indebted to the industry and faithful devotion of our worthy Superintendent and the Board of Education to their several duties. The re-organization which the present Superintendent and Board have introduced includes a more perfect system of classification, greater efficiency in teacher, a remodeling of the schools, and the adoption of a complete set of rules for the guidance of teachers and pupils, prescribing a uniform set of text-books, regular gradation of studies, promotion, etc. When the recommendation of the Superintendent for the consolidation of the Schools is fully carried out, the expense of tuition will be very considerably reduced and the classification more perfectly adopted, producing greater interest and ultimate prosperity. Another incident to the advancement at which we have hinted, is the erection of houses possessing all the modern conveniences for educational purposes, desirably located, and which have been built by means of the several loans authorized by the Legislature, amounting in the aggregate to \$100,000, in bonds sold to John Perry, Jun., at about ninety-two cents on the dollar.

When Superintendent Denman first entered upon the duties of his office, the Board of Education were in possession of only four houses belonging to the Department, but within the last eighteen months there have been erected or purchased the following additional buildings:

### School, Edifices.

**HIGH SCHOOL BUILDING.**—This edifice was fully noticed in our last volume. Since then a bell has been presented by H. W. Hooper & Co., of Boston, which will soon be placed in its belfry.

**MISSION DOLORES SCHOOL HOUSE.**—This is a

commodious building in Mission street, between Fifteenth and Sixteenth street, in which 250 scholars can be taught. The cost of building and lot is \$7,600.

**RINCON PRIMARY.**—This large school house is located in Vassar place, a retired street leading from Harrison, near Second street. It is complete in every modern appointment, cost with the lot and furniture \$11,656, and will accommodate 540 scholars.

**MARKET STREET SCHOOL.**—This is a neat two story structure, which will seat 480 pupils; cost \$9,545.

**POWELL STREET SCHOOL.**—This building, located between Jackson and Pacific streets, has been purchased by the Board, and altered to suit the requirements for the Primary Department in this populous part of the city, which have hitherto been too much restricted.

**HYDE STREET SCHOOL.**—This building has also been purchased, and with the additions and alterations has cost \$5,000.

**NEW GRAMMAR SCHOOL.**—This is a huge building at the corner of Mason and Washington streets, which probably possesses interior conveniences and a general adaptation to its purposes sufficient to atone for the total absence of external attraction. The total cost of this building, furniture and site, was \$30,800.

### SCHOOL STATISTICS.

**PRIVATE EDUCATIONAL INSTITUTIONS.**

To a large portion of those among us whose feelings even are enlisted in the absorbing subject of education, but whose attention has naturally been mostly directed to the public schools, a glance at the facilities for education among us, other than those provided from that source, cannot fail to be productive of surprise at their magnitude and variety.

The patriot and statesman, whatever his creed, must find abundant cause of gratulation in the fact that in a city which has sprung into metropolitan importance within a period less than the primal ages of individual humanity, under the forcing influence of a devotion to wealth and facility for its acquisition never before known in the world's history, the population have yet found time, and exhibited the liberality and self-denial requisite to provide for the intellectual wants of their immediate and remote posterity. If the other communities on the Pacific make any reasonable approach to the energy of their great commercial emporium in this regard, the future of the American population of the western slope of the continent can be safely prognosticated, and freedom, in its true social and political acceptation, will be its heritage. As the most important in point of numbers and resources, we shall first direct attention to the

**CATHOLIC SCHOOLS.**

**ST. IGNATIUS COLLEGE.**

In this institution, located on Market street, between Fourth and Fifth streets, the liberal studies are pursued under seven professors, at

the head of whom is Rev. A. Maraschi, S. J. The college was chartered in 1859, under the direction of the Fathers of the Society of Jesus, and now has one hundred students.

**SAINT MARY'S SCHOOL.**

This school is for boys, and meets in the basement of Saint Mary's Cathedral, and is conducted by Father Harrington, aided by six other teachers and a member of monitors, who receive compensation. The number of pupils connected with this school is 560, and the average attendance 320.

A thorough English course is taught here, together with mathematics, the French and Spanish languages. Classical studies may likewise be pursued with peculiar advantage if so desired. There is a nominal charge of one dollar per month for each primary scholar, and of fifty cents additional for the higher branches, to those attending the school, but it is not exacted except in cases where ability and willingness unite in making the payment. As this is a regulation common to the Catholic schools, male and female, in the city, it will not be necessary to repeat it in referring to the others.

**SCHOOL OF ST. FRANCIS.**

This is also a male school, conducted in the basement of the Church of St. Francis, on Vallejo street. The number of pupils is 260, with an average attendance of 170. The course of studies is the same as in St. Mary's School.

**SAINT MARY'S COLLEGE.**

This institution is intended to accommodate from one thousand to twelve hundred pupils, and is especially intended to afford facilities for education to male children in various portions of the State, deprived of any local opportunities of instruction, though, of course, it will not be confined to them. The only charge for a complete course of studies, embracing a classical course to fit the student for the university, board, lodging, washing, etc., will be one hundred and fifty dollars per annum. It is anticipated that the large attendance will make the institution self-sustaining, even at this low rate. Twenty-five thousand dollars has already been collected for the erection of buildings, and the plans have been adopted and the contracts made for their construction. The site originally contemplated for the college was a block of six fifty-vara lots, bounded by Larkin, Grove, Hayes and Polk streets, but it has been decided that this is a plat altogether too limited for the extensive plans contemplated, and Archbishop Alemany has allotted to the purpose a tract of sixty acres, originally intended for a cemetery, situated near the south line of the county, on the old San Jose road, and within six blocks of the line of the San Jose railroad. The work will be commenced as early in the spring as possible. It has been retarded for the want of brick, but this difficulty surmounted, it will be pushed to completion with great rapidity and it is hoped will be in successful operation within eighteen months from this time (August, 1861.)

**SCHOOL OF THE SISTERS OF PRESENTATION.**

This is a large female School conducted by the Rev. Mother Superior and fifteen Sisters of Presentation, at the Convent on Powell street. The number of pupils belonging to the School is 520, and the average attendance 350. The studies embrace a full English course, vocal and instrumental music, French and embroidery. An examination recently concluded elicited high commendation for the Sisterhood as teachers, won by the intelligence displayed by the little ones under their charge. The pile of buildings devoted to this purpose constitute a feature of the northern part of the city, from the extent of ground occupied by a prominent avenue. The cost of these buildings was over \$50,000, of which about \$25,000 was recently expended in the construction of the north half, and of which sum a large portion is still unpaid and is an incumbrance which the liberality of our citizens will not suffer long to hang over so useful an institution.

**SCHOOL OF THE SISTERS OF CHARITY.**

This is a female day-School on Jessie street, under the direction of Sister Frances McGinness and ten other Sisters of Charity, who are also in charge of the Roman Catholic Female Orphan Asylum on Market street. The number of scholars belonging to the School is over five hundred exclusive of two hundred and fifty orphan children in the Asylum. The course of studies is the same as in the School last mentioned, and the noble ladies who conduct it have established a high reputation for ability and devotion to their self imposed duties. As this School is supported by voluntary contributions, it appeals directly to the liberality of the generous and charitable in our midst.

In addition to the foregoing the Sisters of Mercy have also a female School under their charge for children thrown upon their care, at which instruction in primary English studies is imparted, and the pupils are taught to be useful in the discharge of household duties. The only remaining Catholic institution of learning to be mentioned is

**ST. THOMAS' SEMINARY.**

This Seminary is for the pursuit of clerical studies, and was commenced at its present place (Mission Dolores) in 1854, although prior to that time a few students pursued their ecclesiastical studies at the residence of the Archbishop. The number of students is now fourteen, and seven have been ordained who were educated at the Seminary.

**OTHER CITY COLLEGES AND SCHOOLS.****YOUNG LADIES' SEMINARY.**

Rev. Peter S. Williamson and lady conduct a School at 629 California street, commenced by them nine years ago at the same place. There is an average attendance of about forty pupils who, in addition to the English branches, are taught French and music.

**LADIES' SEMINARY AND GYMNASIUM.**

This institution is conducted by Miss J. Aldrich, assisted by excellent associate teachers,

who have already established for it a high character, which must command for it permanency and success. It is about to be removed to a new building constructed expressly for Miss Aldrich on Stevenson street, and numbered 124 and 126. The lower part of the building is fitted up with a large hall for gymnastic exercises, reception rooms, bath rooms, etc., and the upper divided into recitation and class rooms. This establishment offers great facilities in gymnastic exercises and instruction to ladies generally who may desire to avail themselves of them.

**CALIFORNIA COLLEGIATE INSTITUTE.**

This is the name of an admirably arranged and conducted female school, of which, Mrs. M. B. Swedenstierna, is Principal, assisted by Mrs. Goodridge, and three other ladies, with music and dancing masters, and instructors in languages. The average number of pupils is 63, of whom nearly one half are boarding scholars. The course of instruction is very complete, and gymnastic and calisthenic exercises are not omitted. The location is on Silver street near Third, and the building large, pleasant and well adapted to the purpose for which it is used.

**UNION COLLEGE.**

This institution is located on Second Street near Folsom, and is under the direction of Messrs. Dupouey, gentlemen well known for their experience and ability as teachers, especially of mathematics and the classics. There are about 65 pupils in attendance, a number of whom are from Mexico. The system of school government adopted here is most admirable, and its efficiency is fully exemplified in the discipline and progress of the students.

**CITY FEMALE SEMINARY.**

This is a well conducted School in which from forty to fifty young girls are enjoying the advantages of a thorough course of instruction by the Rev. Charles R. Clarke, and a sufficient corps of assistants. The school room is in the basement of Calvary Church, which has been properly arranged for the purpose and where it will permanently remain.

**CITY COLLEGE.**

The Rev. Doctor Burrows, the President of this College, commenced his educational labors in this City in November, 1859, in the basement of Calvary Church, with four pupils, the germ of the present firmly established and successful institution, which now numbers 127 students. The present location of the College is on a fifty-vara lot at the southeast corner of Geary and Stockton streets, upon which two buildings have been erected; one combining all the requisite auxiliaries used for purposes of general instruction and the other as a chapel. The faculty embraces six professorships in addition to a provision for elementary instruction for young scholars. The City College is destined to take high rank among the educational establishments of the Pacific.

**HEBREW SCHOOLS.**

There exist two schools for religious instruction for Hebrew children in this city.

## THE NEPHTSI-BAH SCHOOL,

At the school house on Sutter, second house from Stockton Street, under the management of Dr. Julius Eckman, was opened July 26th, 1854. At this school, children are taught the Hebrew, and the principles of the Hebrew Faith. It is supported by parents and voluntary subscriptions. The Nephtsi-bah School has its regular Sabbath and Holy-day services with a prayer-book in English and some portions in Hebrew, prepared for the special use of this school, the only publication of this kind known for Hebrew children. The school also has published a Hebrew and English vocabulary for the Hebrew prayers.

## THE EMANUEL RELIGIOUS SCHOOL,

Under the management of Rev. Dr. Elkan Kohn, teaches the Hebrew and the principles of the Hebrew faith. It is supported by the Synagogue Emanuel. The average number of children attending each of these schools is about one hundred and twenty. Both teach children of the poorer classes gratis.

## STATISTICS.

The number of Hebrews of San Francisco cannot be approximately stated. Probably they number from 5,000 to 8,000 souls.

To judge from the great increase of pupils of the religious schools they must have increased considerably since late years. The number of children attending religious instruction in 1854, was from 40 to 50, while the two schools now count about 250 children, besides a number that receive private instruction or none at all.

## THE INDUSTRIAL SCHOOL.

This is a public institution of a correctional and reformatory character, for youthful offenders and refractory children. It is supported by a monthly stipend of \$1,000, from the City, and annual contributions of gentlemen who form the "Department." There are about thirty children in the school, principally boys, and their scholastic instruction is entrusted to a teacher appointed by the Board of Education.

The foregoing embraces the most of the schools now in operation in the city, but there are a number of others principally devoted to primary studies which we have been unable to visit, and which in the aggregate afford elementary instruction to several hundred children, male and female.

The aggregate thus exhibited we think fully sustains the proposition that education is of cardinal consideration in our good city of San Francisco.

## UNIVERSITY OF THE PACIFIC.

*Medical Department.*—Faculty: J. Morison, M. D., Professor of Pathology and the Principles and Practice of Medicine; Isaac Rowell, M. D., Professor of Chemistry; R. Beverly Cole, M. D., Professor of Obstetrics and Diseases of Women and Children; E. S. Cooper, M. D., Professor of Anatomy and Surgery; L. C. Lane, M. D., Professor of Physiology; Henry Gibbons, M. D., Professor of Materia Medica; Hon. Geo. Barstow, Professor of Medical Jurisprudence.

Location of the department, north side Mission street, between Second and Third.

**Societies Religious, Benevolent and Protective.**

Our Appendix contains a full list of charitable associations and organizations established for the benefit and improvement of every class of humanity requiring aid and encouragement. Copious explanations and historical observations, in the Appendix, give the desired information concerning each of these societies separately, and leave but little to be said in this place, except of a general nature. It is, however, meet and pleasing to note the continued and regular increase in the number and importance of these indices of modern christian civilization in our midst. In the earliest phase of its American occupancy, steps were taken in San Francisco, by planting schools and by incipient organizations of a charitable character, to vindicate our right to the name of a civilized and christian people, and, in the tremendous whirl of the first gold excitement if organization was necessarily for the time destroyed or suppressed, the land teemed with instances of individual charity, and of local and temporary combinations to aid the needy, which have had no parallel in number and extent in any other land. When again men settled into regular business, and San Francisco began to assume the proportions of a metropolis, her citizens, fully conscious of the duty which society owes to God and itself, to cherish its unprotected members—too young or too feeble from any cause for self-support—cheerfully entered upon the course necessary for its performance.

A glance at our earliest issue of the DIRECTORY and a comparison with each succeeding volume, will show how faithfully this holy duty has been discharged. All who feel a just pride in the progress of our city, who have gone with us through our Schools, public and private, our Churches, Hospitals, Orphan Asylums, Deaf and Dumb Institution, Magdalen Asylum, Christian Association, Bible and Tract Societies, Seamen's Friend Society, Sunday Schools, Industrial School, and the many other institutions which we have not room to name here, cannot fail to arise from the contemplation with hope invigorated, and confidence firmly established in the future of a city which, in its infancy, has done so much for humanity.

## SABBATH SCHOOLS.

The Sabbath Schools connected with the different churches are in a prosperous condition.

Through the politeness of John F. Byxbee, Esq., we are enabled to present the following:

**SABBATH SCHOOL UNION.**

The Union was re-organized May, 1857. The anniversary was held on the 16th of June, 1861, in Platt's New Musical Hall.

The eighteen Sunday Schools now comprising the San Francisco Sunday School Union, are in an encouraging and prosperous condition, affording great cause for present thankfulness and encouraging renewed efforts for the increase of the numbers, efficiency and usefulness of these, the nurseries of the Church on earth.

One addition to the Union has been made during the past year: The North Beach Mission Sunday School.

Two withdrawals, viz: The Olive Branch Baptist and Dupont Street Methodist E., both schools disorganized.

**OFFICERS**—President, S. B. Stoddard; Vice-Presidents, L. B. Benchley, Wm. H. Coddington, J. B. Roberts; Secretary and Treasurer, John F. Byxbee.

The following returns to July 1st, 1861, exhibit the number of teachers and scholars attending the different schools comprising the Union:

**EPISCOPAL MISSION SUNDAY SCHOOL.**—Organized February, 1858. *Officers*—Superintendent, W. G. Badger; Treasurer, John W. Haynes; Secretary, John Madison; Librarian, John Carter. Meetings held at the Bethel Church, Mission street, every Sabbath morning at 9 o'clock. Number of scholars, 400; teachers, 40. Volumes in Library, near 2,000.

For a detailed statement of the different Sunday Schools, see appendix, Churches p. 466.

**The Cemeteries of San Francisco,**

Adjoining the venerable adobe church of the Mission Dolores is the ancient

**MISSION BURIAL GROUND.**

This sanctuary of the dead was consecrated A. D. 1776, and in September of that year the first

interment was made by the pious Fathers who selected this portion of the peninsula for their missionary labors, and who have given a name to a great metropolis and to the magnificent bay which seeks the ocean through a golden passage. As a record of mortality from those early days through the term of spiritual dominion down to a period almost contemporary with our present work, this sacred spot will always be a place of earnest interest. An examination of its varied monuments and inscriptions—some in English, some in Latin, a few in French, and more in Spanish—will long afford matter for much curious and instructive reflection.

The ground occupied by this sanctuary of the dead is known as block No. 84, and its restricted space has compelled the Archbishop to make a more suitable provision for the requirements of the very numerous and rapidly increasing membership of the Catholic Church in this city and vicinity. Accordingly a large tract of land has been procured for the purpose and dedicated as Calvary Cemetery, of which mention is made hereafter. Thus interments have in a great measure been suspended at the Mission Cemetery, and the spot will henceforth be preserved and protected as *historical* as well as "Holy ground."

The early "Homes of the dead" of San Francisco other than that of the Mission just described, were found upon the summit of Russian Hill, where, in 1847, a few scattered graves were made; the southerly slope of Telegraph Hill, upon which, in 1848, some sailors and native Californians were buried; and a fifty-acre lot on the southeast corner of Powell and Lombard streets, used for the interment of a number of pioneer immigrants. The bones of the mouldering occupants of these unconsecrated precincts, disturbed by the march of population, have nearly, or perhaps all, been removed to more sacred and remote places of repose.

In February, 1850, the gore bounded by Market, Larkin and McAllister streets—embracing an area of sixteen acres—was set aside for burial purposes, and named

**YERBA BUENA CEMETERY.**

The season which followed the opening of this "city of the dead" was one of pestilence, and it became almost as populous as the living city which made it what it was. Before Lone Mountain Cemetery was fully opened seven thousand bodies had been deposited in this burial place, but it soon became apparent that the expansion of the city in that direction would make Yerba Buena as delusive a "last resting place" as the earlier, though unhallowed spots it had succeeded, and it accordingly ceased to be used.

Admonished by the gigantic strides with which improvements were progressing, the city authorities have obtained legislative sanction to the expenditure of ten thousand dollars in the removal of the dead from this cemetery and its conversion into a park, which is to be ornamented and kept open as one of the breathing places

of the Pacific metropolis, instead of serving as a receptacle of its dead.

#### LONE MOUNTAIN.

In 1854 a body of citizens, since incorporated, procured an extensive tract of land not far from the foot of a lofty hill, about three miles from the Plaza, known as Lone Mountain, which suggested the name of the Cemetery for which this ground was dedicated. By judicious management the natural beauty of this truly rural and picturesque location has been preserved in the necessary changes required to adapt it for the purposes desired, and make it available for its own support and improvement. Winding avenues, grassy lanes and devious paths, penetrating through the dense natural growth of dwarfish trees, opening here and there upon the mentees by which affection and veneration hallow the places of the hidden ones, or alluring to elevated spots from which distant scenes to which cities and villages, gardens and islands, the tranquil bay and the majestic ocean combine to give interest and delight, afford to the visitor a melancholy, yet delicious, enjoyment and ample reason to believe that the Lone Mountain is in point of attraction, to be classed with the most celebrated rural burial places of the older world.

#### HEBREW CEMETERIES.

The pioneer Hebrew Cemetery was located at the Lagoon, in the northwesterly portion of the city, but being extremely limited in extent, within the last year two new burial grounds, adjoining each other, have been opened near the Mission, situated respectively on blocks 86 and 87. The Navai Shalome (Peaceful Abode) has been purchased and opened by the Eureka Society; the Giboth Olam (Hills of Eternity), by the Synagogue She-areth Israel. L. Tichner, Esq., is the President, and Mr. Meyer Steppacher the Sexton of the former; M. Morris, Esq., President, with Mr. Jacob Reis as the Sexton of the latter. Both are provided with brick dead-houses, and otherwise ornamentally fitted out.

#### CALVARY CEMETERY.

This is located upon an extensive piece of land purchased by the Archbishop adjoining the Lone Mountain Cemetery. It has only been dedicated about one year, and the improvements are of course limited. A neat chapel has been constructed, and the grounds fenced in, and as means are realized and time permits, the grounds will be ornamented and the entire space laid out and made accessible.

#### ROUTES TO THE CEMETERIES.

The last Legislature granted privileges to two Companies for the construction of macadamized roads which will give access to Lone Mountain and Calvary Cemeteries, one of them from Bush street and the other from Pacific. A very excellent road also extends to both of them from Mission street through Hayes' Valley, which is known as Cemetery Avenue.

Visitors will perhaps find it the most convenient route to Lone Mountain, by the Market St. Railroad to Hayes' Park, whence an omnibus plies regularly to the Cemetery.

#### Associations, Literary, Protective, etc.

For a description of the different associations, the reader is referred to the Appendix, page 473, in which will be found the officers and operations of each during the past year. The progress made by many of these associations, reflects credit upon the members thereof, and is worthy of the liberality so generously exhibited in their support.

#### MASONS AND ODD FELLOWS.

The different associations connected with the Masonic Fraternity and the I. O. of Odd Fellows, are represented to be in a very prosperous state.

For list of the different associations, and the officers of each, see Appendix, page 483.

#### Fire Department.

The Department at present consists of 834 members—divided into 14 engine and 2 hook-and-ladder companies. For their accommodation there are 16 houses; and for service, 14 fire-engines, 14 hose-carriages, and two hook-and-ladder trucks. Two new and powerful steam fire-engines have been added to the Department during the past year. There are in the city 38 cisterns capable of holding 1,641,900 gallons of water—many of them substantially built of brick and cement.

We refer our readers to the Appendix, page 457, for a complete description of the organization of this important branch of the public service, in which will be found a mass of information concerning the different companies, useful to its members and interesting to every citizen.

#### Railroads.

The construction of this means of communication and transit has not kept pace with the other elements of progress which American enterprise has brought into requisition in California. The exceedingly high rates of interest which have heretofore ruled in our young, but rapidly growing, community, and the scarcity and consequent dearth of labor during the same period, sufficiently explain this apparent departure from the rule of progression which has so distinguished the people of California in almost every other respect. As, however, the aggregation of capital and population has either removed or reasonably modified these impediments, far-seeing and sagacious capitalists have secured such enactments as insure to the possessors of the franchises a reasonable prospect of successful investment, and busy labor is now rapidly engaged in building or extending railroads on important routes through the State. Upon this

enterprise San Francisco may be said to have now fairly entered, and as our book is entirely local in its purpose, we shall confine our remarks upon this subject to the works within the territory of our city and county, completed, in progress, or contemplated.

#### THE SAN FRANCISCO AND SAN JOSE RAILROAD COMPANY.

The company whose title we have just given was incorporated July 21, 1860, with a capital of \$2,000,000, for the purpose of building a railroad from this city to San José. The distance between the two cities is only fifty miles, but as the first link in the grand chain which, penetrating lofty mountains, spanning great rivers, and traversing the vast savannas and extended deserts of the American continent, is destined at an early day to connect the shores of the Pacific with the waters of the Atlantic, and to bind the States of the great East to those of the greater West, it assumes an importance and swells to a magnitude of consideration far beyond those involved in the immediate termini or the amount of capital directly required.

The entire route between the two cities named is under contract to Messrs. McLaughlin & Houston, who commenced active operations about the first of last May, and are now vigorously pushing the work, with a large force of laborers, in the counties of San Mateo and Santa Clara. During September of this year the contractors will commence grading in this county, and they expect, with great confidence, to have twenty-five miles of the road finished and in running order before the first of April next, and the whole completed and in operation on or before May 1st, 1863. Of the capital for this road, \$600,000 is subscribed by the three counties through which it passes, of which amount, three sixths is the proportion of San Francisco, two sixths of Santa Clara, and one sixth of San Mateo; and as the remaining \$1,400,000 required for the work, has been subscribed by parties, or satisfactorily secured to the contractors, there seems to be no reasonable doubt that this important public work will be finished within the time indicated.

Those best informed in regard to the route and the resources of the country crossed by this work, express the opinion that it is a most desirable investment of capital, while all must admit its importance as a means of developing the industrial resources of the State, and its great convenience and benefit to the traveling public.

The present Directors of the company are—Peter Donahue, C. B. Polhemus, H. M. Newhall, B. F. Mant, Timothy Dame, T. G. Phelps and G. H. Bodfish.

#### THE SAN FRANCISCO MARKET STREET RAILROAD.

This is the pioneer street Railroad of our city, and its progress and completion have exhibited to the most incredulous and prejudiced opponents of this modern city improvement, the immense advantages which accrue from its judicious ap-

plication. The charter for this road was obtained in 1857, but the work of grading was not commenced until May, 1859. The work was prosecuted so vigorously, that on the 4th of July, 1860, the experimental trip was made, and a few days afterward the trains commenced their regular travel. It was soon discovered that horses and mules as a motive power on this road were inadequate to the requirements of the public, and notwithstanding the company were restricted by their charter to the employment of animals, they hastened to apply steam, and the experiment proved so successful and so satisfactory that the late Legislature by a vote nearly unanimous legalized the change. This is, we are informed, the first successful application of steam as a motive power upon any omnibus city railroad (so called) in our country. With the exception of the rails, all the materials used in the construction and working of this road, are of California manufacture; and the elegance and completeness of the spacious cars used by the Company, inferior to none in our eastern cities, demonstrate most satisfactorily the ability of our mechanics to meet all requisitions of a like character.

The cars start from either end of the road every thirty minutes between the hours of 6:30 A. M. and 11:30 P. M. The distance from one terminus to the other being three miles, it will be seen that each train runs in the aggregate 102 miles per day.

It is shown by the books of the Assessor that the opening of Market street for this work enhanced the value of property along the line fully three hundred per cent., while the contiguous valleys which are made accessible by it, exhibit to the visitor familiar with those suburbs in times past, a change absolutely marvelous. With a celerity exceeding even California experience, and Aladin-like in its effects upon the imagination, a few widely scattered gardeners' huts have given way to villages, towns and embryo cities, where rural loveliness is found combined with the luxuries and conveniences of a great commercial emporium.

The officers of the Company are—President, Thomas Hayes; Secretary, S. C. Simmons; Trustee, F. L. A. Pioche; Directors, Thomas Hayes, Frank McCoppin, Peter Donahue, J. B. Bayerque, Henry A. Cobb.

#### OMNIBUS RAILROAD COMPANY.

Against an opposition of the most determined description the proprietors of the principal omnibus lines on what is known as the North Beach and South Park route, succeeded last winter in obtaining from the Legislature a specific grant of power for laying down rails through certain streets between the two portions of the city which are indicated by the name of the route above named. To overcome the strong resistance made to the privileges sought, those proprietors were compelled to associate with themselves a number of influential citizens and large property holders, and to accept the charter so far modified as to oblige them to pass through Sanson street, unless they can induce a majori-

ty of the owners of property on Montgomery street from Market to Jackson street (estimated by the front foot) to consent to the substitution of that street for Sansom.

As in other respects the franchise granted to the company which has adopted the above designation is substantially the same as those obtained by other street railroad companies authorized by subsequent enactment, we shall give as concisely as possible, its general features, as sufficing for all of them. The Act approved April 17th, 1861, grants to Michael Skelly, John Gardner and Thomas Donahue and associates, privilege to lay down and maintain a railroad, from the farther end of Third street, along Third to Howard, along Howard to Second, along Second to Market, along Market to Sansom, along Sansom to Washington, along Washington to Stockton, along Stockton to Union, along Union to Powell, along Powell to or near its northern end, and from the intersection of Sansom and Washington streets along Sansom to Jackson, and along Jackson to its intersection with Stockton, connecting with the main line at the intersections; and from the intersection of Market and Third along Third to Howard, along Howard to Sixteenth, along Sixteenth to its intersection with Dalores—with the privilege of the substitution of Montgomery for Sansom street on the condition already named. The fare allowed to be charged is five cents, with a proviso that for a single fare or ticket ten cents may be exacted. The limit of the franchise is twenty-five years, with privilege to the city and county to purchase, at any time after the expiration of fifteen years, the road, cars, etc., at an appraised valuation, which shall be exclusive of the value of the franchise. Two years from May 1st, 1861, is granted for completion, and a bond of \$30,000 required to be given by the grantee for the fulfillment of the conditions of the grant. The Company under the above grant have fixed the capital stock at \$1,000,000, divided into shares of \$100 each, and have organized with the following officers: Peter Donahue, Wm. A. Piper, Michael Skelly, Robert E. Doyle, John Gardner, A. H. Houston and Samuel P. Bowman, Directors, of whom the first named is President, the second Vice-President, and the third Treasurer, with John A. McGlynn as Secretary. The work will probably be constructed before the 1st of January, 1863.

**FOLSOM STREET RAILROAD.**—By an Act approved April 17th, 1861, Robert Allen, A. J. Bowie, John Center, and associates, are authorized to construct a road from the intersection of California and Montgomery streets, through California to Battery, along Battery to Bush, thence to the intersection of First and Market, thence along First to Folsom, along Folsom to Sixteenth, and through Sixteenth to the southern boundary line of the city and county.

**THE FREIGHT OR BATTERY STREET RAILROAD.** By an act approved on the same day as those of the two preceding grants. Charles M. Hitchcock, Joseph C. Tucker, William Sherman, and their associates, are authorized to lay a track or

tracks, commencing at the south end of Fourth street, thence through Fourth to Mission, through Mission to First, through First and Battery, and by the northern limits of the city, outside of Telegraph Hill, to the north end of Mason, through Mason to Union, through Union to Powell, through Powell to Broadway, down Broadway to Kearny, through Kearny to Geary, through Geary to Dupont, thence along Dupont and across and along Market to Fourth, and thence along Fourth to the place of beginning.

The above comprises all the acts for the construction of street railroads within our city now in existence, and from the peculiar topography of San Francisco embraces about all the streets which such a franchise will be desirable for many years to come. As each of these are deemed of great value, the roads will probably be completed within the period fixed in the respective grants unless by collusion, or otherwise, expensive and harassing litigation is resorted to, in order to delay or prevent their construction.

#### Savings Banks.

There are three of these institutions in San Francisco, which are conducted on the same general plan. In each deposits are received of sums apparently insignificant, but which aggregated constitute an important capital, and in numerous individual instances gradually swell to amounts constituting a competence for the depositor. The investments made by these banks are generally on bond and mortgage, and by a novel provision the security, sufficient in the first place, is rendered certain thereafter. This plan has also been found to operate favorably for the interest of the borrower who makes the proper arrangement to meet the requisition. This is simply to require with each monthly payment of interest a reduction of the principal to the extent of a monthly installment, whereby at the time fixed for the maturity of the loan, the debt has been extinguished by these gradual payments. The interest is adjusted so that the lender pays only upon so much of the original sum borrowed as remains in his hands. The first of these institutions which was organized upon this coast is the

#### SAVINGS AND LOAN SOCIETY.

Incorporated July 23, 1857. Office 619 Clay street. E. W. Burr, President; F. W. Herrick, Secretary. As this Society has just made up its eighth semi-annual report, we are enabled to present the facts and figures which prove it to be one of the most successful and prosperous moneyed corporations of which we have any record. The prodigious increase of the business of the Society is best exhibited by the following.

The amount to credit of the members for the first half year, \$21,521 98. Increase during the second half year, \$31,886 48; during the third half year, \$50,460 20; during the fourth half

year \$70,697 55; during the fifth half year, \$109,530 84; during the sixth half year, \$189,721 60; during the seventh half year, \$413,015 71; during the eighth half year, \$1,052,869 34, leaving, at the date of the last report, to the credit of its members, \$1,939,703 70. This large increase of funds for investment, and the determination of the Directors to prefer first class securities, has reduced the dividend for the past six months to one per cent. per month. The management of the Savings and Loan Society reflects high credit upon those who have it in charge, and its advantages to the masses can scarcely be estimated. By its means and under the admirable system devised, depositors are made perfectly secure, thrift is encouraged by accumulations of interest, small capitals are aggregated, and enterprise stimulated by the facilities thus provided. The savings of the laborer thus invested, also aid in producing a general prosperity in which he is himself a sharer, and doubtless it is a conviction of these truths, with confidence, in the fidelity of those in charge, which have obtained for this Society the unparalleled success of which we have spoken.

#### HIBERNIA SAVINGS AND LOAN SOCIETY.

Incorporated April 12, 1859. M. D. Sweeney, President; John Mel, Treasurer. This is also a very flourishing Society, and the last report exhibits a state of affairs which must be highly gratifying to those interested. The amount invested on mortgage was, in July, 1861, \$577,000, besides which there is a sinking fund and a considerable balance awaiting investment. The success and economy with which the business of the institution is managed, reflects high credit upon the gentlemen who are in charge of it.

#### FRENCH MUTUAL PROVIDENT SAVINGS AND LOAN SOCIETY.

This institution was organized February 12, 1860, and the same general remarks which we have made in reference to the other societies apply to this one. The names of its officers, which we subjoin, affords a sufficient guarantee that the affairs of this society will be faithfully administered.

Its last dividend was one and one eighth ( $1\frac{1}{8}$ ) per cent. per month, declared in February, 1861.

*Board of Administration*—President, J. Caire; Vice-President, N. Larco. Treasurer, B. Davidson, and A. Favre, C. Martin A. Weill, J. E. Castera, G. Drouaillet, G. Berger.

#### BUILDING AND HOMESTEAD ASSOCIATIONS.

Of these societies there are three in this city, all of comparatively recent formation.

The first one organized is known as the German Society, the plan of which is by a capital to be created by an original deposit of one hundred dollars from each member, and a subsequent monthly payment of ten dollars, to procure a large tract of land within the city upon which to erect for each subscriber a dwelling-house.

The next society we have to mention in this connection is the *Building and Loan Society*, which has been organized by a number of prom-

inent gentlemen, and which has in view the settlement of the unoccupied lands within the borders of the city and county, but outside of the old city limits.

The *San Francisco Union Homestead Association* was the last formed. Each member contributes ten dollars entrance fee, and monthly payments of ten dollars. The society is numerous, and is composed of enterprising and thrifty citizens, and its managers are taking active measures to carry out the purposes of the organization, which are substantially the same as those of the first named society.

#### INSURANCE COMPANIES.

The formation of Home Insurance Companies has attracted considerable attention during the past season, and already four different associations have been formed, and are now in successful operation; of this number, the California Lloyds and California Mutual, are for marine risks, and the San Francisco Insurance, and German Mutual, for fire only. In addition to these, there are over fifty Eastern and European Companies represented in this city, by reliable agents, a list of which may be found on pages 390 and 489.

*San Francisco Insurance Company*.—Organized March 20, 1861. *Officers*—President, E. W. Burr; Vice-President, C. O. Gerberding; Secretary, Geo. C. Boardman. Office 621 Clay. This is the first Fire Insurance Company organized in the State of California. Its capital of \$150,000 (*bona fide* cash), the sterling character of its well-known managers, and the conservative policy adopted by them, bespeak entire confidence in the Company, and promise them a high rank among the permanent institutions of the Pacific coast.

#### CALIFORNIA MUTUAL MARINE INSURANCE CO.

Organized, February 23, 1861. To arrest in part the flow of specie from California to eastern and foreign Insurance offices, and to retain in our own State the accumulations from premiums, as a fund whereon to base reliable security against the perils of the seas, are the objects of this Company. Ever since the introduction of commerce on this coast, our citizens have been dependent upon foreign underwriters for all their protection against marine disasters.

Meantime all attempts to establish local companies proved unsuccessful, because our Constitution and Statutes have prescribed that the stockholders of all corporations should be liable to make good *their proportion* of the Company debts. This has been variously construed to mean a *several pro rata* liability, or a *joint, and several liability* on the part of stockholders, a risk unknown to the laws of other States, and as unfavorable to the corporators in such institution as it is favorable to their creditors. Whatever it may mean, however, twenty gentlemen of known wealth and business integrity have at last been found who are willing to bear the brunt of the law for the sake of establishing the nucleus of a Marine Insurance Company, which should meet the wants of the insuring public,

and be based on such a footing as to secure careful management and gradual success. With these views this Company was formed. Its capital subscribed and paid up, or secured to be paid, is \$200,000. No dividend can be declared until such time as the assets shall have reached a figure double the amount originally subscribed. No money can be loaned to a stockholder. No stock can be sold or hypothecated without the consent of every stockholder, while the Company has the right to sell out the share of any stockholder whose solvency may at any time be questioned. Ten per cent. return on earned premiums is offered to the holders of open policies at the end of the year in lieu of the scrip return of Eastern Companies, while in case the assets of the Company should become exhausted, each stockholder is bound by law to make good *his proportion* of all the liabilities, thus affording to customers the actual security, not only of the corporate funds, but also of the entire private fortunes of the shareholders. It is therefore both a Company and a Lloyd's Office combined. The Company has now been in operation three months, during which their expectations of business have been fully realized. The success of the California Mutual Insurance Company is only a question of time.

See advertisement on page 505.

#### Spring Valley Water Works Company.

This company was incorporated in the month of June, 1853, in pursuance of an Act of the Legislature approved April 23, 1853. The capital stock is \$3,000,000, divided into 3,000 shares of \$1,000 each. *Officers*—President, Wm. H. Tillinghast; Secretary, Edward Mickle; Treasurer, Abel Guy; Chief Engineer, A. W. Von Schmidt; Trustees, Wm. H. Tillinghast, Henry Carlton, Jr., Robert Roxby, W. B. Johnston, and A. W. Von Schmidt. *Office of the Company*—South-east corner of Montgomery and Jackson Streets.

The company was formed for the purpose of introducing pure water into the city and county of San Francisco, and supplying its inhabitants. The water is collected from various branches of the stream known as the Pillarcitos Creek, in the coast range of mountains, distant from San Francisco about 15 miles in a southerly direction.—This supply is taken at an elevation of 700 feet above the level of the sea, through the main coast range by means of a tunnel 1,500 feet in length. At the eastern end of the tunnel the waters fall into a reservoir constructed in the bed of San Mateo creek. From this point the water is conducted around the hills into the grand Reservoir (Lake Honda) back of the Mission Dolores, by a flume 18 by 30 inches, with a grade of seven feet to the mile. Two miles of iron pipe are used on this route, where it crosses ravines and low places.

The flume will carry 4,000,000 gallons per 24 hours. The company will have as a reserve in their reservoir at the creek 500,000,000 gallons, which is filled during the winter season and can be drawn from whenever required. "Laguna Honda," the distributing reservoir, is one of the

finest natural reservoirs in the world; and when finished will hold 100,000,000 gallons of water. From this reservoir 16 in. iron mains will be laid to the corner of Market and Stockton streets, being about four miles in length. From the 16 inch mains, 12 inch mains take the water into different parts of the city, which are again tapped with smaller mains.

All parts of San Francisco not exceeding 350 feet above the city base will be supplied with water from these works without machinery.

The waters of the Pillarcitos are well known for their purity. They rise in a granitic formation, and have no vegetable impurities in their composition.

In addition to the above supply, the Company have immense sources of water south of the Pillarcitos and San Mateo creeks, should it ever be required. They are the Purissima, Tunitas, Lobitas and San Gregorio creeks. The last stream alone runs daily 12,000,000 gallons. But it will probably be many years before this additional quantity will be required.

The Islais Creek also belongs to this company, and runs 300,000 gallons daily. The waters of this creek are already running through a number of the streets in the southern part of the city. The pipes of the Company now laid (July, 1861) from this source amount to five miles. During the present year (1861) twenty miles of pipe will be laid; and in the course of 1862, an additional thirty miles, within the limits of San Francisco—being the property of the Spring Valley Water Works Company.

#### SAN FRANCISCO CITY WATER WORKS COMPANY.

Capital stock, \$1,500,000; expended on works, \$857,800. *Officers*—President, F. F. Low; Secretary, Peter Carter; Trustees, F. F. Low, John Bensley, Anthony Chabot, H. S. Dexter, C. H. Simpkins; Chief Engineer, C. W. Boynton; Water Registrar, W. B. Swan.

This company was incorporated June 19, 1857, and on the 27th day of September of the succeeding year introduced fresh water into the lower part of the city through works of a partially temporary description. On the 7th of January, 1860, the company brought into operation the permanent and extensive works at Black Point, by means of which the most elevated localities are furnished with an adequate supply of this great necessity.

The source from which the water furnished by this company is obtained, is a stream of pure soft water, which has a natural outlet into the outer bay near Point Lobos, closed for the purposes of the company, by a substantial dam. An aqueduct five and one third miles in length following the sinuosities of the bay shore, conveys the water to a great receiving reservoir at Black Point, where it is raised by a ponderous engine to the two distributing basins on the adjoining hills. The loftiest of these artificial lakes is 315 feet above high water mark, and is located at the corner of Greenwich and Hyde streets, on the northerly summit of Russian Hill. The second is located at the corner of Francisco and Hyde streets, and is 145 feet above high water mark. The ca-

capacity of the upper reservoir is 3,600,000 gallons, and of the lower, 7,800,000; the latter serving all the mains east of Powell street, except Rincon Hill and a portion of Telegraph Hill, which are supplied from the former—that having the requisite elevation for these lofty spots, as well as the many higher localities west of the first named street.

The pumping power of the works at Black Point is equal to raising to these distributing reservoirs about 2,100,000 gallons in twenty-four hours, proportioned to their relative capacity.

The Company have in use twenty-two miles and a half of main pipe, from which copious supplies are distributed to manufacturing establishments and dwellings, and by means of which 168 fire hydrants are made an available defense against fires. For this last purpose the water is furnished without charge. By a provision in its charter, upon due notice, the city and county of San Francisco may become the proprietor of these works, on repayment of the amount expended by the company, with reasonable interest. Until such purchase the water rates of the company are so far under the control of the Municipal Government that the company will not be permitted to exact higher rates than will afford a return of twenty-five per cent. per annum on their actual cash outlay.

#### Review of Industrial Enterprises.

The Business Directory, published in the present volume, will best exhibit the progress already made in the different branches of mechanical industry in this city. We propose in this review to make a brief reference to a few of the most important branches, and to exhibit some very interesting statistics collected during the progress of our labors.

#### FOUNDRIES, MACHINE SHOPS, ETC.

There is no department of mechanical industry in this city in which more enterprise and energy is exhibited than in the manufacture of machinery and the working of metals generally. There is probably no city in the Union that will bear a comparison to San Francisco in this respect. The number of establishments is estimated at 250, affording employment to about 1500 persons.

#### IRON FOUNDRIES.

The number of iron foundries is ten. Aggregate number of persons employed, from 350 to 500.

*Vulcan Iron Works Co.*—Successors to George Gordon & Steen. The Vulcan Iron Works, located on the corner of First and Natoma, were established in August, 1851, by Gordon & Steen, for the manufacture of steam engines and machinery. In January, 1855, they were converted into a joint stock incorporated company. Pres-

ent proprietors, S. Aitken, Paul Torquet and Charles R. Steiger, who have been with the concern from its commencement. These works have turned out about 300 engines and 600 boilers, with the machinery of upwards of 500 saw, flour and quartz mills, candle and starch factories, etc. All the hydraulic machinery for raising brick buildings in San Francisco, were invented and made at these works. The number of hands employed varies from 60 to 80. The business averages \$270,000 per annum.

*Pacific Foundry.*—Goddard & Co., proprietors. These works were established on their present location, First street, between Mission and Natoma streets, September, 1850, by Egery & Hinckley. The improvements consisted of a one-story frame building, 50 by 50 feet, in which a general foundry and machine business was transacted. December, 1853, the proprietors purchased the interest of the original owners—erected a three-story building, 30 by 60 feet, and added greatly, by improvements in machinery, etc., to former facilities for meeting the increase of trade. In December, 1858, another addition was made of a brick building, 60 by 80, which is used for melting purposes alone. The cupolas, three in number, have a capacity of melting 16 tons of metal per day. The works employ from 60 to 80 men, and the average annual business exceeds \$200,000.

*Union Foundry.*—Corner of First and Mission streets. P. Donahue, proprietor. Employ from 90 to 150 men.

*Fulton Foundry.*—Hinckley & Co., proprietors. These works were established by Worth, Hyde & Field, Sept. 8, 1855, as a machine shop; July 2, 1856, facilities were added for casting metals, and changed to present style of firm on the 6th of same month. The works are located at 47 and 49 First street, between Market and Mission, and at present keep about 50 hands employed in the different departments.

*Sutter Iron Works.*—These works were established on the corner of Folsom and Beale streets, January, 1850, by George K. Gluyas, in connection with the International Navigation Company known as the Aspinwall Company. The buildings were not fully completed until September, of the same year, when the works were in full operation and did a very large business. Prior to September, 1850 the work that was transacted by this establishment, was, to a great extent, performed in the open air. These works are now

located on the east side of First street, between Market and Mission. Number of hands employed, 30.

*Miners' Foundry.*—Howland, Angell & King, proprietors; First street, between Howard and Folsom. These works, recently established, have extensive facilities for the manufacture of every description of quartz and milling machinery, steam engines, etc. Number of hands employed, 100.

*Golden State Foundry.*—6 Battery street; Palmer & Co. Proprietors. In addition to all kinds of foundry and machine work, as heretofore done in the State, this establishment is engaged largely in the manufacture of mantel grates of all styles and sizes, and of superior finish. They also keep constantly on hand and for sale cauldrons of all sizes of their own make. Persons interested in home manufactures are invited to examine their stock.

*Railroad Foundry.*—Shaw & Voorehamme proprietors; 326 Pine street. These works are principally employed in the manufacture of steam engines, grist and quartz mill machinery, and castings for house fronts. Number of men employed, 15 to 25.

*California Foundry.*—Fremont near Market street; William Brodie & Co., proprietors. These works manufacture all kinds of saw and quartz mill machinery, etc.

*Albion Foundry.*—Corner Market and Beale streets; J. Spratt proprietor; manufacture castings of every description.

In addition to the foundries above enumerated, there are numerous smaller establishments engaged in the working of iron, affording employment to a large number of persons.

#### BOILER WORKS.

The Boiler Works of Messrs. Coffey & Risdon are engaged in an extensive and increasing business, employing a large number of hands, involving a heavy outlay for labor and materials; amount the past year, \$110,000. The number of men employed, about 50.

*Eureka Works.*—William McKibbin, proprietor; 324 Pine between Sansom and Montgomery streets. This establishment manufactures iron stairs, shutters, railings and house-work of every description. The celebrated Eureka Key and Clamp Bridge is also manufactured by Mr. McKibbin. Number of men employed, 5.

There are numerous other establishments engaged in the working of metals, viz: blacksmith

shops, 69; brass foundries, 6; carriage and wagon smiths, 24; tinsmiths, 67; coppersmiths, 10—exclusive of those employed in the precious metals.

#### REFINING OF GOLD AND SILVER.

The Gold and Silver Refinery is located on Brannan near Seventh street. The refinery, a substantial brick structure, is one story in height, and 60 feet in width by 130 in length, together with the various implements in use, represent a permanently invested capital of about \$60,000. Employment is furnished to an average of from 25 to 30 persons. Kellogg, Hewston & Co., proprietors, office 416 Montgomery street.

#### THE PACIFIC METALLURGICAL WORKS.

Are situated on the corner of Francisco and Mason streets, San Francisco. They are extensive, and admirably adapted for the assaying and working of gold and silver ores. They were erected upon European plans under the direction of Mr. Foque, an able Metallurgist. Both wet and dry processes are used, and the works are capable of reducing three tons of ore per day, going through all the various manipulations of parting, assaying, smelting and refining. Thus, the metal contained in twenty tons of ore can be returned to the owner in fine ingots in one week. Ore has been reduced here from the Dana lead, Gould & Curry (Lucerne), California, Bailey, and other mines in California and Nevada Territory, besides ores from Mexico, Arizona, and other portions of Western North America.

The proprietors are citizens of San Francisco. The agents are Messrs. Bradshaw & Co., office 300 Sansom st., who transact all the preliminary business. Mr. G. F. Foque is the Superintendent.

In testing ores, it is advisable to send to the works at least one ton, so that a fair approximation of its general richness may be aimed at.

#### CHEMICALS.

The San Francisco Chemical Works are located near Mission Dolores; Shepard, Judson & Co. proprietors. These works have been successfully employed for the last three years in the manufacture of acids. The average number of persons employed is 14. These works supply the acids consumed at the U. S. Branch Mint in this city.

#### SAN FRANCISCO PIONEER WOOLEN FACTORY.

These works are located at Black Point, on the block bounded by Beach, North Point, Polk and Van Ness Avenue. Capacity, 100 to 150 pairs blankets per day, depending upon the size

and quality. Wool used per day, 1,250 pounds. Number of persons employed, men, 30; women, 30; boys, 10; total, 70. Capital invested, \$100,000. The operations of this factory since the commencement, December 15, 1859, have fully tested the energy and practical skill of the enterprising proprietors, to whom the State is indebted for the successful establishment of one of the most necessary branches of mechanical industry. The satisfactory results of a movement of this character cannot fail to direct attention to the importance of extending a liberal encouragement to our home mechanics in their efforts to develop the resources of the State. Proprietors, Heynemann, Pick & Co., 311 and 313 California street.

#### THE REFINING OF SUGAR.

The "San Francisco Sugar Refinery" is owned by a company of San Francisco merchants organized by Act of the Legislature of the State. The works of the company are located at San Francisco, cor. Eighth and Harrison streets. The main building is 75 feet in width by 122 in length, and five stories high. Several small buildings are attached, for the prosecution of the different branches connected with the refinery. The entire premises cover an area of 412 by 275 feet. The raw material consumed at these works is obtained from Manila, Batavia, and other islands in the Pacific, and a line of clipper barks is now employed in maintaining a regular supply, to meet the requirements of the company. Over 400 tons of sugar and 20,000 gallons of syrup per month are manufactured at these works. The number of hands employed is 100. Cost of buildings and grounds, \$200,000. Commenced operations fall of 1856.

A second sugar refinery, called the "Pacific Refinery," is now in progress of erection near the premises of the San Francisco Sugar Refinery. This refinery will consist, when completed, of a melting house 80 by 45 feet and six stories high, a white-sugar house 60 by 60 feet and five stories high, and a bone-charcoal factory 40 by 50 feet. This company possess implements of the largest and most improved kind. Their boilers were built in Boston at a cost of \$21,000. Their vacuum pan, built in New York, is one of the largest ever made, and will boil eighteen tons of sugar at one time. The air is exhausted from it by a pair of air pumps, each 20 inches in diameter, driven by a 40-horse engine. The cost of the works is estimated at \$190,000.

The two sugar refineries are to be under one

management, and will together turn out 85,000 barrels of crushed and yellow sugars, and 360,000 gallons of syrup annually.

#### HYDRAULIC CEMENT.

The proportionate consumption of this article in San Francisco is said, by those well qualified to form an opinion, to exceed that of any other place in the Union. When procurable at reasonable rates, our builders use it extensively with their mortar, rendering that, of course, much "stronger" than when it is used without cement. Hitherto we have depended for the supply of Roman cement altogether upon the East, and as the shipments have not always been regular the fluctuations in the price have been very great, which has of course been detrimental to the general interest of consumers. While the variations in price here extended from one dollar and a half to twenty dollars per barrel, it may be stated that the current average value has been about four dollars. The greatest evil, however, of dependence upon sources of supply so distant, has been the well known deterioration which the best manufactured cement suffers from time. Freshness is an absolute necessity of excellence in this commodity, and, of course, the long voyage from Boston or New York necessarily deprives it of this quality to a considerable degree. Soon after the first contract was given out for the work on the Capitol building at Sacramento, veins of rock deemed suitable for this manufacture were discovered in the city of Benicia, about two miles inland from the landing, and upon scientific examination, it was so pronounced. The manufacture, however, languished until the present season, when the property was purchased by the "Benicia Cement Company," of which Geo. D. Nagle is Superintendent and resident agent in this city, and Mr. Henry Winkle is Treasurer. The enterprising gentlemen composing this company caused such explorations as satisfied them that the supply of rock is inexhaustible, and then proceeded to erect the works which are now in successful operation. The article furnished by this company meets the decided approval of the contractors and builders of this city, who find it equal to the best of Roman. This cement hardens in a very few minutes, and the company warrant it to "set" under water within five. If any further assurance is required that the cement made by our California manufacturers is equal to the best, it is found in the fact that it is approved and used by the Federal

officers at Mare Island, and the State officers superintending the erection of the Capitol.

The consumption of hydraulic cement for which San Francisco is the market, ranges from 10,000 to 12,000 barrels per annum, and when it is known that the mill of the Benicia Company can turn out from fifty to one hundred barrels per diem, it can easily be conjectured that our dependence upon the old States for our supplies has ceased, and that as the article can be manufactured and placed in this market by the company at rates which will defy Eastern competition, further shipments from abroad must prove disastrous to the parties concerned in them.

#### CORDAGE AND OAKUM.

The San Francisco Cordage and Oakum Factory is located at the Potrero. This enterprise commenced in April, 1856, by Messrs. Flint, Peabody & Co., and Messrs. Tubbs & Co., since which time the operations of the company have been successful. The buildings connected with the works are of the most extensive and permanent character. The main structure, occupied as a rope-walk, is 1,000 feet in length, and the spinning factory is 100 feet in length by 40 feet in width. The consumption of raw material is about 4,000 pounds of hemp per day, which is obtained from Manila, and arrangements have been completed for regular shipments thereof until California shall be able to furnish the same from the products of her own soil. Office of these works, 611 and 613 Front street. The specimens of cordage exhibited at the last Mechanics' Fair far excel the imported article. They have also made arrangements for the importation of seed, for the production in this State of a sufficient quantity of the raw material to supply the demands for home consumption.

#### BILLIARD TABLES.

There are eight establishments in this city engaged in the manufacture of billiard tables, affording constant employment to from 40 to 80 persons. One of the most prominent is that of M. E. Hughes, located on the North side of Pine near Front street. He is the sole agent on the Pacific coast for Mr. Phelan's justly celebrated Model Billiard Tables and Patent Combination Cushions. In this concern alone, there are constantly employed from 10 to 15 men. Sales-room 720 Montgomery street.

#### BREWERIES.

The number of Breweries in this city is 24; aggregate capacity, over 1,500,000 gallons per

annum, and employing about 150 persons. The establishment of Hoelscher, Weiland & Co.—the Philadelphia Brewery—situated on Second near Folsom street, is the most extensive establishment of the kind on the Pacific coast.

#### SHIP BUILDING.

This branch of mechanical industry has been exceedingly prosperous during the past year. Several heavy firms, employing quite a number of men, are at the present time profitably engaged in its prosecution. During the year 1860, several steamers and sailing craft were constructed, whose sailing qualities have fully realized the expectations of their owners. Vessels built during the last year: Nevada, (side-wheel); Sacramento, (side-wheel); Enterprise, (side-wheel); McClelland, (stern-wheel); Gem, (stern-wheel); Swallow, (stern-wheel); Salinas, (propeller); schooners Wm. Gaylord, Union Forever, B. Strett and Sophia Hancock, and numerous small sailing craft for the Bay and river trade. Repaired, steamers Brother Jonathan and New World. In course of construction, 3 steamers and 6 schooners.

#### FLOUR MILLS.

The number of flour mills is eleven, the aggregate capacity of which is nearly 1800 barrels of flour per day. The most extensive of these mills are the National, Eureka, New Genessee, Golden Age, Golden Gate, and Commercial Mills.

The National Mills were erected in 1860 at an expense exceeding \$40,000. The machinery is driven by an engine of 120 horse power, run of stone four, capacity for twenty-four hours 250 barrels. J. Martenstein & Co., proprietors.

#### EUREKA MATCH FACTORY.

M. G. Elmore & Co., proprietors, located in Hobbs, Gilmore and Co.'s Mills, corner of Market and Beale streets. Established in 1860. Employs 20 hands. Manufactures 100 gross of matches per day, which are furnished at lower rates than the imported article, and are much superior for sea voyages, damp air and tunnel uses, being manufactured especially to prevent all absorption of air and dampness.

#### WIRE ROPE MANUFACTORY.

This enterprise was established by A.R. Hallidie & Co. and has been in successful operation for several years. The consumers of wire rope are principally the mining and ferry interests of this State and Oregon, it being chiefly used for hoisting, pump, derrick, ferry and bridge ropes. The longest wire rope made at this manufactory,

without splice or joint, was more than one-third of a mile, and three inches in circumference. These works also manufacture considerable copper and brass wire rope for sash cords, lightning conductors, etc., and iron wire stays for shipping. The manufactory is located at the foot of Taylor street, North Beach.

#### CALIFORNIA WIRE WORKS.

H. T. Graves' Wire Works manufactory, 412 Clay street, were established in 1852, as the Dennis Wire Works, and is one of the oldest manufacturing establishments in San Francisco. It is fully adapted to the manufacture of every article that wire is used for, and in its consumption every style and size is called in use, from the finest wire cloth, to the inch-square coal screens made of  $\frac{3}{4}$  inch wire.

#### The Fluctuations of Trade.

The following table has been prepared for the purpose of showing the changeable character of our business community. Only the leading branches of trade have been included, but these may be regarded as a fair indication of the whole. The yearly changes among the small dealers will not fall short of forty per cent. per annum:

#### OUR WINE VAULTS.

The sales of native wine in this State are increasing very rapidly. The firms of Sainsevain & Brother, and Kohler & Frohling, of this city, are extensively engaged in the trade. The wine cellars of Kohler & Co., under the Montgomery Block, contain over 130,000 gallons, and the new vault of Sainsevain & Brother, is of a capacity to contain over 600 pipes.

The vault of Messrs. Sainsevain is located on Mission street near Fourth. It is 160 feet in length by 50 feet in width. There are now stored therein, over 100,000 bottles of "Sparkling California," and 400 pipes assorted wines.

The exportation of native wine has increased over 100 per cent. during the past year.

# PUBLIC STREETS, SQUARES, PLAZAS, ALLEYS, ETC.

COMPILED FROM OFFICIAL AND AUTHENTIC SOURCES.

**NEW NUMBERS.**—The Ordinance for re-numbering the buildings of this city provides that—“Market Street shall be the starting point for the numbers on all buildings fronting on the streets running therefrom in a northerly direction, and also for those running therefrom in a southwesterly direction; the streets laid down on the official map of the city as forming the water front thereof, shall be the starting point for numbers on all streets running westerly and southwesterly therefrom, except upon such streets running westerly commencing from Market Street, and upon all such streets Market Street shall be the starting point for numbers. On all streets the numbers on the northerly or northeasterly sides thereof shall be even numbers, and on the southerly or southwesterly sides thereof shall be odd numbers. One hundred numbers, or as many thereof as may be necessary, shall be allotted to each block bounded by principal streets, numbers 100, 200 and 300 being respectively the numbers for commencing the blocks distant one, two and three streets from the starting point on the side designated for even numbers, and numbers 101, 201 and 301 in similar manner for the opposite side of the street, throughout its extent; so that the initial figure of the number placed on a building at any street crossing shall indicate the number of main streets, such street crossing is from the starting point. Not less than twenty feet in frontage of all vacant lots of ground shall be allowed for each number. On all cross or intermediate streets the numbering shall commence where said streets begin, and shall conform to the plan specified in this order.”

By this new decimal system of numbering buildings, the exact location of any number is readily ascertained; for instance, if you want to find 624 Montgomery, it is on the East side of the block extending from Clay to Washington, which is the seventh from Market, Commercial and Merchant being private streets. Again, 825 Clay is above the eighth block from the water front, which is the one extending from Dupont to Stockton. It must be borne in mind that 100 numbers are allowed on each block, between principal streets.

Since the last issue of the Directory, the names of the principal streets southeast of Market, and running parallel to Fifth, have been, by an Ordinance of the city changed, and they are to be designated hereafter numerically, as follows: Simmons to be Sixth, Harris as Seventh, Price as Eighth, Johnson as Ninth, and so on, as far as such parallel streets continue.

## THE CONSOLIDATION ACT,

WITH THE AMENDMENTS NOW IN FORCE.

---

### AN ACT

To repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof.

*The People of the State of California,  
Represented in Senate and Assembly, do enact as follows :*

#### ARTICLE I.

SECTION 1. The corporation, or body politic and corporate, now existing and known as the city of San Francisco, shall remain and continue to be a body politic and corporate, in name and in fact, by the name of the city and county of San Francisco, and by that name shall have perpetual succession, may sue and defend, in all courts and places, and in all matters and proceedings whatever, and may have and may use a common seal, and the same may alter at pleasure, and may purchase, receive, hold and enjoy real and personal property, and sell, convey, mortgage, and dispose of the same for the common benefit. The boundaries of the city and county of San Francisco shall be as follows : Beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States Survey, separating townships two and three, south (Mount Diablo meridian) and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock : thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the bay of San Francisco ; thence to low water mark on the northerly side of the said entrance, at a point opposite Fort Point ; thence following said low water mark to a point due northwest of Golden Rock ; thence due southeast to a point within three miles of the natural high water mark on the eastern shore of the bay of San Francisco ; thence in a southerly direction to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay) ; and thence along said first named line to the place of beginning.\* The islands in said bay, known as the Alcatrazes and Yerba Buena, and the islands in said ocean known as the Farallones, shall be attached to and form a part of said city and county. *Provided, however,* That all rights and liabilities of the corporation heretofore and now known as the city of San Francisco, shall survive

\* By the Act of the Legislature, April 25, 1860, the boundaries of Marin county have been extended so as to include the islands of Los Angeles, Dos Hermanos and Marin.—[COMPILER.]

to, and continue against, the corporations continued by this Act. The district or districts of said city and county, bordering upon the southern line thereof, as heretofore established, shall be extended to the southern line of said city and county, as established in this Act.—[Amendment, April 18, 1857.

SEC. 2. The public buildings, lands and property, all rights of property and rights of action, and all moneys, revenues and income, belonging or appertaining either to the corporation of the city of San Francisco, or to the county of San Francisco, are hereby declared to be vested in, and to appertain to, the said city and county of San Francisco; and the moneys in the treasury of said city, and in the treasury of said county of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid and received into the treasury of the city and county of San Francisco as a part of the General Fund; or where the said moneys, revenues and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held and disbursed for the same use, unless it is otherwise provided in this or some other Act.

SEC. 3. The records, books and papers in the custody of the said City Treasurer, shall be handed over to, and received into the custody of the Treasurer of the said city and county, and all other books, records and papers of the said corporation, shall be delivered and received into the custody of the Clerk of the Board of Supervisors of said city and county, and shall not be withheld under any claim of a lien thereon for arrears of salary, fees, services or advances, nor under any other pretense whatsoever. Suits and actions may be brought and maintained in the name of the city and county of San Francisco, for the recovery of any property, money or thing belonging thereto, or the enforcement of any rights of, or contracts with, said city and county. And from any judgment rendered against the said city and county in any court, an appeal may be taken by the said city and county, where such appeal is allowed by law, without the giving of any appeal bond or undertaking, on complying with the other requisites prescribed by law.

SEC. 4. All the existing provisions of law, defining the powers and duties of county officers, excepting those relating to Supervisors and Boards of Supervisors, so far as the same are not repealed or altered by the provisions of this Act, shall be considered as applicable to officers of the said city and county of San Francisco, acting or elected under this Act. Provision shall be made from the revenues of the said city and county for the payment of the legal indebtedness of the former city corporation and of the county of San Francisco. The taxes which may be levied and collected under the provisions of this Act, shall be uniform throughout the said city and county of San Francisco; but in case it should hereafter be found necessary, for the purpose of providing for the said city indebtedness, to increase taxation beyond the rate of the county tax levied upon property in said county of San Francisco, during the year one thousand eight hundred and fifty-five, such increased taxation, over and above the rate aforesaid, shall be levied and assessed exclusively upon the real and personal property situated within the limits defined in the second section of the Act entitled "An Act to Re-Incorporate the City of San Francisco," passed May fifth, one thousand eight hundred and fifty-five, and not upon such property situated without those limits.

SEC. 5. Immediately after the passage of this Act, the present City Attorney, Surveyor-General and C. K. Garrison, shall proceed to lay off the said city and county into twelve convenient districts, equal in population as near as conveniently may be, giving a distinct name to each district, the boundaries of which they shall accurately define by reference to public streets, roads or other permanent monuments, and shall cause a map to be made representing the said districts with their names and boundaries so fixed. The act of said officers establishing said districts, signed by them or a majority of them, shall be recorded in the office of the County Recorder

of said city and county, and the original be deposited in the office of the County Clerk, and the map shall be deposited with the said County Surveyor. Each of said districts shall constitute an election precinct.

SEC. 6. [Amended April 18 and 29, 1857, and April 22 and May 3, 1861:] There shall be elected, hereafter, for the city and county of San Francisco, by the qualified electors thereof at the time hereinafter mentioned, and in the manner prescribed by law for the election of State and county officers, one Mayor, who shall be *ex officio* President of the Board of Supervisors; a County Judge, County Clerk, Police Judge, Chief of Police, Sheriff, Coroner, Recorder, Treasurer, Auditor, Tax Collector, Assessor, Public Administrator, Surveyor, Superintendent of Common Schools, Superintendent of Public Streets and Highways, District Attorney and Harbor Master, who shall continue in office for two years next after their election and qualification, unless otherwise provided for in this Act. There shall be elected in each of the twelve election districts of said city and county, by the qualified electors thereof, one Supervisor and one School Director; and in each of the six townships of said city and county, one Justice of the Peace and one Constable, who shall continue in office for two years; and in each of the twelve districts, one Inspector and two Judges of Elections, who shall continue in office for one year, and until their successors are elected and qualified. [Act of April 22, 1861, Sec. 1.] And all vacancies in the office of Supervisor or School Director, where the term of the office will not expire at the next ensuing general election, shall be then filled by an election, in the proper district, for the unexpired term; and for the interval between the happening of any such vacancy and the general election next ensuing, any vacancy in the office of Supervisor shall be filled by appointment by the President of the Board of Supervisors, by and with the advice and consent of a majority of the Supervisors then in office; and any vacancy in the office of School Director shall be filled by appointment by the Superintendent of Common Schools, by and with the advice and consent of a majority of the School Directors then in office; and such appointees shall hold office respectively until the general election next ensuing, and the election and qualification of their successors in office. But no such appointment shall be valid unless the appointee be, at the time of his appointment, an elector of the district wherein the vacancy occurred. [Act of April 29, 1857.] All elections for city and county officers, under this Act, shall be held in said city and county on the third Tuesday of May in each year; the first of which elections shall be held on the third Tuesday of May, eighteen hundred and sixty-one, at which time, and every two years thereafter, there shall be elected a Mayor, who shall be *ex officio* President of the Board of Supervisors; County Clerk, Sheriff, Coroner, District Attorney, Recorder, Treasurer, Assessor, Surveyor, Superintendent of Common Schools and Harbor Master; also, in the second, fourth, sixth, eighth, tenth and twelfth districts, by the qualified electors thereof, one Supervisor and one School Director. There shall also be elected, at the first election under this Act and every year thereafter, in each of the twelve districts, one Inspector and two Judges of Elections, who shall be elected in the manner prescribed in section two of an Act amendatory of and supplementary to an Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved April eighteenth, eighteen hundred and fifty-seven. [Act of April 22, 1861, Sec. 2.] In all elections for Inspectors and Judges of Elections, each qualified voter shall vote for one Inspector and one Judge of Elections only, and the person having the highest number of votes for Inspector shall be declared elected Inspector, and the two having the highest number of votes for Judges shall be the Judges of Elections for the respective districts. There shall also be elected, at the general election next preceding the expiration of the terms of the present Justices for the said city and county, six Justices of the Peace and six Constables. For that purpose, the Board of Supervisors shall lay off the city and county into six townships, in such manner as not to divide any district in the formation of such township, in each of which townships

there shall be elected, by the qualified electors thereof, one Justice of the Peace and one Constable, to continue in office two years and until their successors are elected and qualified. The Justices of the Peace so elected shall have jurisdiction co-extensive with the city and county, but shall hold their courts within the townships for which they were chosen respectively.—[Act of April 18, 1857.] At the second election held under this Act, on the third Tuesday of May, eighteen hundred and sixty-two, and every two years thereafter, there shall be elected a Police Judge, Chief of Police, Auditor, Tax Collector, Public Administrator and Superintendent of Public Streets and Highways; and in each of the six townships, one Justice of the Peace and one Constable; and in the first, third, fifth, seventh, ninth and eleventh districts, one Supervisor and one School Director; and at the election next preceding the expiration of the term of office of the present incumbent, a County Judge, who shall continue in office for four years, and until his successor is elected and qualified.—[Amended Act, May 3, 1861.] The official terms of all officers elected under this Act are hereby declared to commence on the first day of July next succeeding their election, excepting, however, that of the Assessor, whose official term shall commence on the first day of September; and any and all of the present city and county officers, whose official terms shall not have expired previous to the first two elections provided for in this Act, shall continue in office during the entire term for which they were elected; *provided*, that their successors shall not continue in office after the first day of July, eighteen hundred and sixty-three, or until their successors are elected and qualified; and no officer elected or appointed to fill a vacancy which may, in any manner, occur, shall serve only except during the balance of the unexpired term of his predecessor.—[Act of April 22, 1861, Sec. 4.] It is hereby made the duty of the Mayor to issue his proclamation, by publication in not less than three daily newspapers published in said city and county, at least ten days previous to the third Tuesday of May in each year, calling upon the qualified voters of said city and county to meet in their respective districts for the purpose of electing such officers as are provided for in this Act, reciting, in such proclamation, the different officers to be elected at such election.—[Act of April 22, 1861, Sec. 5.]

SEC. 7. By the term "qualification of officers," as used in this Act, is to be understood their having taken the oath of office, given the official bond, where it is required by law, and complied with all the requisites prescribed by the statutes of this State, to entitle and qualify them to exercise the functions of their offices.

SEC. 8. The Sheriff, County Clerk, County Recorder, Treasurer, District Attorney, Auditor, Tax Collector, Superintendent of Public Streets and Highways, Surveyor, Harbor Master and Clerk of the Board of Supervisors of said city and county shall keep public offices, which shall be kept open for the transaction of business every day in the year except Sundays, Christmas, New Year's, Fourth of July, Thanksgiving, the twenty-second of February, and on any days during which a general election shall be held, between the hours of nine o'clock A. M. and four o'clock P. M.—[Amendment May 14, 1861.]

SEC. 9. Whenever vacancies occur in any elective office of the said city and county, and provision is not otherwise made in this or some other Act for filling the same until the next election, the Board of Supervisors shall appoint a person to discharge the duties of such office until the next election, when the vacancy shall be filled by election for the term, excepting vacancies in the office of Dock Masters, which vacancies shall be filled by appointments by the Governor. All persons so appointed shall, before entering upon their duties, take the oath of office and give bond as required by law. But in an action or proceeding where the Sheriff of said city and county is a party, or is interested, or otherwise incapacitated to execute the orders or process therein, the same shall be executed by a suitable person, residing in said city and county, to be appointed by the court, and denominated an "Elisor," who shall give such security as the court in its discretion may require, and shall ex-

execute the process and orders in the same manner as the Sheriff is required to execute similar process and orders in other cases.\*

SECTIONS 10 and 11.—[Amended April 18, 1857, and May 17, 1861]: Salaries shall be allowed and paid to the following officers of the city and county of San Francisco, as in this Act provided and not otherwise, and shall be in full compensation for all official services required of them by law :

To the County Judge, five thousand dollars per annum.

To Associate Justices of the Court of Sessions, five dollars per day for each day's actual attendance, not to exceed six hundred dollars per annum each.

To the District Attorney, four thousand dollars per annum.

To the Clerk of the District Attorney, seventy-five dollars per month.

To the Police Judge, four thousand dollars per annum.

To the Clerk of the Police Court, two hundred dollars per month.

To the Prosecuting Attorney for the Police Court, two hundred dollars per month.

To two Interpreters and Translators of foreign languages, to be appointed by the County Judge, Police Judge and President of the Board of Supervisors, if they deem them necessary, one hundred dollars each per month, subject, however, to be reduced by an order of the Board of Supervisors, if, in their opinion, such reduction is proper.

To the City and County Attorney, four thousand dollars per annum.

To the Clerk of the City and County Attorney, seventy-five dollars per month.

To the County Clerk, four thousand dollars per annum.

To the Deputy County Clerks for the Twelfth District Court, as follows :

To one Register Clerk, one hundred and seventy-five dollars per month.

To one Court Room Clerk, one hundred and seventy-five dollars per month.

To one Copying Clerk, one hundred and fifty dollars per month.

To the Deputy County Clerks for the Fourth District Court, as follows :

To one Court Room Clerk, one hundred and seventy-five dollars per month.

To one Register Clerk, one hundred and seventy-five dollars per month.

To one Copying Clerk, one hundred and fifty dollars per month.

To the Deputy County Clerks for the County Court, Court of Sessions and Probate Court, as follows :

To one Clerk, one hundred and seventy-five dollars per month.

To one Assistant Clerk, one hundred and fifty dollars per month.

To the Sheriff, eight thousand dollars per annum.

To one Under Sheriff, two hundred dollars per month.

To three Deputy Sheriffs, each one hundred and fifty dollars per month.

To three Deputy Sheriffs, each one hundred and twenty-five dollars per month.

To four Deputies, acting as Jail-Keepers, each one hundred and twenty-five dollars per month.

To one Book-Keeper for the Sheriff's office, one hundred and fifty dollars per month.

To the Coroner, two thousand dollars per annum, in addition to the compensation now allowed him by the Act entitled an Act allowing compensation to the Coroner of the city and county of San Francisco for certain services, approved February nineteenth, eighteen hundred and fifty-nine.

SUPPLEMENTAL I.—*Act amendatory to an Act allowing compensation to the Coroner. Approved February 19, 1859.*

SEC. 1. The Coroner of the city and county of San Francisco shall receive, for such chemical analyses as may be deemed necessary by him, in the proper fulfillment of his duties, such sums, not exceeding fifty dollars, for analyses made in any one month, as shall be certified by the chemist or chemists making such analyses to be a

reasonable charge; and he shall likewise receive for the interment of deceased persons payment at the same rate each as is allowed for the interment of deceased hospital patients in said city and county, not to exceed ten dollars for each interment made by him.

SEC. 2. The compensation allowed by this Act shall be paid out of the General Fund, and shall be audited and paid in the same manner as the salaries of officers for the said city and county; *provided*, that the said Coroner shall make oath that he has received no compensation for any of the items charged in his demand; and, also, that the analyses charged in his demand, if any have been made, as charged therein, and that the same were necessary to the proper discharge of the duties of his office, and that the interments charged in his demand, if any have been made by him, and that the bodies interred were proper subjects for burial by the Coroner.

To the Mayor, three thousand dollars per annum.

To the City and County Surveyor, five hundred dollars per annum, which shall be in lieu of all fees or other charges for official services, which would otherwise be a city and county charge, and he shall charge and collect, for services rendered individuals, such fees as may be prescribed and allowed by the Board of Supervisors.

The Assessor shall receive, for all services required of him by law, a salary at the rate of four thousand dollars per annum, which salary shall be in full for all services required of him, and for all contingent expenses of his office, except necessary books; and he shall devote his whole time, during office hours, to the business of his office, and shall keep his office open to the public during the same hours provided by law for the City and County Auditor. To assist him in making his assessment, he shall be allowed, from the first of February in each year until the first of May, seven Deputies, and from the first of May until the assessment roll is finally completed and handed over to the Auditor, he shall be allowed but three Deputies, after which time, during the balance of the year, he shall be allowed one Deputy only, except as hereinafter provided. The said Deputies shall be paid at the rate of one hundred and fifty dollars per month each. The Assessor shall also be allowed such Deputies as he may require to collect poll taxes, who shall be allowed for their services only such fees and per centages as may be allowed by law for the collection of poll taxes.

To the Clerk of the Board of Supervisors, one hundred and fifty dollars per month.

To two Porters, not to exceed seventy-five dollars each per month.

To the Auditor, four thousand dollars per annum.

To one Clerk of Auditor, seventy-five dollars per month.

To the Tax Collector, four thousand dollars per annum; *provided*, that for the first year after the passage of this Act, he shall receive seven thousand dollars. During the entire year the Tax Collector shall be allowed one Deputy, at two hundred dollars per month; during eight months of each year he shall be allowed one additional Deputy, at one hundred and seventy-five dollars per month; during five months he shall be allowed three Clerks, in addition to said Deputies, and during three months he shall be allowed two additional Clerks. Said Clerks shall be paid at the rate of one hundred and fifty dollars per month each. He shall also be allowed one Auctioneer, to conduct tax sales, whose compensation shall not exceed, in any one year, the sum of two hundred dollars. All fees, commissions, percentages, and other compensation, of whatever nature or kind, heretofore allowed by law, or which may hereafter be allowed by law, as the compensation of the Tax Collector of said city and county, for the collection of State and county taxes, shall be paid into the Special Fee Fund.

To the Treasurer, four thousand dollars per annum.

To one Deputy Treasurer, one hundred and seventy-five dollars per month; and to one additional Deputy, one hundred dollars per month.

To the County Recorder, four thousand dollars per annum.

To one Chief Deputy Recorder, one hundred and fifty dollars per month. The

Recorder may also employ as many Deputy Clerks as he may deem necessary to duly perform the duties of his office, and they shall be paid at the rate of twelve cents per folio of one hundred words for all matters either registered or copied by them respectively. The Recorder or his Chief Deputy, when any papers are presented for registration, or to be copied, shall write on the margin of each paper so presented the number of folios paid for ; and shall, in his monthly return to the Treasurer, certify under oath the number of folios copied or registered by each one of said Deputy Clerks ; and such certificate of the Recorder or his Chief Deputy shall be conclusive evidence to authorize the Auditor to audit such certified accounts of such Deputy Clerks, monthly.

To one Porter, or Watchman, for the Recorder's office, not to exceed seventy-five dollars per month.

To the Harbor Master, three thousand dollars per annum.

To the Superintendent of Common Schools, four thousand dollars per annum.

To the Clerk of the Superintendent of Common Schools, who shall also act as Secretary of the Board of Education, one hundred and twenty-five dollars per month, payable from the School Fund, as now provided for by law.

To the Superintendent of Public Streets and Highways, four thousand dollars per annum.

To three Deputies of the Superintendent of Streets and Highways, as follows : One at one hundred and fifty dollars per month, and two at one hundred dollars per month each.

#### FIRE DEPARTMENT.

To the Chief Engineer, four thousand dollars per annum.

To the First, Second and Third Assistant Engineers, each fifty dollars per month.

To the Secretary of the Board of Delegates, as such, and also as Clerk of the Chief Engineer, one hundred and fifty dollars per month.

To three Bell-Ringers, for the city hall fire alarm bell, one hundred dollars per month each.

#### POLICE DEPARTMENT.

To the Chief of Police, four thousand dollars per annum.

To four Captains of Police, one hundred and twenty-five dollars per month each.

To Policemen, not exceeding forty, the number to be determined from time to time by order of the Board of Supervisors, one hundred dollars per month each ; *provided*, that one of the same, detailed for Clerk in the office of the Chief of Police, to be appointed by him, shall receive one hundred and twenty-five dollars per month.

To the Resident Physician of the City and County Hospital, two hundred dollars per month, in full compensation for all duties as such, and also for his attendance on the small-pox hospital, county jail and city prison.—[Act of May 17, 1861, Sec. 1]

The several officers named in this Act, who are entitled to charge and collect, or receive any fees, commissions, percentages or other compensation, of whatever nature or kind, allowed by law for services rendered by them or their Deputies, in their several official capacities, or for the performance of duties appertaining to said offices, shall collect and safely keep the same, and on each Monday they shall pay the total amount by them received, to the Treasurer of said city and county, who shall set apart the same as a Special Fee Fund, for the payment of the respective salaries of the several officers entitled to charge and collect fees, commissions or other compensation. And the salaries of all other officers shall be paid out of the General Fund ; *provided*, that the Assessor, so far as relates to the collection of poll tax, and the City and County Surveyor, shall be exempt from the provisions of this section. It shall be, and is hereby made, the duty of all such officers who are entitled to charge and collect or receive fees, commissions, or other compensation for their official services, to keep a book or books, in which shall be entered by items the amount received for all official services performed by them or their Deputies, showing the date

and nature of such services, and the amount received therefor, which book or books shall, at all office hours, be open to the inspection of the Board of Supervisors or any citizen; and each of said officers shall, at the expiration of each month, make out and verify by oath and file with the Auditor a full and accurate transcript, from his said book or books, of the entries for the preceding month.—[Act of May 17, 1861, Sec. 2.] It shall be the duty of the Treasurer of said city and county to receive, receipt for and safely keep all moneys paid over to him under the provisions of this Act, and to make up, on the first day of October, eighteen hundred and sixty-one, and quarterly thereafter, an accurate statement of said Special Fee Fund, showing the actual condition of the same up to such time, when, if any balance remain in said fund, after satisfying all demands payable out of the same, the Treasurer shall transfer such balance to the General Fund; but should such Special Fee Fund be insufficient to satisfy all of the demands payable therefrom, then the Treasurer shall, at the request of the holder, register such unpaid demands against, and pay the same in their order of registration out of the General Fund, as in other cases.—[Act of May 17, 1861, Sec. 3.] All demands upon the treasury, allowed by this Act, shall, before they are authorized to be paid, be duly audited, as in other cases of demands lawfully payable out of the treasury. The several salaries named shall be payable monthly by the Treasurer upon the audit of the County Auditor, who is hereby directed to audit the salaries herein provided for.—[Act of May 17, 1861, Sec. 4.] The Board of Supervisors may, from time to time, authorize the appointment of such additional Deputies, for any of the various city and county offices, and for such period of time, as in their judgment may be necessary for the proper and faithful discharge of the duties of such office. Deputies appointed under the provisions of this section, shall receive not to exceed one hundred and fifty dollars per month each; but in no case shall the aggregate pay of such Deputies exceed three thousand dollars per annum.—[Act of May 17, 1861, Sec. 5.] The fees receivable by the several officers named in this Act shall be payable in advance.—[Act of May 17, 1861, Sec. 6.] The advertising for the Sheriff's office shall be in such daily newspaper of general circulation, printed and published in the English language, in the city and county of San Francisco, as shall, upon the notice hereinafter provided for, offer to do the same at the lowest rates, to ascertain which the Sheriff shall annually advertise three or more times successively, in two or more daily newspapers, published in said city and county, for proposals to do such advertising.—[Act of May 17, 1861, Sec. 7.] For a willful neglect or refusal to comply with any of the provisions of this Act, by any officer or officers herein named, he or they shall be deemed guilty of felony, and, on conviction thereof, in the Court of Sessions, be subject to a fine not to exceed five thousand dollars, and a forfeiture of office, or to imprisonment in the State Prison not less than one nor more than three years, or to both such fine and imprisonment; *provided*, that nothing herein shall be held to release such officer from the obligation to give the official bond required by law, or from any civil responsibility arising from his official duties.—[Act of May 17, 1861, Sec. 8.] All requisitions for books, blanks and stationery, for any of the officers named in this Act, shall be made by such officers, respectively, upon the Board of Supervisors, stating the amount and description thereof, and that the same are essential and necessary for the use of such office, which statement shall be verified by the oath of such officer, and, upon their approval thereof, the said Board shall order the cost of the same paid out of the Special Fee Fund.—[Act of May 17, 1861, Sec. 9.] The Inspectors, Judges and Clerks of Elections, shall be paid out of the General Fund such reasonable compensation for their services as such, as may be fixed and allowed by the Board of Supervisors, not exceeding twenty-five dollars each for all services at any one election.—[Act of May 16, 1861, Sec. 10.]

SEC. 12. Neither the Board of Supervisors, the Board of Education, nor any officer of the said city and county, or of any district, shall have any power to contract any debt or liability, in any form whatsoever, against the said city and county; nor

shall the people or tax-payers, or any property therein, ever be liable to be assessed for, or on account of, any debt or liability hereafter contracted, or supposed, or attempted to be contracted, in contravention of this section.

SEC. 13. Balie Peyton, E. J. Moore, J. B. Crockett, Louis McLane, Jr., and E. R. Carpentier, shall appoint, in each of the districts to be erected in said city and county, as aforesaid, one Inspector and two Judges of Election, by whom the first election under this Act shall be held. The term of office of all officers elected under this Act, shall commence on Monday following the day of election, unless otherwise already provided by law.

SEC. 14. All officers of the said city and county must, before they can enter upon their official duties, give bond as required by law. The bonds and sureties of such officers must be approved by the County Judge, Auditor, and President of the Board of Supervisors. Where the amount of such official bond is not fixed by law, it shall be fixed by the Board of Supervisors. No banker residing or doing business in said city and county, nor any such banker's partner, clerk, employé, agent, attorney, father, son, or brother, shall be received as surety for the Treasurer, President of the Board of Supervisors, Sheriff, Auditor, nor any officer having the collection, custody, or disbursement of money. No person can be admitted as surety on any such bond, unless he be worth, in fixed property, including mortgages, situated in said city and county, the amount of his undertaking, over and above all sums for which he is already liable, or in any manner bound, whether as principal, indorser or security, and whether such prior obligation or liability be conditional or absolute, liquidated or unliquidated, certain or contingent, due or to become due. All persons offered as sureties on official bonds, may be examined on oath touching their qualifications. The official bond of the Auditor shall be filed and kept in the office of the Clerk of said city and county. All other official bonds shall be filed and kept in the office of the Auditor. All officers continued in office under this Act shall be required to execute new bonds, conformable to laws heretofore existing, and, in case of default on the part of any officer of doing so within two days after the first meeting of the Board of Supervisors, the said Board shall declare his office vacant.—[Amendment March 28, 1859.

## ARTICLE II.

### PUBLIC ORDER AND POLICE.

SEC. 15. The Department of Police of said city and county, shall be under the direction of the Chief of Police, in subjection to the laws of this State, and the rules and regulations, not in conflict therewith, which may be established by competent authority, under the powers granted in this Act. In the suppression of any riot, public tumult, disturbance of the public peace, or organized resistance against the laws, or public authorities in the lawful exercise of their functions, he shall have all the powers that now are, or may hereafter be conferred upon Sheriffs by the laws of this State, and his lawful orders shall be promptly executed by all Police officers, Watchmen and Constables in the said city and county; and every citizen shall also lend him aid, when required, for the arrest of offenders and maintenance of public order.

SEC. 16. The Chief of Police shall keep a public office, which shall be open, and at which he, or in case of his necessary absence, a Captain of Police, or Police Officer, by him designated for that purpose, shall be in attendance at all hours, day and night. In case of his necessary absence from his office, it shall be made known to the Police Officer in attendance where he can be found, if needed, and he shall not absent himself from the city and county without urgent necessity, and leave obtained in writing from the President of the Board of Supervisors, Police Judge and County Judge, or two of them, who shall, at the time of granting the same, appoint a person to act during his absence, with all his powers, duties and obligations. If such absence from the city and county be on any other than business immediately connected

with his office, he shall lose his salary for the time of such absence, of which account shall be taken by the Police Judge.

SEC. 17. The Chief of Police shall designate one or more out of the number of Police Officers to attend constantly upon the Police Judge's Court, to execute the orders and process of the said Court; he may order to be arrested and to be taken before the Police Judge, any person guilty of a breach of the peace or a violation of the general regulations established by the Board of Supervisors under the authority granted in this Act; he shall supervise and direct the Police force of said city and county, and shall observe and cause to be observed the provisions of this Act and the regulations established by the Board of Supervisors in relation thereto; he shall see that the lawful orders and process issued by the Police Judge's Court are promptly executed; and shall exercise such other powers connected with his office as head of Police, as may be prescribed in the general regulations adopted by the Board of Supervisors.

SEC. 18. The Chief of Police shall acquaint himself with all the statutes and laws in force in this State defining public offenses and nuisances and regulating criminal proceedings, and shall procure and keep in his office the statutes of this State and of the United States, and all necessary elementary works on that subject; he shall give information and advice touching said laws, gratuitously, to all Police officers and Magistrates asking it.

SEC. 19. The Police Judge, throughout the city and county, shall have the same powers and jurisdiction in all cases, as are, or hereafter may be, conferred by law upon Recorders' Courts and in all criminal cases, in addition thereto, the powers and jurisdiction of a Justice of the Peace; also, jurisdiction of every offense or act, which, by common law is declared to be a misdemeanor, (and for which no punishment is especially prescribed by law,) with power to punish by imprisonment in the county jail or city prison, not exceeding six months, or by a fine not exceeding five hundred dollars, or by both such fine and imprisonment; and he shall also have jurisdiction to try and punish all offenses committed against the rules and regulations established by the Board of Supervisors, in pursuance of the authority granted in this Act, except where it is otherwise provided, and may commit or hold the offender to bail for trial in the proper court, or may try, condemn or acquit, and carry his judgment into execution, as the case may require, according to law; and shall have power to issue warrants of arrest, subpoenas, and all other process necessary to the full and proper exercise of his powers and jurisdiction. All fines imposed by the Police Judge, not exceeding twenty dollars, exclusive of costs, shall be final and without appeal; his Court shall be a Court of Record; a Clerk shall be appointed therefor by the Board of Supervisors, with a salary of twelve hundred dollars a year, who shall give bond as required by law, and hold his office during the pleasure of said Board.—[Amendment, April 18, 1857.]

SEC. 20. Proceedings in the Police Judge's Court, shall be conducted in conformity with the laws regulating proceedings in the Recorder's Court. The said Court shall be open daily, Sundays excepted, and may be held by any Justice of the Peace of the city and county, in case of the temporary absence of the Police Judge or his temporary inability to act from any cause. In case of a vacancy in the office of Police Judge, the Board of Supervisors shall have power to appoint any Justice of the Peace of the said city and county to fill the vacancy until the next election, when the office shall be filled by election for a full term.

SEC. 21. The Clerk of the Police Judge's Court shall keep a record of its proceedings, issue all process ordered by said Court, receive and pay weekly into the treasury of the city and county all fines imposed by said Court, and render to the County Auditor, monthly, and before any amount can be paid him on account of salary, an exact and detailed account, upon oath, accompanied with an exhibition of said record, of all fines imposed and moneys collected since his last account rendered. He shall prepare bonds, justify and accept bail, when the amount has been fixed by the Police Judge, in cases not exceeding one thousand dollars, and he shall fix, jus-

tify and accept bail, after arrest, in the absence of the Police Judge, in all cases not amounting to a felony, in the same manner and to the same effect as though the same had been fixed by the Police Judge. The said Clerk shall remain at the courtroom of said court, in the city hall, during the hours named in section eight of the Act of which this is amendatory, and during such reasonable hours thereafter as may be necessary for the purpose of discharging his said duties.—[Amendment May 18, 1861, Sec. 1.]

SEC. 22. All fines imposed by the Police Judge's Court, Court of Sessions of said city and county, or any Justice's Court, shall be paid into the treasury thereof, as part of the Police Fund; in cases where, for any offense, the said Courts are authorized to impose a fine or imprisonment in the county jail, or both, they may, instead thereof, sentence the offender to be employed in labor upon the public works of said city and county, for a period of time equal to the term of imprisonment which might be legally imposed, and may, in case of imposing a fine, embrace as a part of the sentence, that in default of payment of such fine, the offender shall be employed to labor on said public works at one dollar a day till the fine imposed is satisfied. By the "public works," as used in this Act, is understood the construction, or repair, or cleaning, of any street, road, dock, wharf, public square, park, building, or other works whatsoever, which is authorized to be done by and for the use of the said city and county, and the expense of which is not to be borne exclusively by the individuals or property particularly benefitted thereby.

SEC. 23. The Chief of Police, in conjunction with the President of the Board of Supervisors and the Police Judge, the concurrence of two of them being necessary to a choice, shall appoint four Captains of Police, each from a different district, and as many Police Officers, not exceeding thirty,\* as the Board of Supervisors shall determine to be necessary. Thereof an equal number in proportion to population, as near as may be, shall be selected from each district that shall be situated, wholly or partly, within the limits specified in section second of the Act now repealed, entitled "An Act to Re-Incorporate the City of San Francisco," passed May sixth, one thousand eight hundred and fifty-five.

SEC. 24. No person can be appointed Captain of Police or Police Officer, unless he be a citizen of the United States and of this State, and a resident and a qualified voter of the city and county; and, in case of each Police Officer, a resident of the district from which he is chosen, and also before his appointment, shall produce to the said President of the Board of Supervisors, Chief of Police and Police Judge, a certificate signed by at least twelve freeholders and qualified voters of the said city and county, who, in case of application for appointment of a Police Officer, must also be residents of the district from which he is to be appointed, stating that they have been personally and well acquainted with the applicant for one year or more, next preceding the application, and that he is of good repute for honesty and sobriety, and they believe him to be, in all respects, competent and fit for the office. All the certificates so produced, shall be carefully preserved in the office of the Chief of Police.

SEC. 25. Police Captains and Officers may be suspended from office by the Chief of Police, and, with the concurrence of the President of the Board of Supervisors and Police Judge, removed from office for official negligence, inefficiency, or misconduct, under such general rules and regulations, not contrary to law, as may have been established by the Board of Supervisors; they shall receive from the treasury of said city and county, payable out of the Police Fund, such compensation as may be fixed by the Board of Supervisors, not exceeding one thousand eight hundred dollars a year, each, for Captains, and one thousand two hundred dollars a year, each for Police Officers.

SEC. 26. Neither the Chief of Police, Captains, or any officer of Police, shall follow any other profession or calling, become bail for any person charged with any

offense whatever, receive any present or reward for official services rendered, or to be rendered, unless with the knowledge and approbation of a majority of the Police Commissioners, to wit: the Police Judge, President of the Board of Supervisors and Chief of Police of the city and county of San Francisco—such approbation to be given in writing; nor be allowed pay for any period during which they shall absent themselves from public duty, unless such absence necessarily result from indisposition or disability occasioned by injuries suffered while in the discharge of official duty. Police Officers in subjection to the orders of the respective Captains, and all under the general direction of the Chief of Police, shall be prompt and vigilant in the detection of crime, the arrest of public offenders, the suppression of all riots, frays, duels, and disturbances of the public peace, the execution of process from the Police Judge's Court, in causing the abatement of public nuisances, the removal of unlawful obstructions from the public streets, and the enforcement of the laws and regulations of Police.—[Amendment March 24, 1859.]

SEC. 27. In case of great public emergency or danger, the Chief of Police may appoint an additional number of Policemen, of approved character for honesty and sobriety, who shall have the same powers as other Police Officers for twenty-four hours only, but without pay. The Chief of Police, Captains, and every officer of the permanent force, shall provide themselves with a uniform and badge of office, to be prescribed by regulations of the Board of Supervisors, which shall be worn by them upon all occasions, with such exceptions as may be permitted by the Chief of Police in the performance of detective duty.

SEC. 28. Charges of oppression or official misconduct, when presented by any citizen of the said city and county, against any Police Captain or Officer, and verified on oath, setting forth the specific acts complained of, shall be received and attentively considered and determined by the Police Judge, President of the Board of Supervisors and Chief of Police, giving to the accused due notice, and an impartial hearing in defense. The Chief of Police, Police Judge, and all other officers now acting or hereafter to be elected or appointed under the provisions of this Act, may be accused, tried and removed from office in the mode prescribed by the laws of this State for the removal of civil officers otherwise than by impeachment.

SEC. 29. The Board of Supervisors shall, from time to time, establish a convenient number of Police Stations; determine within what districts the Police Officers and Captains shall usually be distributed and employed; designate the prisons to be used for the reception of all persons arrested or convicted and sentenced for public offenses, in cases not provided for by law; [and] appoint, during the pleasure of the Board, the keeper of such prisons.

SUPPLEMENTAL II.—*An Act to provide for a Police Contingent Fund. Approved February 28, 1859.*

SEC. 1. The Board of Supervisors of the city and county of San Francisco, shall annually set apart from the General Fund, in the treasury of said city and county, the sum of three thousand six hundred dollars, to constitute a special fund, to be called the Police Contingent Fund.

SEC. 2. The Police Commissioners of the city and county of San Francisco, or a majority of them, are hereby authorized to allow, out of the Police Contingent Fund of said city and county, any and all orders signed by the Chief of Police of said city and county; *Provided*, that the aggregate of said orders shall not exceed the sum of three thousand six hundred dollars per annum.

SEC. 3. The Auditor of said city and county is hereby authorized to audit, and the Treasurer of said city and county to pay, out of the Police Contingent Fund, any and all orders so allowed by the Police Commissioners, not exceeding, in the aggregate, the sum of three thousand six hundred dollars per annum.

SEC. 4. At the end of each fiscal year, any sum remaining in the Police Contingent Fund, upon which no order shall [have] been allowed, shall be returned to the credit of the General Fund.

## ARTICLE III.

## PUBLIC INSTRUCTION.

SEC. 30. The Superintendent of Common Schools shall have the powers, and, under the rules and regulations established by the Board of Education, perform the duties specified in the general laws of this State relating to that office, except where the same are altered by the provisions of this Act; and it shall be the duty of the said Superintendent to visit and critically to examine into the condition of each school in the said city and county, at least once in three months. It shall also be the special duty of the Superintendent in the said city and county, and of each School Director in his district, to observe and cause to be observed, such general rules for the regulation of the schools not inconsistent with the laws of the State, as may be established by the Board of Education of the said city and county. Sections nineteen, twenty, twenty-one, twenty-two, twenty-three and twenty-four of the Act entitled "An Act to Establish, Support, and Regulate Common Schools, and to Repeal former Acts concerning the same," passed May third, one thousand eight hundred and fifty-five, are hereby declared to be inapplicable to the city and county of San Francisco.

SEC. 31. The said Superintendent shall attend the sessions, and act as Secretary\* of the Board of Education, inform them at each session of the condition of the common schools, school-houses, school-funds and other matters connected therewith, and recommend such measures as he may deem necessary for the advancement of education in the city and county. He shall acquaint himself with all the laws, rules and regulations governing the public schools in the said city and county, and the judicial decisions thereon, and give advice on subjects connected with the public schools gratuitously to officers, teachers, pupils and their parents and guardians. In case of a vacancy in the office of Superintendent, the Board of Education may assemble and appoint a person to fill the vacancy until the regular election then next following, when the office shall be filled by election of the people.

SEC. 32. The School Directors of the several districts shall assemble within five days after their election and qualification, and thereafter on the first Monday in June, September, December and March of each year, and at such other times as they may for urgent reasons be specially convened by the Superintendent; and when so assembled shall constitute a Board of Education for the city and county of San Francisco. A majority of all the School Directors, elected in the said city and county, shall constitute a quorum to do business, but a smaller number may adjourn from day to day. The board shall elect a President from among its members, to continue during the pleasure of the board, and in the absence of the Superintendent, a Secretary *pro tem*; determine the rules of its proceedings; keep a record of its acts and resolutions, and allow the same to be published. The sessions of the board shall be public, and the record of its proceedings shall remain in the custody of the Secretary, subject to the inspection, without charge, of all public officers and citizens of the said city and county.

SEC. 33. The Board of Education shall have power—

*First*—To establish Common Schools and School Districts in said city and county conformably with the laws, and to fix the boundaries of such School Districts, and to select and employ Teachers of Common Schools.

*Second*—To establish rules, which shall not be contrary to law, for the government, improvement and progress of the Public-Schools within the said city and county of San Francisco, and for carrying into effect the provisions of law relating and applicable thereto, and for the government of all School Officers and Teachers in the discharge of their duties.

*Third*—To determine, annually the amount, not exceeding the rate of thirty-five cents on each one hundred dollars' valuation upon the assessment roll, to be raised by

tax upon the real and personal property within the city and county, not exempt from taxation, for the support of free Common Schools therein, and for providing suitable school-houses, furniture, libraries and apparatus.

*Fourth*—To establish regulations not inconsistent with law, as aforesaid, for the safe custody and just and equal disbursement of all moneys belonging to the Common School Fund of said city and county, from whatsoever source arising.

*Fifth*—To require that all Teachers, previous to their being employed in any of the said Common Schools, shall be rigidly examined before the said Board, or a committee of its members appointed for that purpose, or by the Superintendent, and, being approved, shall receive a certificate, signed by such committee and Superintendent, of qualification, in respect to moral character, ability and fitness to teach in the said schools, and to revoke such certificates for good cause, of which the said Board shall be the sole judge, giving to the parties interested reasonable notice and an opportunity to be heard; and any School Director, with the advice and consent of the Superintendent, may provisionally withdraw the certificate of any Teacher employed in the Schools of his district, till the next meeting of the Board of Education, and in the mean time, such Teacher shall not be employed in any of the Common Schools.

*Sixth*—To designate and authorize the books and apparatus to be used in the Common Schools of said city and county.—[Amendment April 25, 1861.]

SEC. 34. Upon the petition of fifty heads of white families, resident citizens in any district, the Board of Education may, in their discretion, establish a common school or additional common schools therein, subject in all respects to the laws and regulations governing the other common schools, awarding to such school or schools, its proportionate share of the School Fund, but no sectarian doctrines shall be permitted to be inculcated in any of the public schools; nor shall any schools within the said city and county, which is not established and conducted in conformity with the laws of this State, and the rules and regulations not inconsistent therewith, established by the said Board of Education, be permitted to receive any share of the Common School Fund.

SEC. 35. At every regular session of the Board of Education, before proceeding to other business, each School Director shall be called upon to report orally to the Board the condition of the school in his district, the circumstances and wants of the inhabitants in respect to education, and to suggest any defect he may have noted, and improvements he would recommend in existing regulations on the subject.

SUPPLEMENTAL III.—*Act granting certain Powers to the Board of Education. Approved April 26, 1858.*

SEC. 1. R. W. Fishbourne, A. Edwards, A. Tandler, William Sherman, Samuel A. Chapin, Jonathan Hunt, William Pearson, E. B. Goddard, D. C. McRuer, F. Knox, George Sager, and J. Shade Dungan, now constituting the Board of Education of the city and county of San Francisco, and their successors in office, shall be, and are hereby constituted Trustees, with full power to hold in fee, in trust for said city and county, any and all real property, and to hold in trust any and all personal property that may have been acquired, or that may hereafter be acquired, for the use and benefit of the School Department of said city and county, by gift, bequest, demise, or purchase.

SEC. 2. The said Trustees shall be and are hereby empowered, in their discretion, to buy and lease, real and personal property for the use of said Department, and good and valid deeds and conveyances thereof to accept and receive, whenever it may be necessary for the actual use of any public school of said city and county, now established, or that may hereafter be established; *Provided*, the lots to be purchased under the provisions of this section, do not exceed ten in number; and all conveyances, heretofore made to the said Board of Education, are hereby legalized and declared valid, and the property therein conveyed vested in the said Trustees, in trust, as aforesaid.

SEC. 3. The said Trustees (whenever it may be necessary to secure a lot or lots for the actual use of the said schools, established or to be established,) shall have power, with the consent of the Board of Supervisors of said city and county, to sell or exchange for other lots, the following lots or any part thereof, now being the property of the said School Department, to wit: Fifty vara lot, number three hundred and one, corner of Bush and Stockton streets; fifty vara lot, number three hundred and forty-five, on California street, between Powell and Mason streets; fifty vara lot, number four hundred and sixty-two, on the corner of Filbert and Kearny streets; fifty vara lot, number seven hundred and thirty-two, on the corner of Harrison and Fremont streets; one half of one hundred vara lot, number one hundred and twenty-eight, corner of Market and Fifth streets; one hundred vara lot, number one hundred and seventy-four, corner of Harrison and Fourth streets—in said city and county, and good and valid deeds therefor, to make and execute; and the proceeds of all such sales shall be applied exclusively to the purchase of other lots, or the erection of buildings for the use of said School Department.— [Amendment, April 25, 1861.]

SEC. 4. The Board of Education of said city and county shall, at all times, have power to alter, repair, or erect buildings for the use of the public schools, upon the land belonging to the said Department, at such time and in such manner as they may deem proper and best for the interests of said school department; *Provided*, that all contracts for building, made by the said Board of Education, must be given to the lowest bidder therefor offering adequate security, to be determined by said board, after due public notice, published for not less than five days in at least two daily newspapers of said city and county, and the entire expenditures of the said school department, for all purposes, shall not exceed the limit now prescribed by law therefor.

SEC. 5. The Commissioners of the Funded Debt of the city of San Francisco, and their successors, or any three of them, shall be and are hereby authorized, empowered, and required, to make, execute, and deliver to the said Board of Education, Trustees as aforesaid, and in trust as hereinbefore provided, good and valid deeds and conveyances of all the right, title and interest of the city, or city and county of San Francisco, and of the said Fund Commissioners, in and to all the lots heretofore set apart and granted by said Commissioners, or said city, to and for the use of public schools, in said city and county, whenever said Board of Education shall request the same to be made out and delivered.

SEC. 6. The said Board of Education are hereby authorized and required to convey to the city and county of San Francisco the lot of land on the corner of Francisco and Stockton Streets, being fifty vara lot number six hundred and ninety-five, and now occupied for the use of a city and county hospital, together with all the buildings, and appurtenances, and good and valid deeds therefor to execute and deliver, and the same shall be and remain exempt from execution.

SEC. 7. This trust may, at any time, be revoked by the Legislature of this State.

SEC. 8. Subdivisions two and twenty-two of section seventy-four and section sixty-nine, of article five, of "An Act to repeal the several charters of the city of San Francisco, to establish the boundaries of the city and county of San Francisco, and to consolidate the government thereof," passed April nineteenth, one thousand eight hundred and fifty-six, are declared inapplicable to the Board of Education, of said city and county, and to the property, real and personal, of the said School Department.

SUPPLEMENTAL IV.—*Act Amendatory, etc., to an Act to Repeal the Several Charters, etc. Approved April 25, 1857.*

SEC. 1. [Amends Section eighty-one of Act of April 19, 1856. Section finally repealed March 28, 1859.]

SEC. 2. The Board of Education of said city and county shall have power to select and designate Common School Marshals, who shall perform the duties of the Marshals named in section eighteen of an Act entitled "An Act to establish, support and regulate Common Schools, and repeal former Acts concerning the same,"

approved May 3d, 1855, and such Common School Marshals shall receive for the services by law required of them, a sum not exceeding in the aggregate, five hundred dollars per annum, which, within this limit, shall be determined and apportioned by the Board of Education, and the demands of said Common School Marshals shall be approved and audited in the same manner as the demands of teachers in the common schools for wages, and when so approved and audited shall be paid out of the School Fund.

SEC. 3. The Board of Education shall have power to provide for the taking care and the cleaning of school rooms and school houses, at an expense not exceeding twenty-five hundred dollars per annum; \* for supplying the schools with water at an expense not exceeding seven hundred and fifty dollars per annum; for lighting school rooms, at an expense not exceeding twelve hundred dollars per annum, and for procuring the necessary blanks, blank-books, and printing for the Superintendent of Common Schools and the said Board, at an expense not exceeding five hundred dollars per annum, and shall be allowed for the incidental expenses of said Board a sum not exceeding one hundred dollars per annum. The demands accruing under the provisions of this section shall be paid out of the School Fund for the current fiscal year, after having been duly approved and audited as provided in case of demands payable out of the School Fund.

SEC. 4.—[Has been continued yearly by special legislation, and its provisions are now in force by the act of the Legislature, April 10, 1860.—[See Sup. Act IX., p. 426.]

SUPPLEMENTAL V.—*Act Supplemental to An Act, etc., approved April 26, 1858. Approved April 4, 1859.*

SEC. 2. The said Board of Education, as such Trustees, shall have full power, in their own name, as the Board of Education of the city and county of San Francisco—trustees as aforesaid—to sue for any and all lots, and any and all lands and property granted, deeded, conveyed, or belonging to said Board of Trustees, as aforesaid, and to prosecute all actions, at law or in equity, necessary to recover and receive the full enjoyment and possession of the same, and further, to do any and all lawful acts necessary thereto.

SUPPLEMENTAL VI.—*Act to confer further powers, etc. Approved March 15, 1860.*

SEC. 1. The Superintendent of Common Schools and the Board of Education of the city and county of San Francisco, be, and they are hereby, authorized to issue school bonds in a sum not to exceed seventy-five thousand dollars (\$75,000) payable fifteen years from the first day of March, one thousand eight hundred and sixty, or sooner, at the option of the said Board of Education, and bonds shall draw interest at the rate of ten per cent. per annum. The interest payable semi-annually on the first days of January and July, either in the cities of New York or San Francisco.

SEC. 2. As soon as the bonds are issued, the Superintendent of Common Schools and the Board of Education are hereby authorized to sell the said bonds, and pay the proceeds thereof into the treasury of the city and county of San Francisco, to the credit of the School Fund; and it shall constitute a part of the same, and shall be appropriated and paid out upon the orders of the Board of Education, in the same manner as provided by law for the payment of demands upon the School Funds, for the sole purpose of erecting school buildings, purchasing lots, fencing and improving the same, for the use of the public schools of said city and county.

SEC. 3. In order to secure the payment of the interest and principal of said bonds, it shall be the duty of the Treasurer of said city and county to set apart annually, out of the first moneys coming into the treasury of said city and county, to the credit of the School Fund, a sum sufficient to pay the semi-annual interest, also the sum of five thousand dollars (\$5,000) as a Sinking Fund for the redemption of said bonds.

\* See Supplemental Act VI., Section 8, p. 425.

SEC. 4. It shall be the duty of the Superintendent of Common Schools and Treasurer of said city and county, to advertise from time to time for thirty days in two daily papers in the City of New York, and also in the city of San Francisco, for proposals to redeem or surrender said bonds, upon the best terms, not exceeding their par value, and report to the Board of Education, who shall immediately thereafter order paid the amount necessary to redeem the bonds so offered, and shall issue audited demands in the usual form; and the Auditor of said city and county is hereby authorized to require and audit, and the City and County Treasurer to pay, the same out of the Sinking Funds in his hands; *provided*, the amount of such demands shall not exceed the money in the treasury to the credit of said Sinking Fund. And if the tender to redeem be not equal to the amount of money to the credit of the Sinking Fund, then the said Superintendent of Common Schools and Treasurer shall have power to loan any money to the credit of any Sinking Fund, for redemption of school bonds, in the security of any of the bonds of the city and county of San Francisco, or the State of California, at the best rates of interest obtainable.

SEC. 5. Amends subdivision two of section one of Act to confer further Powers upon the Board of Supervisors, etc. Approved April 23, 1858.

SEC. 6. The Board of Education of the city and county of San Francisco are authorized to prohibit any child under six years of age from attending any public school in said city and county.

SEC. 7. The Board of Education shall also be authorized to draw warrants in the usual form, upon the General Fund, and it shall be the duty of the Auditor to audit, and the Treasurer to pay from said fund any sum not exceeding five hundred dollars to fit up an office for the Superintendent and the Board of Education, and also any sum not exceeding one hundred dollars per month for the rent of said office.

SEC. 8. The Board of Education shall also be authorized to draw warrants upon the School Fund in such sums as they may deem necessary, not exceeding three hundred dollars, monthly, for the sole purpose of paying Janitors to take care of school buildings.

SEC. 9. Repealed by section six, Act April 25, 1861. [See Sup. Act IX., p. 427.

SEC. 10. All Acts or parts of Acts, contrary to or inconsistent with the provisions of this Act, are hereby repealed.

SEC. 11. The Board of Education are hereby authorized to draw a warrant, not to exceed the sum of five hundred dollars, payable out of the School Fund, to defray the expense of printing the bonds authorized by this act.

SUPPLEMENTAL VII.—*Act supplementary to Acts to confer further powers, etc. Approved April 23, 1858, and March 15, 1860. Approved April 13, 1860.*

SEC. 1. The bonds authorized to be issued by the Act entitled as above, shall be signed by the President of the Board of Education and the Superintendent of Common Schools of the city and county of San Francisco, and the coupons attached thereunto, shall be signed by the Superintendent of Common Schools.

SEC. 2. The faith and credit of the city and county of San Francisco are hereby pledged for the redemption of said bonds and the payment of the Interest and Sinking Fund, as provided in said act.

SUPPLEMENTAL VIII.—*Act concerning Taxes for the Support of Common Schools. Approved April 16, 1857.*

SEC. 1. All persons now or hereafter owing taxes, heretofore or hereafter levied for the support of Common Schools in and for the city or the county of San Francisco, or the city and county of San Francisco, are hereby authorized and required to pay the same, at any time after the same shall have been levied according to law, to the Treasurer of the said city and county of San Francisco, who shall receive the same whenever offered or tendered at his office, and the same shall be payable either in cash or in legally audited demands, on the School Fund of said city of San Fran-

cisco or said city and county of San Francisco. *Provided, however,* That no such audited demands shall be receivable, except for the fiscal year in which such demands become due.

SEC. 2. A list of all taxes levied for the support of Common Schools in said city of San Francisco, and said city and county of San Francisco, remaining due and unpaid, shall be delivered to the Sheriff or Tax Collector of said city and county at the same time when other State and City and County taxes shall become delinquent, and the collection thereof shall be enforced in the same manner and at the same time as may be provided by law for the collection of delinquent taxes levied for State and County purposes.

SEC. 3. The assessment rolls and tax books, whether in the possession of the Sheriff, Tax Collector, or other persons, shall at all times be open to the inspection and examination of the Superintendent of Public Schools or any member of the Board of Education of the said city and county of San Francisco, and it shall be the duty of the Tax Collector, Assessor, Sheriff, or other person having the custody thereof, to make out and deliver to the Board of Education, or to such persons as may desire to pay the same, a correct list, bill or account, of all taxes due and unpaid in said city and county of San Francisco for school purposes, remitting his fees thereon, if any, to be deducted when other taxes are collected.

SUPPLEMENTAL IX.—*Act to confer further powers upon the Board of Education, etc., etc. Approved April 25, 1861.*

SEC. 1. The Board of Education and the Superintendent of Common Schools of the city and county of San Francisco, are hereby authorized and empowered to issue school bonds, in a sum not exceeding twenty-five thousand dollars, payable ten years from the first day of March, eighteen hundred and sixty, or sooner, at the option of the Board, which bonds shall be signed by the President of the Board of Education and Superintendent of Common Schools of said city and county, and the coupons thereto attached shall be signed by the said Superintendent; and such bonds shall draw interest at the rate of ten per cent. per annum, which interest shall be payable semi-annually, on the first days of January and July, either in the city of New York, or San Francisco.

SEC. 2. So soon as said bonds are issued, the Board of Education and Superintendent of Common Schools of said city and county are authorized to sell the same, or any part thereof, to the highest bidder therefor, and pay the proceeds thereof into the treasury of said city and county, to the credit of the School Fund, and they shall constitute a part of the same, and shall be paid out in the manner now provided by law for the payment of demands upon the said fund, for the sole purpose of erecting school buildings, purchasing lots, and for fencing and improving the same, for the use of the public schools of said city and county.

SEC. 3. To secure the payment of the principal and interest of said bonds, it shall be the duty of the Treasurer of said city and county to set apart, annually, out of the first moneys coming into the treasury to the credit of the School Fund, the sum sufficient to pay the semi-annual interest on said bonds, and, also, the sum of twenty-five hundred dollars, as a Sinking Fund for the redemption of said bonds.

SEC. 4. It shall be the duty of the Superintendent of Common Schools and Treasurer of said city and county, to advertise, from time to time, for thirty days, in two daily papers in the city of San Francisco, for proposals to surrender such bonds upon the best terms, not exceeding their par value, and to report the same to the said Board, who shall immediately thereafter order paid the amount necessary to redeem the bonds so offered, and shall issue audited demands therefor in the usual form. The Auditor of said city and county is authorized and required to audit, and the Treasurer to pay, the same out of the Sinking Fund in his hands set apart therefor; and if such proposals to surrender bonds do not equal the amount of such Sinking Fund, then the Superintendent of Common Schools and Treasurer shall have power

to loan any balance remaining thereof, upon the security of any bonds of the city, or of the city and county, of San Francisco, or of the State of California, at the best rates of interest obtainable therefor; such interest when paid, to be entered by the Treasurer to the credit of the School Fund of said city and county, and to form a part thereof.

SEC. 5. The faith and credit of the the city and county of San Francisco are hereby pledged for the redemption of said bonds and the payment of the Interest and Sinking Fund as provided in this act.

SEC. 6. The Superintendent of Common Schools of the city and county of San Francisco is hereby declared and constituted *ex officio* a member of the Board of Education, without the right to vote, authorized to appoint a Clerk, subject to the approval of the Board of Education, who shall also act as Secretary of the Board, to be paid a salary, not exceeding the sum of one hundred and fifty dollars per month, which, within this limit, shall be determined by the Board of Education of the said city and county; and the Auditor and Treasurer are authorized and required, respectively, to audit and pay out of the School Fund, the salary of said clerk, as fixed by said Board, which clerk shall be subject to removal at the pleasure of the Superintendent.

SEC. 7. The Board of Education of the said city and county are hereby authorized to lease, at the highest rates obtainable, for a term not exceeding ten years, any unoccupied property belonging to the School Department, not required for the use of the public schools. The proceeds arising from said leases, shall be paid to the Treasurer of the said city and county, and by him be placed to the credit of the School Fund, and form a part thereof.

SEC. 8. Amends section thirty-three of the Consolidation Act. Approved April 19, 1856.

SEC. 9. Amends section three of an Act granting further powers to the Board of Education. Approved April 26, 1858.

SEC. 10. The Board of Education, Auditor, and Treasurer, of said city and county, are hereby authorized and required, respectively, to order paid, audit, and pay, out of the School Fund, in the usual manner, the salary of the Secretary of the Board of Education and the compensation of School Marshals, as now fixed by law; and, also, to order paid, audit, and pay, a sum not exceeding three hundred dollars, for printing the bonds authorized by this act; also, to order paid, audit, and pay, out of the School Fund of the fiscal year ending June thirtieth, eighteen hundred and sixty-two, any demands against the School Fund which may remain due and unpaid on the thirtieth day of June, A. D. eighteen hundred and sixty-one, and any moneys pertaining to that, or prior, fiscal years, may be placed to the credit of said fund for the fiscal year ending June thirtieth, eighteen hundred and sixty-two, and shall form a part thereof; *provided*, that nothing in this act shall be construed to authorize any assessment of taxes for school purposes in said city and county, exceeding, or additional to, the rate now fixed by law, to-wit, the rate of thirty-five cents on each one hundred dollars' valuation on the assessment roll, as contained in section thirty-three, subdivision three, and section seventy-one of an Act entitled "An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof," passed April nineteenth, eighteen hundred and fifty-six, and in the several Acts supplementary thereto and amendatory thereof.

SEC. 11. The Board of Supervisors of the city and county of San Francisco are hereby authorized and required, within twenty days after the passage of this act, to assess upon the real estate and personal property within the said city and county, an amount of ten cents on each one hundred dollars of valuation, for the support of common schools therein, in addition to any former assessment of the present fiscal year, which sum shall be incorporated with such former assessment, and shall be, in all respects, as valid as though it had been included within said assessment, and had been made at the time hitherto provided by law; and, *provided*, that such former assessment shall be valid to all intents, anything in this act to the contrary notwithstanding.

## ARTICLE IV.

## PUBLIC STREETS AND HIGHWAYS.

SEC. 36. The expense of construction of any street, or portion of a street, shall be assessed upon the lots of land fronting thereon, each lot, or portion of a lot, being separately assessed, in proportion to its frontage, at a rate per front foot to cover the total expenses of the work. The expense of all improvements upon streets and crossings, until the same may be fully constructed and finally accepted, as provided in section six of this Act, shall be assessed upon the lots of land, as provided in this Act, for construction of streets and crossings; and after any street, or crossing, shall have been so accepted, the expense of all repairs thereon shall be paid by said city and county, out of the Street Department Fund.—[Act May 18, 1861, Sec. 2.]

SEC. 37. The expense of construction of the main street crossings, at right angles, shall be assessed upon each quarter block adjoining and cornering on the same, and each lot or part of a lot, in such quarter blocks, fronting on such main streets, shall be separately assessed, according to its proportion of frontage on the said main streets. The expense of the construction of the small, or subdivision, street crossings, shall be assessed upon the lots fronting upon such small streets, on each side thereof, in all directions, half-way to the next street, or court, on either side, respectively, or to the end of such street, if it does not meet another. Where a main street terminates at right angles in another main street, the expense of the construction of one half of the width of the street, at the termination, shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the other half upon the lots fronting on the street opposite such termination. Where a small street, place or court, terminates at right angles in another street, place or court, the expense of the construction of one half of the width of the street, or court, at the termination, shall be assessed upon the lots fronting on such small streets, or court, so terminating, according to their frontage thereon, half way down on each side, respectively, to the next small street, place, or court, or to the end of such street, or court, if it does not meet another, and the other one half upon the lots fronting such termination. The expense of the construction, or repair, of the spaces, junctions, and intersections of other streets, with Market Street, meeting at oblique angles, and not squarely in front of, and not properly assessable to, lots fronting on such streets, shall be assessed upon lots in the contiguous, adjacent, and neighboring blocks, according to the designation thereof on the plans certified by the Superintendent of Streets and Highways, and approved by the order of the Board of Supervisors; when so certified and approved, said plans shall be kept as an open record in the office of the said Superintendent.—[Act May 18, 1861, Sec. 3.]

SEC. 38. In all the streets constituting the water-front of the city, or bounded on one side by the property of said city and county, the expense of construction and repairs of that portion of said streets, from the centre line thereof to the said water-front, or to such property of the city and county bounded thereon, shall be provided for by the said city and county; but no contract for any such work shall be given out, except to the lowest bidder, after an observance of all the formalities requisite in contracts for grading and planking or paving of streets, as hereinafter provided, so far as the same can be applied to the case.

SEC. 39. The Board of Supervisors shall have power to lay out, and open, new streets within the former corporate limits of the city of San Francisco, and west of Larkin and south-west of Johnston streets, in accordance with the condition of the Ordinance of the Common Council, of said city, approved June twentieth, one thousand eight hundred and fifty-five, entitled "An Ordinance for the settlement and quieting of Land Titles;" but shall have no power to subject the city and county to any expense therefor, exceeding the sum of one thousand dollars.

SEC. 40. When any street has been located, the Board of Supervisors, when they

shall deem it expedient, may order the whole, or any portion thereof, to be constructed, or repaired, after notice of their intention so to do has been published for the period of ten days; *provided*, that the owners of one half in frontage of the lots and lands fronting on said street proposed to be graded, may make written objections thereto, within ten days after the first publication of said notice in some daily newspaper published in the city and county of San Francisco, which objections shall be delivered to the Clerk of the Board of Supervisors, who shall indorse thereon the date of its delivery, and such notice shall be a bar to further proceedings under such order; and the grading of such streets shall not again be advertised for a period of six months, unless a majority of the property holders, or the proportion proposed to be graded, shall sooner petition therefor.—[Act May 18, 1861, Sec. 4.

SEC. 41. The owners of more than one half in frontage of lots and lands fronting on any street, or portion of a street, or their duly authorized agents, may petition to construct, or improve, the same when the Board of Supervisors shall order the same to be done, after notice of their intention to make such improvements, published in some daily newspaper in said city and county for the period of ten days. No order shall be made to construct, or improve any street, or portion of a street, without extending and completing such work throughout the whole breadth of such street; *provided*, that when a portion of a street one half its width has been already graded, or constructed, to the official grade, at the time of the passage of this Act, by the property owners, the lots and land fronting on such graded, or constructed, portion of a street shall not be included in, or liable to, assessment for such grading, or construction; *provided*, further, that the lots fronting on a portion of a street, the grading, or construction, in part, of such street, which may be done after the passage of this Act and without the authority of the Board of Supervisors, shall not be exempt from assessment for the grading and construction as in other cases. The Superintendent of Public Streets and Highways shall furnish the Board of Supervisors such specifications for any contemplated improvements as they may require.—[Act May 18, 1861, Sec. 5.

SEC. 42. When any street, or portion of a street, has been, or shall hereafter be, constructed, to the satisfaction of the Committee on Streets, Wharfs, and Public Buildings, of the Board of Supervisors, and the Superintendent of Public Streets and Highways, under such regulations as said Board shall adopt, the same shall be accepted by the Board of Supervisors, and thereafter shall be kept open and in repair by the said city and county, the expense thereof to be paid out of the Street Department Fund; *provided*, that the Board of Supervisors shall not accept of any portion of a street less than the full width thereof from curb to curb, inclusive, and one block in length, or one entire crossing. The Superintendent of Public Streets and Highways shall keep in his office a register of all accepted streets, the same to be indexed, so that reference may be easily had thereto.—[Act May 18, 1861, Sec. 6.

SEC. 43. Before giving out any contract for the construction, or improvement, of any street, the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Streets and Highways, and also published for ten days inviting sealed proposals for the work contemplated: All proposals offered shall be delivered to the Clerk of the Board of Supervisors, and they shall in open session, open, examine, and publicly declare, the same, and award said work to the lowest responsible bidder; *provided*, said Board may reject any and all bids, should they deem it for the public good, and also the bid of any party who may have proved delinquent, or unfaithful, in any former contract with said city, or county; *provided*, also, that the owners of the major part of the frontage of the lots and lands liable to be assessed therefor, shall not be required to prevent sealed proposals, but may, within five days after the first publication of notice of such award, elect and enter into a written contract to do the whole work at the price at which the same may have been awarded. Should said owners fail to commence the work within fifteen days after the first publication of the notice of the award, it shall be the duty of the Superintendent of Public Streets and Highways, to enter into a contract with the original

bidder to whom the contract was awarded, and at the price the same may have been awarded to him; but, if said bidder neglect, for twenty days after the first publication of the award, to enter into the contract, then the Board of Supervisors shall re-let the same. All such contractors, except the owners aforesaid who may elect to do the work, shall, at the time of the execution of the contract, also execute a bond, with two, or more, sureties, payable to the city and county of San Francisco, in such sum as the said Superintendent shall deem adequate, conditioned for the faithful performance of the contract; and the sureties shall justify, before any officer competent to administer an oath, in double the amount mentioned in said bond. Any person suffering damages by reason of the breach of said contract, may sue on such bonds in his own name. The Superintendent of Public Streets and Highways is hereby authorized, in his official capacity, to enter into all written contracts and receipt all bonds authorized by this act, that pertain to the street department.—[Act May 18, 1861, Sec. 7.

SEC. 44. The grading, sewerage, planking, paving, repairing, or otherwise constructing or improving of streets and street-crossings, must, in all cases, be done under the direction, and to the satisfaction of the Superintendent; and all contracts made therefor must contain this condition, and also express notice, that in no case, (except when it is otherwise provided in this Act) will the said city and county be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the expenses of all such works, in the mode herein provided, shall be made by the Superintendent of Public Streets and Highways.

SEC. 45. If any party directly interested in any such work, contract or assessment shall feel aggrieved by the acts or determination of the said Superintendent, in relation thereto, he may appeal to the Board of Supervisors, whose decision thereon, upon hearing, shall be final.

SEC. 46. The person in possession of lands, lots and buildings, under claim, and exercising acts of ownership, shall be regarded, treated and deemed, to be the owner, according to the meaning of that term as used in this article; and in case of property leased, the possession of the tenant, or lessee, holding and occupying under him, shall be deemed to be the possession of such owner, so that such owner shall, in such case be deemed to be in possession by his tenant.

SEC. 47. The Superintendent of Public Streets and Highways shall make and keep in his office a record-book of all assessments and charges which he is authorized by law to make, in well bound volumes, in which he shall enter diagrams, exhibiting each street crossing, the work upon which may have been duly contracted for, and each street, or portion of a street, for the grading, sewerage, paving, planking, or piling, capping and planking, or repairing, of which contract may have been entered into, the amount or rate to be paid upon such contract, each distinct lot, or portion of a lot, assessed and charged therefor, and the amount of such assessment and charge. Every assessment and charge made and recorded according to the provisions of this article, shall be a lien upon the property, and take precedence of all other liens, prior, as well as subsequent in date, for the period of two years, unless sooner discharged; *Provided, however,* that a certificate signed by the Superintendent of Public Streets and Highways, stating the name of the contractor, and the name of the person against whom the assessment or charge is made, the amount and date of the same together with a description of the property upon which it is the intention of the contractor to hold a lien, shall have been recorded in the office of the County Recorder, in the city and county of San Francisco.—[Amendment, March 28, 1859.

SEC. 48. The contractor of any street work having fulfilled his undertaking, and the work having been approved by the Superintendent or Board of Supervisors, on appeal, shall receive from the Superintendent a warrant, by virtue of which he shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contract, which warrant shall refer to the contract, the work contracted for and performed, and the amount to be paid

therefor, and shall specify the amount of each assessment, with the name of the owner of the lot assessed, if known, and shall be signed by the Superintendent, and be countersigned by the Auditor of said city and county, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments, and must be satisfied that the proceedings have been legal and fair.—[Act of May 18, 1861. Sec. 8.]

Sec. 49. The contractor or his agent shall call upon the persons so assessed, or their agents, if they can conveniently be found, and, if payment be not made, shall demand payment upon the premises. If any payment be made, the contractor or his agent shall receipt the same upon the warrant, or schedule affixed thereto, in presence of the person making such payment, and shall also give a separate receipt, if demanded; the warrant shall be returned to the Superintendent within thirty days after its date, with a return indorsed thereon, signed by the contractor or his agent; and if any of the assessments remain unpaid, verified upon oath, and stating that he has called upon the persons assessed, and whose assessments remain unpaid in whole or in part, and demand payment, or that they could not conveniently be found, and that he has publicly demanded payment on the premises liable for such assessment, and that the same, or the amount thereof, specified in such return as delinquent, remain unpaid, thereupon the Superintendent shall record the return made upon such warrant, in the margin of the record of such warrant, and also the original contract referred to therein, if it has not already been recorded, at full length, in a book to be kept for that purpose in his office, and shall sign such record.—[Act of May 18, 1861, Sec. 9.]

Sec. 50. If any assessment contained in said warrant shall remain unpaid, in whole or in part, for five days after the demand, the contractor may sue, in his own name, such delinquent or delinquents. In all cases where the amount claimed is less than two hundred dollars, such suit shall be brought in the Justice's Court in the township in which such work was performed, unless the Justice thereof is interested, or otherwise disqualified to try the cause, then in any other Justice's Court in said city and county; and in all other cases where the amount claimed exceeds two hundred dollars, the suit shall be brought in one of the District Courts of said city and county, which court is hereby clothed with jurisdiction to hear and determine such actions. The said warrant of assessment, with the affidavit of demand and non-payment, shall be *prima facie* evidence of such indebtedness. The said contractor, at the time of the commencement of such action or actions, may file a notice of *lis pendens*, describing the property charged therewith, the amount due, and the court in which such action is pending, and the name of the owner, if known, in the office of County Recorder of said city and county, and from the date of the filing thereof, the amount due shall become a lien upon the property charged therewith, which lien, if judgment is subsequently obtained, shall take precedence of all other liens or incumbrances on said property, and shall remain in force for two years, unless sooner paid or discharged. In any case, after suit has been commenced by such contractor, he shall be allowed to charge and collect from the defendant or defendants, as costs, in addition to his actual costs, twenty-five dollars attorney fee, and five per cent. on the amount recovered.—[Act of May 18, 1861, Sec. 10.]

Sec. 51. Repealed. [Act of May 18, 1861. Sec. 18.]

Sec. 52. Any tenant or lessee of the property liable, may pay the amount of the delinquent assessment to the contractor or his agent, before the issuing of the warrant of sale, or may pay such amount with damages and costs afterward and before the sale, or may redeem the property sold for the benefit of the owner within the time prescribed by law, and deduct the amount so paid from the rents due, and to become due; and for any sum so paid beyond the rents due, he shall have a lien upon, and may retain possession of, the said property until the amount so advanced be satisfied with legal interest from accruing rents or re-payment by the owner.

Sec. 53. The Board of Supervisors, in the cases and with the requisites prescribed in sections forty and forty-one, may order the entire paving or repairing, planking

or re-planking, piling, capping and planking, or re-piling, re-capping and re-planking, including the sidewalks of any street, or portion of a street, or the construction of sewers therein, according to plans and specifications, and after a careful estimate of the costs of the work, which shall be furnished them by the Superintendent of Public Streets and Highways; before passing such order, notice shall be given in the same manner as prescribed in section forty-three, and in the manner therein specified, proposals shall be received, and contracts given out, for the work ordered to be done, which contract shall be in writing, and contain the condition and notice specified in section forty-four; *provided*, that the right of the owners to object, as provided in section forty, shall not apply in cases of construction of sewers; and *provided, also*, that no order shall be made to grade any street already officially graded.—[Amendment, March 28, 1859.]

SEC. 54. All the original streets, as laid down upon the official map of said city and county, and all other streets dedicated to public use, as such, are hereby declared open public streets, and the Board of Supervisors shall ascertain and establish the width of all or any of said streets, hereby declared open public streets, as the same may have been originally laid out.—[Amendment, March 28, 1859.]

SEC. 55. Repealed. [Act of May 18, 1861, Sec. 18.]

SEC. 56. The Superintendent of Public Streets and Highways shall require, by written notice, to be delivered to them personally, or left upon the premises, all owners, tenants, or occupants of lots and buildings, situated and fronting upon streets already graded and planked, or paved, or heretofore capped, piled and planked, or which shall hereafter be graded and planked, or paved, or capped, piled or planked, where repairs are needed in the same, or in the sidewalks or sewers, to make such repairs forthwith, each in front of the property of which he is the owner, tenant or occupant, to the center of the street; and all repairs so made, or expenses therefor incurred, shall be assessed and charged to the landlord, and if the same be paid by the tenant, such tenant shall have a lien upon the property, and may retain possession thereof until the amount so advanced shall be paid from the accruing rents.—[Amendment, March 28, 1859.]

SEC. 57. If such repairs be not commenced within three days after notice given, as aforesaid, and diligently and without interruption prosecuted to completion, the said Superintendent shall employ any suitable person applying, to do the work at the expense of the tenant and owner, or occupant, at a reasonable price, to be determined by the said Superintendent, and such owner or tenant, or occupant, shall be liable to pay the same. If the expenses of the work and material for such repairs, after the completion thereof, be not paid to the contractor so employed, on demand, he shall have the right to sue for the same, under the provisions of section ten of this Act, and the certificate of the Superintendent that the work has been properly done and the charges for the same are reasonable and just, shall be *prima facie* evidence of the right of the contractor to recover in such action.—[Act of May 18, 1861, Sec. 11.]

SEC. 58. In addition and as cumulative to the remedies above given, the Board of Supervisors shall have power, by regulation, to prescribe the penalties that shall be incurred by any person liable, and neglecting or refusing to make repairs when required, as provided in section fifty-six of the Act to which this is an amendment, which fines and penalties shall be recovered for the use of the city and county, and may be applied, if deemed expedient by the said Board, in payment of the expenses of any such repairs, when not otherwise provided for.—[Act of May 18, 1861, Sec. 12.]

SEC. 59. Repealed. [Act of May 18, 1861, Sec. 18.]

SEC. 60. Notices in writing, which are required to be given by the Superintendent, under the provisions of this article, may be served by any private person, or by any Police Officer, with permission of the Chief of Police; and the fact of such service shall be verified by the oath of the person making it, taken before the Superintendent, Police Judge, or any Judge or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent himself. The Superintendent shall keep a record of the fact of giving such notices, when delivered

by himself personally, and, also, of the notices and proof of service when delivered by any other person.

SEC. 61. The records kept by the Superintendent of Public Streets and Highways, in conformity with the provisions of this Act, and signed by him, shall have the same force and effect as other public records, and copies therefrom duly certified, may be used in evidence, with the same effect as the originals. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

SEC. 62. The said Superintendent shall keep a public office in some convenient place, to be designated by the Board of Supervisors, and his office shall be kept open as in this Act required. He shall not, during his continuance in office, follow any other profession, or calling, but shall be required to devote himself exclusively to the duties of his office. He shall be allowed, at the discretion of the Board of Supervisors, not to exceed three Deputies, to be by him appointed from time to time. It shall be lawful for the said Deputies to perform all, or any, of the duties conferred by this Act upon the Superintendent of Public Streets and Highways under the direction of the said Superintendent. The Superintendent of Public Streets, or his Deputies, shall superintend and direct the clearing of all sewers in the public streets, and the expense of the same shall be paid out of the Street Department Fund, in the same manner as is provided for the repair of streets that have been finally accepted, as in this act provided.—[Act May 18, 1861, Sec. 13.]

SEC. 63. It shall be the duty of the said Superintendent to see that the laws, orders and regulations, relating to the public streets and highways, are carried into execution; that all nuisances and unlawful obstructions are removed therefrom; and that the penalties therefor are rigidly exacted by legal process. It is required that he shall keep himself informed of the condition of all public streets and highways in said city and county, by personal inspection. He shall also perform such other duties in the supervision of public streets and highways, and, also, of all public buildings, parks, lots and grounds of the said city and county, as may be prescribed by the Board of Supervisors. He shall, before entering upon the duties of his office, give bond to the city and county, in such sum as may be fixed by the Board of Supervisors, conditioned for the faithful discharge of the duties of his office.

SEC. 64. If in consequence of any graded street or public highway being out of repair, and in a condition to endanger persons, horses, or other animals, passing therein, any person, while lawfully using said street or public highway, and exercising ordinary care to avoid the danger, suffer damages to his person; or if any horses, animals or other property, being lawfully ridden, driven, or conveyed through such street or public highway, be injured, lost, or destroyed, through any such defect therein, no recourse for the damage thus suffered shall be had against the city and county of San Francisco; but if such defect in the street or public highway have existed for the period of twenty-four hours or more, then the person or persons on whom the law may have imposed the obligation to repair such defect in the street or public highway, and, also, the officer or officers through whose official negligence such defect remained unrepaired, shall be, jointly and severally, liable to the party injured for the damage sustained.

## ARTICLE V.

### SUPERVISORS.

SEC. 65. The Supervisors, in their respective districts, shall vigilantly observe the conduct of all public officers, and take notice of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration and disbursement of public funds and property; for which purpose the books, records, and official papers, of all officers and magistrates of such districts, shall at all convenient times be open to their inspection. They shall take care that the books and records of all officers in their districts are kept in legal

and proper form. They shall have power, and it shall be their duty, every month, to examine the accounts of any officer of their respective districts, having the collection and custody of public funds, to examine and count over the moneys remaining in the hands of such officers, and shall note any discrepancy or defalcation that may be discovered, or reasonably suspected, and report the same forthwith, together with any willful official negligence or misconduct on the part of any such officer, to the President of the Board of Supervisors.

SEC. 66. At every regular session of the Board of Supervisors, before proceeding to other business, each member shall be called upon to report, orally, upon the matters specified in the preceding section; to give information of the condition of his district, in regard to public schools, streets, roads and highways, health, police, industry and population; and to suggest any defects he may have noticed in the laws and regulations, or the administration thereof, and the means of remedying them.

SEC. 67. The Supervisors shall meet within five days after each annual election, and also on the first Monday of January, April, July, and October, of each year, and at such other times as specially required by law; or they may, for urgent reasons, be specially convoked by the President of the Board of Supervisors. A majority of all the Supervisors to be elected in the several districts shall constitute a quorum to do business, and no regulation, resolution, ordinance, or order of the board, can pass without the concurrence of a majority of all the members elected, but a smaller number may adjourn from day to day. All the sessions, acts, and resolutions of the Board shall be public. The President of the Board of Supervisors elected by the city and county at large, shall preside at all the sessions of the board, without the right to vote. In his absence, during any session, the Board shall appoint a President *pro tempore*, who shall, however, have the same vote as other members. The Board of Supervisors shall be the judge of election returns, and qualifications of its own members, and shall order and provide for holding elections in the proper districts, to fill vacancies which may happen or exist more than six months previous to the next general election; at which general election such office shall be filled by election for the full term of two years. The Board of Supervisors shall determine the rules of its proceedings, keep a record of its acts and resolutions and allow the same to be published; and the yeas and nays on any question shall at the request of any member, be entered on its journals. The Board of Supervisors shall appoint a clerk with a salary of fifteen hundred dollars a year, [Amendment April 23, 1858,] to hold office during the pleasure of the Board, who shall be *ex officio* Clerk of the Board of Equalization, without any additional salary as such, except as provided in section eleven, and shall be required to take the constitutional oath of office, and give bond for the faithful discharge of the duties of his office.\* He shall have power to administer such oaths and affirmations as may be required by law or the regulations, or the orders of the Board, relating to any demands upon the treasury, or other business connected with the government of the city and county; and shall also have power to certify and authenticate copies of all records, papers and documents in his official custody. The powers of the Board of Supervisors are those granted in this Act, and they are prohibited to exercise any others.—[Amendment, April 18, 1857.]

SEC. 68. It shall be the duty of the President of the Board of Supervisors, vigilantly to observe the official conduct of each Supervisor in his district, and of all public officers of the city and county, and take note of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration and disbursement of the public funds and property; for which purpose the books, records, and official papers of all officers and magistrates of said city and county, shall at all convenient times be open to his inspection. He shall take especial care to see that the books and records of all such officers are kept in legal and proper form; and any official defalcation, or willful neglect of duty, or official misconduct, which he may have discovered, or which shall have been reported

to him by any Supervisor, shall, at the earliest opportunity, be laid before the grand jury, in order that the officer in default may be proceeded against according to law. Every ordinance or resolution of the Board of Supervisors, providing for any specific improvement, the granting of any privilege, or involving the lease, or other appropriation of public property, or the expenditure of public moneys, (except for sums less than five hundred dollars,) or laying tax or assessment, and every ordinance or resolution imposing a new duty or penalty shall, after its introduction in the Board, be published, with the ayes and nays, in some city daily newspaper, at least five successive days before final action by the Board upon the same; and every such ordinance, after the same shall pass the Board, shall, before it takes effect, be presented to the President of the Board for his approval. If he approves, he shall sign it; if not, he shall return it, within ten days, to the Board, with his objections in writing. The Board shall then enter the objections on the journals, and publish them in some city newspaper. If at any stated meeting thereafter two thirds of all the members elected to the Board, vote for such ordinance or resolution, it shall then, despite the objections of the President, become valid. Should any such ordinance or resolution not be returned by the President, within ten days after he receives it, it shall become valid the same as if it had received his signature.

SEC. 69. All contracts for building\* and printing to be done for the said city and county, and ordinary supplies for subsistence of prisoners, must be given by the Board of Supervisors to the lowest bidder offering adequate security, after due public notice published for not less than five days, in at least two newspapers in said city and county. The contract for subsistence of all prisoners must be given out every three months at a fixed price per day, not exceeding twenty-five cents, for each person connected with the prison; and the advertisement for proposals to be published as aforesaid by the Board of Supervisors, shall specify each article that will be required, the quality thereof, the quantity for each person, and the existing and probable number of prisoners to be supplied. All articles of food supplied for prisoners must be of a sound and wholesome quality, and subject to the inspection and approval of the keeper of the prison, and also of the President of the Board of Supervisors and Police Judge of said city and county, all of which must be expressed in the contract therefor to be entered into.

SEC. 70. The Board of Supervisors shall have power to hear and determine appeals from the executive officers of said city and county, in the cases provided in this Act; and in all cases of an appeal taken to the Board of Supervisors, or Board of Education, from the order or decision made by any other officer or officers, such officer or officers shall furnish the Board with a statement of his or their reasons for the order or decision so appealed from, and the party appealing shall be heard briefly, but without the observance of any technical or other formalities, not necessary, in the discretion of the Board, to a just decision; which shall, after ascertaining the true state of the case, be given without delay.

SEC. 71. On or before the first Monday of May, annually, the Board of Supervisors of said city and county shall levy the amount of taxes for State, city, and county, purposes, required by law to be levied upon all property in said city and county, not exempt from taxation, such amount as they may deem sufficient to provide for the payment of all demands upon the treasury thereof, authorized by law to be paid out of the same; *provided*, that such taxation, exclusive of the State tax and any special tax, shall not, in the aggregate, for all the purposes of said city and county tax, exceed the rate of two dollars and thirty-five cents upon each one hundred dollars' valuation; *provided*, further that the Board of Supervisors shall in making the levy of said taxes, apportion and divide the taxes so levied, collected, and applied, to specific purposes, as hereinafter provided:

*First*—For the Corporation Debt Fund, not to exceed one dollar twelve and one half cents upon each one hundred dollars' valuation, as aforesaid, which shall be ap-

Board of Supervisors on the first Monday in February of each year, the condition of their respective departments, embracing all their operations and expenditures during the preceding year, and recommending such improvements in them as they may deem necessary. The Auditor shall also present to the Board of Supervisors at each quarterly session, and must also publish the same, a statement of the exact condition of the finances of said city and county, which must show the receipts into, and disbursements made from the treasury during the preceding quarter, the amount of money on hand and the amount of audited demands outstanding. Immediately after the first Monday in February, the Board of Supervisors shall make up and publish an abstract from these several reports and other sources of the operations, expenditures and conditions of all departments of government of the said city and county.

SEC. 74. The Board of Supervisors shall further have power, by regulation, or order:

*First*—To regulate the police, and police force, of said city and county.

*Second*—To provide for the security, custody, and administration, of all property of said city and county, without any power to sell or encumber the same, or lease any part thereof for more than three years, except, however, that such personal property belonging to the fire, street, or other, departments, as they deem unsuited to the uses and purposes for which the same was designed, or so much worn and dilapidated as not to be worth repairing, may be sold, or exchanged, by order or resolution. The said Board shall also have power, at their discretion, to appoint a City and County Attorney, learned in the law, and to prescribe and regulate his duties and obligations.

*Third*—To provide, by regulation, for the prevention and summary removal of all nuisances to public health, the prevention of contagious diseases, the prevention, [and] summary removal, of all nuisances and obstructions in the public streets and highways, and to provide for the destruction of dogs running at large in the public streets.

*Fourth*—To provide for cases omitted in this Act, and in conformity with the principles adopted in it for opening, altering, extending, constructing, repairing, or otherwise improving, of public streets and highways, at the expense of the property benefitted thereby, without any recourse, in any event, upon the city and county, or the public treasury, for any portion of the expense of such works, or any delinquency of the property-holders, or owners.

*Fifth*—Providing for lighting and cleaning the streets.

*Sixth*—To regulate market-houses and market-places.

*Seventh*—To provide for the erection, repair and regulation, of wharfs and docks, and fixing the rates of wharfage thereat.

*Eighth*—To provide for inclosing, improving, and regulating, all public grounds of the city and county, at an expense not to exceed two thousand dollars per annum.

*Ninth*—To prohibit the erection of wooden buildings, or structures, within any fixed limits where the streets have been established and graded, or ordered to be graded; to regulate the sale, storage, and use, of gunpowder, or other explosive, or combustible, materials and substances, and make all needful regulations for protection against fire.

*Tenth*—To make such regulations concerning the erection and use of buildings as may be necessary for the safety of the inhabitants.

*Eleventh*—To determine the fines, forfeitures, and penalties, that shall be incurred for the breach of regulations established by the said Board of Supervisors, and also for a violation of the provisions of this Act, where no penalty is affixed thereto, or provided by law, but no penalty to be imposed shall exceed the amount of one thousand dollars, or six months' imprisonment, or both; and every violation of any lawful order, or regulation, or ordinance, of the Board of Supervisors of the city and county of San Francisco, is hereby declared a misdemeanor, or public offense, and all prosecutions for the same shall be in the name of the people of the State of California.

*Twelfth*—To regulate and provide for the employment of prisoners sentenced to labor on the public works of said city and county.

*Thirteenth*—To license and regulate hackney-coaches, carriages, and other public

vehicles, and to fix the rates to be charged for the transportation of persons, baggage, and property, therein; and also to license and regulate porters employed in conveying baggage for persons arriving in, and departing from said city and county, and to prohibit the exercise of those employments without such licenses.

*Fourteenth*—To license and regulate all such callings, trades, and employments, as the public good may require to be licensed and regulated, and are not prohibited by law; and all licenses granted in pursuance of the provisions of this Act, or the powers therein delegated, shall be signed and issued by the Auditor of said city and county, on production to him of the Treasurer's receipts for the sum required to be paid therefor, which receipt shall also be entered and countersigned by the Auditor, as in case of all other receipts for money paid into the treasury.

*Fifteenth*—To prohibit and suppress, or exclude, from certain limits, all houses of ill-fame and prostitution, and all occupations, houses, places, amusements, and exhibitions, which are against good morals, and contrary to public order and decency.

*Sixteenth*—To provide for the erection of a work-house, house of refuge, or house of correction, and for the regulation and government of the same.

*Seventeenth*—To direct and control the fire department of said city and county in conformity with the laws.

*Eighteenth*—To fix the fees and charges to be collected by the Surveyor of said city and county for certificates of surveys for buildings, or other purposes, and by the Superintendent of Streets and Highways, and any and all other municipal officers, where their fees are not otherwise fixed by law.

*Nineteenth*—To provide, by regulation, where it may be necessary, for carrying the provisions of this Act into effect.

*Twentieth*—To provide for the care and maintenance of the indigent sick of said city and county, but not to incur any expense therefor, exceeding the sum of three thousand dollars a month.

*Twenty-First*—To provide for the construction and repair of hydrants, fire-plugs, cisterns, and pumps, in the streets, for public security and convenience.

*Twenty-Second*—To provide for the erection of all buildings necessary and proper for the use of the city and county, upon lands belonging thereto, but without the power to purchase either lands, lots, or buildings.

*Twenty-Third*—To provide ways and means for the prosecution of the claims, in the name of the city of San Francisco, to the public lands, now pending for the same.

*Twenty-Fourth*—To permit the laying down of railroad tracks, and the running of cars thereon, along any street, or portion of street, for the sole purpose of excavating and filling in a street, or portion of a street, or adjoining lots, and for such limited time as may be necessary for the purposes aforesaid, and no longer.—[Act May 18, 1861, Sec. 15.]

The term "construction of a street," as used in this Act, shall include any, or all, of the following, viz: Grading, sewerage, paving, piling and capping, planking, excavating, filling in, and other incidental matters, necessary to make a street, or part of a street, in perfect condition in the first instance, including sidewalks, crosswalks, street crossings, or intersections of streets. The term "repairs of streets," as used in this Act, includes all manner of necessary improvements of any street, or part of a street, including sidewalks and crossings, or intersections of streets, and, also, keeping the same in order, after the same has been accepted as in this Act provided. The term "main streets," as used in this Act, mean such streets as bound a block. The word "block" shall mean the blocks which are known and designated as such on the map and books of the Assessor of said city and county.—[Act May 18, 1861, Sec. 16.]

The publication of all notices required by the provisions of this Act, shall be made in the newspaper doing the printing for said city and county.—[Act May 18, 1861, Sec. 17.]

SUPPLEMENTAL X.—*Act to define the Powers and Duties of the Board of Supervisors, etc. Approved April 10, 1857.*

SEC. 1. The Board of Supervisors of the city and county of San Francisco, shall have power to appoint a committee, consisting of three members of said Board, to be denominated the "Finance Committee," and to fill all vacancies which may happen in said committee by new appointments, from time to time. Said committee in addition to the ordinary duties of the Finance Committee of said Board, shall have the power as hereinafter specified.

SEC. 2. The Clerk of the Board of Supervisors shall be Clerk of the Finance Committee, after the expiration of six months from the passage of this Act, and during said intermediate period of six months, the said committee shall have power to appoint a Clerk, who, during the time that he shall be actually employed, shall receive a salary of two hundred dollars a month, which amount shall be understood to cover all expenses for books, stationery, lights, fuel, and contingencies, which may be necessary for the use of said committee, and shall be paid out of the General Fund, upon demand on the Treasury of said city and county of San Francisco, after being first approved by the committee, and allowed and registered by the Auditor, like other similar demands.

SEC. 3. The Clerk of said committee shall keep a record of its proceedings with the names of witnesses examined, and a substantial account of the evidence taken. It shall be the duty of the Sheriff, or any Constable, or Policeman, of said city and county, to execute the lawful process and orders of the said committee. The said committee may visit any of the public offices when, and as often, as they think proper, and make their examinations and investigations therein, without hindrance. In the exercise of its functions, the concurrence of two members of the committee shall be deemed sufficient.

SEC. 4. It shall be the duty of the committee to proceed forthwith to examine and settle all the accounts and transactions of the Treasurer of said city and county, and to make out and state two distinct accounts, the one embracing his transactions from the first Monday in October, 1855, to the first day of July, 1856, and the other embracing those of the period from the said first day of July to the time of said settlement; and the said committee shall ascertain, determine and state the true balance of said accounts.

SEC. 5. After the settlement of the accounts and transactions of the present Treasurer of said city and county, the said committee shall proceed in like manner to investigate and settle the transactions and accounts of the Treasurers, Auditors, Controllers and Tax Collectors of the city and of the county of San Francisco, who were in office during the two terms next preceding those of the present incumbent, and also of the present Auditor and President of the Board of Supervisors.

SEC. 6. The said Committee shall hereafter, as often as may be required, by order of the Board of Supervisors, investigate the transactions and accounts of all officers having the collection, custody or disbursement of public money, or having the power to approve, allow, or audit demands on the treasury, and report thereon to the Board of Supervisors, and for the purpose, shall continue to have and exercise all the powers granted in this Act. But nothing in this Act contained, shall be construed to relieve the Auditor, President of the Board of Supervisors, or other officers, from any of the duties and obligations now imposed on them by law.

SEC. 7. The said Committee, and the Clerk, shall have free access to any records, books, and papers in all public offices. And said Committee shall have the same power as courts of record, to administer oaths and affirmations, to examine witnesses, and compel their attendance before them, by subpoena, and attachment for contempt, in case of their refusal to appear or to testify when lawfully required, and shall have the like power to punish as for contempt, any officer, ex-officer, or other person, who shall refuse or neglect, when required in writing, by said committee, to exhibit any

official records, books or papers in his custody, or to explain the same, or any official transaction of his own, or of any other, officer so far as he may be able.

SEC. 8. If, from the examination made by the Finance Committee, in pursuance of the powers granted by this Act, it shall appear that a misdemeanor in office, or a defalcation has been committed by any officer of said city and county, whose accounts and transactions they are authorized to examine as aforesaid, said Committee shall immediately report the same to the President of the Board of Supervisors, who shall immediately cause said report to be published, in at least two daily newspapers, published in the city of San Francisco, for the period of three days.

SUPPLEMENTAL XI.—*Act to confer further powers, etc. Approved April 23, 1858.*

[Amendment, March 15, 1860.]

Ninth. To appoint two persons Collectors of Licenses, who shall have and exercise the same powers as police officers in serving process or summons, and in making arrests; whose salaries shall not exceed one hundred and twenty-five dollars per month, to be fixed by said Board of Supervisors. The said Board of Supervisors shall have power to make all needful rules and by-laws regulating the official conduct or duty of said persons, who shall be appointed License Collectors, and alter or amend the same, from time to time, in such manner as they may deem proper.

Fourteenth. To order constructed a common pound for estrays, and to provide for the taking up and impounding of all animals running at large within the streets of said city and county, north of Johnston Street and east of Larkin Street; *Provided*, the cost of the construction of said pound shall not exceed five hundred dollars, which sum, or so much thereof as may be necessary, may be paid out of the General Fund by order of said Board of Supervisors. The said Board shall have power to make all needful rules and regulations necessary for the proper management and control of said pound, and may appoint one or more Pound-keepers, who shall be paid out of the fines imposed and collected of the owners of any animals impounded, and from no other source.

Seventeenth. To cause repairs to be made on the City Hall, the aggregate expense of which shall not exceed one thousand dollars; and cause to be built a parapet, or fence, on the top of the County Jail of said county, the cost of which shall not exceed one thousand dollars, and order the expense and cost paid out of the General Fund; and, also, to cause all needful repairs to be made on all public buildings, and order the expense of such repairs to be paid out of the Surplus Fund.

Twentieth. To ordain, procure, and use, a common seal, to be used at pleasure, as the official seal of the said city and county of San Francisco, the cost of which seal shall not exceed fifty dollars, to be paid out of the General Fund, by order of said Board of Supervisors.

Twenty-second. To have power to appoint an Assistant Prosecuting District Attorney, who shall hold said office during the pleasure of said Board. The said Assistant shall also be the Prosecuting Attorney for the Police Court of said city and county, and shall receive a salary as such Assistant and Prosecuting Police Attorney of twenty-four

hundred dollars per annum, payable monthly out of the General Fund which shall be in full for all services rendered for said city and county, or for either of them.

Twenty-third. The said Board of Supervisors may make all needful rules and police regulations for the safety and well ordering of all omnibus lines in the city and county of San Francisco.

Twenty-fourth. The said Board of Supervisors are authorized and empowered, in their discretion, to allow to the Clerk of said Board an increase of salary, to the amount of twenty-five dollars per month, to be paid out of the General Fund, and to allow said Clerk to appoint an assistant, who shall be paid by said Clerk for all services said assistant may render him.

Twenty-fifth. The said Supervisors are authorized and empowered, in their discretion, to allow to the Deputy County Treasurer of said city and county, an increase of his present salary to the amount of four hundred dollars per annum, to be paid out of the General Fund.

(The remaining divisions of this Act refer to the auditing of claims, etc.)

**SUPPLEMENTAL XII.**—*Act to confer further powers, etc. Approved April 18, 1859.*

SEC. 1. The said Board is hereby authorized and empowered to lease the Mechanics' Institute any lot or lots of land under their control they may deem proper, (excepting all school lots, and Portsmouth Square,) for the use of said Institute, to erect temporary buildings for the holding of fairs, and other purposes.

Second. To allow and order paid out of the General Fund, not exceeding the sum of twelve thousand dollars, in any one fiscal year, for repairs to, and improvements upon, streets and sewers in front of property belonging to the city, other than those mentioned in the previous subdivision of this section; *provided*, that for the fiscal year one thousand eight hundred and fifty-nine and one thousand eight hundred and sixty, the Board shall allow and order paid out of the General Fund a further sum, not exceeding five thousand dollars, for repairs to streets and constructing sewers in front of city property other than the city water-front.

Third. To allow, and order paid out of the General Fund, not exceeding the sum of seven thousand dollars in any one fiscal year, for repairs to the public buildings of said city and county.

Fifth. To improve and to repair the buildings of the present City and County Hospital; to erect additional buildings, and for such other purposes in relation thereto as the Board of Supervisors may order, and to allow and order to be paid out of the

General Fund, the expenses thereof, the same not to exceed the sum of fifteen thousand dollars.

Sixth. To allow and order paid out of the General Fund, such sums as are now due, or may become due, for burying the indigent dead.

Seventh. To allow and order paid out of the General Fund, such sums as are now due, or may become due, for expenses of conveying insane persons to the State Hospital, at Stockton.

Ninth. To allow and order paid out of the General Fund, a sum not to exceed one hundred and fifty dollars per month, to be expended at the instance of the President of the Board of Supervisors, for contingent expenses other than those heretofore provided for, and of which he shall make a quarterly report to the Board.

Fourteenth. Also to remove the remains of the dead from the Yerba Buena Cemetery to some other burial ground, and to dedicate the land now known as the Yerba Buena Cemetery for such purpose of a public nature as they may deem proper, and to allow and order paid out of the General Fund, a sum not to exceed ten thousand dollars.

Seventeenth. Also to allow and order paid out of the General Fund, such sums as are now due, or may become due, to the physicians of the City and County Hospital. (The omitted subdivisions of this Act authorize the payment of certain claims.)

*SUPPLEMENTAL XIV.—Act to provide for the purchase of Hydrants, etc. Approved March 7, 1859.*

SEC. 1. The Board of Supervisors of the city and county of San Francisco are hereby authorized and empowered to purchase and erect such hydrants, with the connecting pipes and appendages, as they may deem necessary and expedient. And the Auditor of said city and county is hereby authorized to audit, and the Treasurer to pay, the demands so authorized.

SEC. 2. The expense of the purchase and erection of said hydrants shall be paid out of the General Fund, over and beyond the amount already allowed for the maintenance of the Fire Department.

SEC. 3. The Auditor of said city and county is hereby authorized to audit, and the Treasurer to pay, out of the General Fund, demands not exceeding four thousand five hundred dollars, in addition to the amount already provided by law for the maintenance of the Fire Department, including expenditures already authorized by said Board of Supervisors for the purchase and erection of hydrants.

*SUPPLEMENTAL XV.—An Act supplementary to an Act to confer further powers, etc. Approved May 17, 1861.*

SEC. 1. The Board of Supervisors of the city and county of San Francisco have hereby further powers conferred upon them, as follows:

*First*—To allow and order paid out of the General Fund, not exceeding the sum of ten thousand dollars in any one fiscal year, for the redemption of such property belonging to the city and county of San Francisco as may have been or may hereafter be sold for taxes or judgments.

SEC. 2. To allow and order paid out of the General Fund, not exceeding the sum of six thousand dollars in any one fiscal year, for the maintenance of an almshouse.

SEC. 3. To allow and order paid out of the General Fund, for the fiscal year of eighteen hundred and sixty, and eighteen hundred and sixty one, not exceeding the sum of ten hundred dollars, for compiling and publishing the laws and ordinances relating to the city and county of San Francisco; and for any fiscal year thereafter a further sum, not exceeding three hundred dollars, for the same purpose.

SEC. 4. To allow and order paid, out of the General Fund, not exceeding the sum of five thousand dollars, for the completion of the repairs to the city and county

hospital, and not exceeding the further sum of five thousand dollars for the fiscal year of eighteen hundred and sixty and eighteen hundred and sixty-one, for such repairs as the Board of Supervisors may deem necessary to the county jail and other public buildings of the city and county of San Francisco.

SEC. 5. To allow and order paid out of the General Fund, not exceeding the sum of five thousand dollars in any one fiscal year, for the employment of special counsel.

SEC. 6. To allow and order paid out of the General Fund, a sum not exceeding two thousand dollars, for the purpose of repairing the draw on Brannan Street Bridge.

SUPPLEMENTAL XVI.—*An Act in relation to the Burning of Bricks in the City and County of San Francisco. Approved April 5, 1861.*

SEC. 1. From and after the passage of this Act, the Board of Supervisors of the city and county of San Francisco shall have full power and authority to fix limits in said city and county, within which the burning of bricks shall be prohibited, and to make such rules and regulations in relation to the burning of bricks in any part of said city and county as they may deem advisable.

SUPPLEMENTAL XVII.—*An Act to authorize the Board of Supervisors of the City and County of San Francisco to regulate and license Intelligence Offices in said City County. Approved May 17, 1861.*

SECTION 1. The Board of Supervisors of the city and county of San Francisco are hereby authorized to direct the Auditor of said city and county to issue licenses to so many and to such persons as they shall deem properly qualified to keep intelligence offices in the said city and county.

SEC. 2. Each license shall designate the house in which the person or persons licensed shall keep his or their office, and said license shall be paid for quarterly, in advance, and shall continue and be in force during the current quarter and no longer, unless revoked by order of the Board of Supervisors.

SEC. 3. Every person so licensed, under and by virtue of the provisions of this Act, shall pay to the Treasurer of said city and county the sum of fifty dollars per quarter, one half for the use of said city and county and the other half for State purposes.

SEC. 4. Each and every keeper of an intelligence office, licensed under the provisions of this Act, shall keep his books in the English language, and, on the receipt of any money from any person applying for a situation, or other intelligence, for which fees are demanded, shall furnish to the said applicant a statement in writing of the amount received, on what account received, and what the intelligence office keeper agrees to do for and on account of said payment, with the date thereof, and to be signed by the said intelligence office keeper with his signature.

SEC. 5. Any person violating the provisions of this Act, or keeping an intelligence office within the limits of said city and county, without being duly licensed, or after the same shall have been revoked by order of the Board of Supervisors of said city and county, or at any other house or place than is designated in such license, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisonment in the county jail for not less than twenty days nor more than three months.

SEC. 6. Any person who shall obtain information of employment from an intelligence office keeper, and who shall communicate the same to another person, or send another person in his or her stead, with intent, fraudulently, to obtain the return of the money paid for such information, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished by fine not exceeding one hundred dollars.

SUPPLEMENTAL XVIII.—*An Act in relation to the Public Pound in the City and County of San Francisco. Approved May 14, 1861.*

SEC. 1. The jurisdiction and powers of the Board of Supervisors of the city and county of San Francisco concerning the impounding of animals running at large, mentioned in the fourteenth subdivision of section one of the Act entitled An Act to confer further powers upon the Board of Supervisors, and Auditor, and Treasurer, of the City and County of San Francisco, and to authorize them to perform certain acts therein mentioned, approved April twenty-fifth, eighteen hundred and fifty-eight, are hereby enlarged and extended to the limits of said city and county of San Francisco, and said Board of Supervisors are hereby authorized and empowered to exercise any or all of the powers mentioned in said fourteenth subdivision over the entire limits of said city and county, or any limited portion thereof, as in their discretion they may prescribe by order.

SUPPLEMENTAL XIX.—*An Act to create certain Road Districts in the City and County of San Francisco and to provide for the repair and improvement of Roads therein. Approved May 20, 1861.*

SECTION 1. It shall be the duty of the Board of Supervisors of the city and county of San Francisco, within sixty days from and after the passage of this Act, to divide that portion of the eleventh and twelfth districts in said city and county, being southerly and westerly of the line formed by Center, Dolores, Market and Larkin streets, into two road districts; they shall cause each district to be numbered, and the boundaries of the road to be accurately defined by reference to public streets or highways, or other permanent monuments, and shall cause such description of boundaries, with their numbers, to be entered on their minutes.

SEC. 2. The said Board of Supervisors shall, as soon as they have established the road districts before named, appoint some qualified person, a resident and legal voter in each road district, Roadmaster; and whenever thereafter a vacancy in said office may occur, each Roadmaster shall hold his office for the term of one year from and after the date of his appointment, and until his successor is appointed and qualified.

SEC. 3. Said Roadmasters shall each take and subscribe the proper oath of office and give bond conditioned on the faithful discharge of the duties of his office, in such sum, not exceeding fifteen hundred dollars, and with such sureties as the Board of Supervisors may direct.

SEC. 4. It shall be the duty of each Roadmaster to carefully examine all the public roads in his district and report the condition of the same, from time to time, to the Board of Supervisors; *provided*, that from the month of November to May, inclusive, of each year, such report shall be made on the first Monday of each month, said report shall specify the kind of repairs and the portion or portions of the district in which they are required, together with an estimate of the cost thereof.

SEC. 5. Upon presentation to the Board of Supervisors of the estimate of the Roadmaster of any district, as herein provided, the said Board of Supervisors shall appropriate a sum of money not exceeding the amount of said estimate; *provided*, that the amount of all appropriations authorized by this Act shall not exceed four thousand dollars for any one fiscal year. All sums so appropriated shall be faithfully applied for the purposes specified in such appropriation; and, upon the presentation of the sworn certificate of the Roadmaster of any district, any sum or sums, not exceeding such appropriation, shall be allowed and ordered paid out of the General Fund, in like manner as other demands are allowed and ordered paid.

SEC. 6. For the purposes of this Act, public roads and highways shall include all roads that have been open to the public and used as public highways long enough to evince their utility and necessity, but shall not include any street established by any authorized survey of the city, or city and county of San Francisco, or any part thereof, unless such streets shall have been or may hereafter be established across or along such public road or highway, or some part thereof.

SEC. 7. Each Roadmaster is hereby authorized to purchase all necessary timber, planks, or other material for the construction or repair of bridges or culverts, and to hire, at just and reasonable rates, all necessary labor, tools or implements, for widening, straightening, grading, or otherwise improving such roads and highways. Each Roadmaster shall receive a reasonable compensation, to be paid out of the General Fund, not to exceed five dollars per day for each day's service rendered in the discharge of the duties of his office; *provided*, that no Roadmaster shall be entitled to receive more than three hundred dollars for all services he may render as such officer, in any one fiscal year.

SEC. 8. All Acts and parts of Acts inconsistent with, so far as they are in conflict with the provisions of this Act, are hereby repealed.\*

SUPPLEMENTAL XX.—*Act concerning Roads, etc. Approved April 16, 1859.*

SEC. 1. The provisions of an Act entitled "An Act concerning roads and highways," approved April twenty-eighth, one thousand eight hundred and fifty-five, and the provisions of an Act entitled an Act to amend an Act entitled an Act concerning roads and highways, passed April twenty-eighth, one thousand eight hundred and fifty-five, approved April nineteenth, one thousand eight hundred and fifty-six, are hereby declared to be applicable to the city and county of San Francisco, and all roads and highways in that portion of said city and county that was not included in the city of San Francisco as the boundaries of the same, established by an Act entitled an Act to re-incorporate the city of San Francisco, passed April fifteenth, one thousand eight hundred and fifty-one, shall be laid out, opened, constructed, and repaired, as aforesaid in the said Acts; *Provided*, that all streets within the said former city of San Francisco, as the boundaries thereof were established by an Act entitled "An Act to re-incorporate the city of San Francisco," passed April fifteenth, one thousand eight hundred and fifty-one, shall be, and they are hereby, excepted from the operations of this Act.

ARTICLE VI.

FINANCE AND REVENUE.†

SEC. 75. All fines, penalties and forfeitures, imposed for offenses committed within the said city and county, shall be received by the Clerk or Magistrate of the respective court and paid into the treasury thereof, as a part of the Police Fund; forty per cent. of all poll-taxes collected in said city and county, or any other proportion of such poll-taxes which may be hereafter assigned to said city and county, by law, shall also be paid and received into the treasury thereof, as a part of the Police Fund. All demands payable out of said fund, may, in case there be not sufficient money in the treasury arising from the sources specified in this section, be paid out of the General Fund of said city and county.

\* In addition to the powers of the Board of Supervisors herein set forth, the Legislature of the State, session 1861, authorized the following, viz.:

- I. To modify the grade of Union street. Act XXVIII., Statutes 1861, page 20.
- II. To change the grade of First street. Act CCCXXXIV., Statutes 1861, page 345.
- III. To fix the location of Brady street. Act CCXCV., Statutes 1861, page 292.
- IV. To authorize the survey of the harbor of San Francisco. Act CLXXIV., Statutes 1861, page 170.
- V. To employ special counsel (City Slip cases). Act LXXV., Statutes 1861, page 59.
- VI. To confer certain powers relative to City Slip property. Act DXXX., Statutes 1861, page 602.
- VII. To procure chambers for the Judge Twelfth District Court. Act CLIV., Statutes 1861, page 152.
- VIII. To determine the number, etc., of jurors for the City and County of San Francisco. Act DV., Statutes 1861, page 573.
- IX. To authorize the payment of claims of G. H. Hossefross, F. E. R. Whitney, and A. J. Gladding. Act CCLXXXII., Statutes 1861, page 405.
- X. To authorize the payment of claim of J. H. Kent. Act CCCCX., Statutes 1861, page 473.
- XI. To authorize the payment of judgment of James Lang. Act CCCXXIV., Statutes 1861, page 486.
- XII. To release certain judgments against Lewis Teal. Act CCCXXXV., Statutes 1861, page 345.
- XIII. To authorize the funding of certain warrants. Act CCCLXXIX., Statutes 1861, page 528.
- XIV. To authorize the funding of certain warrants, etc. Act DXXVIII., Statutes 1861, page 593.
- XV. To provide payment for stewards of the San Francisco Fire Department (hand and steam-engines). Acts CXV. and CCCX., Statutes 1861, pages 94 and 303.

† The Public Revenue Act, with its various amendments relative to San Francisco, should also be referred to.

SEC. 76. The School Fund of said city and county, shall consist of all moneys received from the State School Fund; all moneys arising from taxes upon property which shall be levied each year for that use, by the Board of Supervisors, and which shall in no case exceed the rate of thirty-five cents on each hundred dollars' valuation of all property, real and personal, liable to be assessed. The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the overplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

SEC. 77. All taxes assessed upon real and personal property, in said city and county, shall be payable and be paid directly to the Treasurer thereof; and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable, in the mode prescribed by law for the collection of such State and County taxes. The taxes due, however, may be paid to the said Treasurer at any time before the property is sold, and on production to the Tax Collector of the proper receipt, and payment of his legal fees for services rendered up to that time, such property shall be discharged.

SEC. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees or otherwise; he shall also be charged with and be deemed debtor to the treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from any irregularity or defect in the assessment, then the Assessor, whose duty it was to make the assessment, shall be liable and be deemed debtor to the treasury for the amount remaining uncollected for that cause.

SEC. 79. The Treasurer of said city and county shall receive and safely keep in a secure fire-proof vault, to be prepared for the purpose, all moneys belonging to, or which shall be paid into the treasury, and shall not loan, use, or deposit the same, or any part thereof, with any banker or other person, nor pay out any part of said moneys, except upon demands authorized by this Act, and after they have been duly audited; he shall keep the key of said vault and not suffer the same to be opened except in his presence. At the closing up of the same, each day, he shall take an account and enter in the proper book, the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly; if he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period not less than three or more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two thirds. The said

Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. Repealed. (See Act of the Legislature, March 28, 1859.)

SEC. 82. No payment can be made from the treasury or out of the public funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided, and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of public funds, unless his account has been duly presented, passed, approved and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature, regulating the duties of such officer, on being required in writing, to comply therewith, by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act; and the Auditor may examine any office, receiving a salary from the treasury, on oath touching such absence.

SEC. 83. The term "audited," as used in this Act with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and board of officers, and finally allowed as required by law: and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, or Board of Delegates of the Fire Department, but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance thereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the treasury of the city and county is authorized by law, and out of what fund. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the Treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date and value composing it, and refer to the law by title, date and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by the President of the Board of Supervisors. All other monthly demands on account of salaries fixed by law, and made payable out of the treasury of said city and county, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools, acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed or audited, to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers, must, before

they can be allowed by the Auditor or paid, first be approved by the Police Judge and Chief of Police, or if they refuse or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury, or any public funds of said city and county, and not hereinbefore in this section specified, must, before they can be allowed by the Auditor, or in any manner be recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instruction and regulations during recess of the said Board. The Auditor must number and keep a record of all demands on the treasury allowed by him, showing the number, date, amount, and name of the original and present holder; on what account allowed, out of what fund payable, and, if previously approved, by what officer, officers or Board it has been so approved; and it shall be deemed a misdemeanor in office for the Auditor to deliver any demand with his allowance thereon, until this requisite shall have been complied with.—[Amendment, April 18, 1857.]

Sec. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education and each Supervisor shall have power to administer oaths and affirmations concerning any demand on the treasury, or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county, individually and on his official bond, for the amount of the demand so illegally approved, allowed or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer and Clerk of the Board of Supervisors, at any time during business hours. Copies or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.—[Amendment, April 18, 1857.]

Sec. 87. The Auditor is the head of the finance department of the city and county, and as such is required to be constantly acquainted with the exact condition of the treasury and every lawful demand upon it. He shall keep a public office and give his personal attendance there daily, during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business or urgent necessity, he shall lose his salary for the day, and it shall be a part of his official duty to keep account of the times and occasions when he shall be so absent from duty.

Sec. 88. Every lawful demand upon the treasury duly audited, as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it with an indorsement of the word "registered," dated and signed by the Treasurer.

Sec. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance, to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax-Collector, or other officer or person or persons, who ought to have

collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law and without any delay.

SEC. 90. The salaries, fees and compensation of all officers, including policemen and employes of all classes, and all teachers in common schools or others, employed at fixed wages, shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing, shall not be paid, but shall be forever barred by limitation of time unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors or Board of Education, then within one month after the regular session of the proper Board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it as above required was not in the power either of the original party interested or his agent or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to and countersigned by the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence, in favor of such person or officer, of the payment specified in it, without being first countersigned, as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of, or refusal to approve or allow, any demand upon the treasury, presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid; *provided*, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors, or the Board of Education, the opinion of the District Attorney thereon, shall be required in writing, read and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury, or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said city and county, shall, every month, examine the books of the Treasurer, and other officers of said city and county having the collection and custody of public funds, and shall be permitted and it shall be their duty to see and count over all the moneys remaining in the hands of such Treasurer, or other officer. If they ascertain *clearly* that such Treasurer, or other officer, is a defaulter, they shall forthwith take possession of all funds, books and papers, belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he is appointed to fill. If the Treasurer,

or other officer so charged as a defaulter, be acquitted thereof, he shall resume his duties.

SEC. 95. Payments of demands on the treasury of said city and county may be made for the following objects, and none others :

First. Out of the Police Fund, the fixed salaries of Police Captains and Officers, Chief of Police, Police Judge and Clerk of the Police Court.

Second. Out of the School Fund, the salaries or wages of teachers in the common schools, rents, repairs, building and furnishing of school houses, as provided by law.

Third. Out of the General Fund, the fixed salaries or compensation of the Assessor and his deputies, the salaries, fixed by law, of the Judge of the Superior Court,\* and other officers of said city and county, and of officers of the Fire Department, and the legal fees of jurors and witnesses in criminal cases, when the same by law are payable out of the County Treasury.

Fourth. Out of the General Fund, coupons for interest due upon the "San Francisco City Stock," duly issued in pursuance of the Act entitled "An Act to authorize the funding of the Floating Debt of the City of San Francisco, and to provide for the payment of the same," passed May first, eighteen hundred and fifty-one.

Fifth. Out of the General Fund, coupons for interest due on the bonds duly issued by the Board of Fund Commissioners, in pursuance of the provisions of the Act entitled "An Act to provide for the funding of the Legal and Equitable Debt of the city of San Francisco, and for final redemption of the same," passed May seventh, eighteen hundred and fifty-five.

Sixth. Out of the General Fund, coupons for interest due on bonds duly issued by the Commissioners for funding the Floating Debt of the county of San Francisco, in demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then, and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing, will, in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time, during such succeeding year, subject, however, to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void, as against the city and county, if made before such Surplus Fund exists in the treasury, and unless it be in writing, with a printed copy of section ninety-five, ninety-six, ninety-seven and ninety-eight of this Act attached to it, and in such case, the officer or officers executing the same in behalf of the city and county, in contravention of this provision, shall alone be liable in his or their individual capacity, to the other contracting party, for the fulfillment of such contract.—[Amendment April 18, 1857.

SEC. 96. The demands specified in the first fourteen subdivisions of section ninety-five, shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterward coming into the said treasury, applicable thereto, in the order in which the same are registered.

SEC. 97. The Board of Supervisors, Board of Education, and each and every officer of the said city and county, being absolutely prohibited to contract any debt or liability, in any form, against the said city and county hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may in-

volve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury, during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been provided and reserved for the redemption of said bonds and certificates of stock, to the amount hereinbefore specified.

SEC. 98. If any expenditures, not authorized by this Act, be incurred, they can never be paid out of the treasury, nor shall they be deemed to constitute, or lay the foundation of any claim, demand or liability, legal, equitable, or otherwise, against the said city and county. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the treasury, but not for the preferred objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract or consideration, be deemed to be a legal nor equitable claim or liability against the said city and county, or the treasury thereof, or the taxable property or tax payers, otherwise than as in this section provided; and no demand preferred against the said city and county, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized, assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99.—Repeals former Acts, and provides that all laws and parts of laws defining the powers and duties of Supervisors or Boards of Supervisors, are declared inapplicable to the said city and county of San Francisco, except such as are expressly referred to in, and made applicable thereto by the provisions of this Act; also, all laws and parts of laws, as far as they conflict with the provisions of this Act.

The Schedule to the Act provides for the organization of San Mateo County, and is therefore omitted.

*SUPPLEMENTAL XIX.—Act for the Relief of the San Francisco Gas Company.  
Approved March 6, 1858.*

SEC. 1. (Provides for the payment of the past indebtedness due by the city and county of San Francisco to the company.)

SEC. 2. The Board of Supervisors of the city and county of San Francisco are hereby authorized to audit, allow, and pay, the bills of the San Francisco Gas Company, rendered after the passage of this Act, at the end of each calendar month, in pursuance of the original contract made with James Donahue & Co. by the city of San Francisco.

SEC. 3. In case the Board of Supervisors of the city and county of San Francisco shall order any gas for the City Hall, engine houses, or any other public buildings, they are hereby authorized to audit and pay for the same out of the General Fund of the city and county of San Francisco as herein provided.

SEC. 4. The payments authorized to be made by this Act, when ordered by the Board of Supervisors, shall be made out of the General Fund, and in addition to the payments specified in section eleven of an Act entitled an Act amendatory of and supplementary to an Act to repeal the several charters of the city of San Francisco, to establish the boundaries of the city and county of San Francisco, and to consolidate the government thereof, approved April nineteenth, one thousand eight hundred and fifty-six, said Act approved April eighteenth, one thousand eight hundred and fifty-seven, and said section eleven being an amendment of section ninety-five of the said original Act, approved April nineteenth, one thousand eight hundred and fifty-six.

SUPPLEMENTAL XX.—*Act to provide for the administration of the Fire Bond Sinking Fund. Approved April 11, 1859.*

SEC. 1. The President of the Board of Supervisors, the Auditor and the Treasurer of the city and county of San Francisco, and their successors in office, are hereby constituted Commissioners of the Fire Bond Sinking Fund of said city and county.

SEC. 2. Said Commissioners shall have the custody and management of said Fund, and shall have power to cause the said Treasurer, from time to time, to advertise for proposals to redeem or surrender said bonds upon the best terms, not exceeding their par value, to the extent of the money at credit of said Sinking Fund, and if no tenders are made, then said Commissioners shall have power to loan said money, or any part thereof, on the security of any bonds of the city and county of San Francisco, or of the State of California, at the best rate of interest obtainable.

SUPPLEMENTAL XXI.—*Act to provide for the actual Prospective Deficiency in the Corporation Debt Fund. Approved April 5, 1860.*

SEC. 1. The President of the Board of Supervisors, the Auditor and Treasurer of the city and county of San Francisco, are hereby authorized and empowered, for and on behalf of said city and county, to borrow a sum of money, not exceeding fifty-five thousand dollars (\$55,000) on the best terms possible, payable in demands on the General Fund of the said city and county, in order of their registration, as in other cases. Said demands respectively shall express on their face the sum of money loaned, and the rate of monthly interest which said officers shall have agreed to allow for the same, and, upon receipt of such sum, said officers shall indorse their approval upon such demands, when the same shall be duly audited and then presented to the Treasurer, who shall forthwith register them. At the time when the said demands for principal shall become due, and payable in the order of registration, the Treasurer shall give notice thereof to the lenders or their assigns, and the interest accruing upon said demands shall thereupon cease, and the same shall then be computed and a separate demand for the amount of interest already accrued shall be forthwith approved by the aforesaid officers, audited and paid simultaneously with the principal, without registration, in the treasury. The money so borrowed shall be paid into the Corporation Debt Fund, and shall be applied by the City and County Treasurer to the payment of the interest falling due July first, one thousand eight hundred and sixty, upon coupons number twelve of the Fire Bonds, coupons number ten of the bonds of one thousand eight hundred and fifty five, both due in New York, and coupons number four of the bonds of one thousand eight hundred and fifty-eight, due in San Francisco.

SEC. 2. The Treasurer of the city and county of San Francisco is hereby authorized and empowered to transfer to the General Fund, from the moneys collected for taxes of the fiscal year, eighteen hundred and sixty, and eighteen hundred and sixty-one, and the fiscal year eighteen hundred and sixty-one, and eighteen hundred and sixty-two, applicable to the Corporation Debt Fund, the amount drawn from the said General Fund, to meet the demands referred to in the preceding section; and, also, an amount, not exceeding eighteen thousand dollars, for the purpose of meeting the deficiency in the said General Fund, caused by payment therefrom of balance due Commissioners of the Funded Debt of eighteen hundred and fifty-seven, on requisition of the fiscal year last passed, properly payable out of the Corporation Debt Fund; and furthermore to the Fire Bond Sinking Fund, from the same source, the sum of sixteen thousand six hundred and sixty-six dollars and sixty-seven cents, corresponding thereto, for the fiscal years eighteen hundred and fifty-nine, and eighteen hundred and sixty, and the further sum of sixteen thousand six hundred and sixty-six dollars and sixty-seven cents, for the current fiscal year.

# CHURCHES.

## BAPTIST.

### First Baptist Church.

REV. D. B. CHENEY, Pastor; Location, N side Washington near Stockton. Pastor's residence, SW corner Clay and Prospect Place.

This church was organized in June, 1849, under the labors of its first pastor, Rev. O. C. Wheeler. The church lot was purchased in the spring of the year, for the sum of \$10,000. The first house of worship was dedicated in August, 1849, and was the first Protestant house of worship erected in California. Rev. O. C. Wheeler's pastorate ended in November, 1851, who was succeeded by Rev. B. Briery in May, 1852. In the summer and fall of 1853, the wooden building was removed, and the basement of the present edifice was erected at a cost of \$13,000. In this the church worshipped until September, 1857, when it dedicated its newly-finished building which it had completed for the sum of \$16,000, including upholstery. The church edifice has been recently placed in complete repair, and newly furnished throughout; and during the administration of the present pastor, considerable accessions have been made to the congregation.

Number of communicants, 265. There is a Sabbath School and several Bible classes connected with the church, and a library containing upwards of two thousand volumes.

Sabbath services morning and evening; Sabbath School at 1 P. M. Prayer Meeting every Wednesday evening; Sabbath School Teachers' Meeting held on three Friday evenings of each month, conducted by the Pastor; Church Covenant Meeting the Friday evening preceding the first Sabbath in each month.

*Officers.*—Deacons, Abram. Hobson, A. B. Forbes, D. N. Breed and J. F. Pope; Trustees, J. F. Pope, A. B. Forbes, P. Sather, George W. Dam and P. S. Wright; Clerk, John S. Geddes; Treasurer, D. C. Breed; Superintendent of Sabbath School, A. B. Forbes; number of members 400.

Preaching every Sabbath at 11 o'clock A. M., and 7½ P. M.; Lecture every Wednesday evening at 7¼ o'clock; Sabbath School immediately after morning service.

*Officers of Church.*—Deacons, L. B. Benchley, Edward P. Flint, Lyman Diekerman and L. P. Fisher; Standing Committee, J. W. Clark, O. B. Jennings and A. G. Stiles.

*Officers of the Society.*—Ira P. Rankin, Moderator; George H. Kellogg, Clerk; Edward P. Flint, Treasurer; Trustees, J. W. Clark, Ira P. Rankin, Samuel Adams, Wm. A. Dana, Edward P. Flint and O. B. Jennings.

This church, or congregation, was organized July 29, 1849, when Thomas Douglass and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt, assisted by Rev. A. Williams. The society met in the school-house on the Plaza until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erection of a suitable house of worship, which resulted in the building of a commodious frame structure, 25 by 50 feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God, February 10, 1850. Rev. T. D. Hunt was chosen pastor, and installed June 26, 1850, who, in this connection, it is proper to state, was the first Protestant clergyman, located as such, in the State, having arrived at San Francisco as early as October 29, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house; accordingly, measures were adopted in the summer of 1852, for the erection of the present substantial brick edifice, which was dedicated on the 10th of July, 1853. Rev. E. S. Lacy, the present pastor, was installed July 6th, 1856.

The whole number of members admitted to the church since its organization is 464. The present membership is 350. The cost of the

present church property, including lot, building and repairs, has been about \$70,000.

*Sunday School.*—Superintendent, L. B. Benchley; Assistant, E. P. Flint. Number at present connected with the Sabbath School, of scholars and teachers, is about 500; average attendance, 300. A valuable and instructive Library of over 2,000 volumes is attached to the Sabbath School.

## EPISCOPAL.

### Grace Church.

Rectorship vacant. Location, W side Powell between Jackson and Pacific.

Public services every Sunday at 11 A. M. and 7½ P. M.; Sunday School at half-past one in the afternoon. This convenient structure was erected in 1851, and is one of the oldest in the city. The congregation was organized in 1849, the statistics of which may be summed up as follows: Communicants, 200; the Sunday School numbers about 200 scholars, and has a library of over 300 volumes. The first rector of the church was Dr. J. L. Ver Mehr, who preached his first sermon in California at the house of Mr. Merrill, in this city, September 10th, 1849. The church was then in embryo, not yet having been duly organized. A party of gentlemen soon after invited Dr. Ver Mehr to preach at Frank Ward's house, situated on the corner of Stockton and Green streets. A chapel was next built towards the close of 1849, at the corner of John and Powell streets, which was first opened for divine services, December 30th, 1849. This was the first Grace Church. It was 60 feet long by 20 feet wide, and cost \$8,000. The bell is that used in the present Grace Church, on Powell street. It weighs 800 pounds, cost \$350, and has called the faithful to prayers from the first. It was presented by Mr. Frank Ward. On the 28th of April, 1850, Grace Church was formally organized, and came into being. E. Bryant and D. S. Turner were elected Wardens, and Dr. Ver Mehr chosen Rector. The first vestry meeting was held on May 20th, 1850—eleven years ago. In February, 1851, the contract was made to build the present Grace Church on Powell street, which was finished that summer. Its dimensions are 68½ feet in length, and 38 feet 4 inches in width. The entire length, counting the chancel, is 97 feet 4 inches. The tower is 60 feet in height. Dr. Ver Mehr preached the first sermon in this edifice. Bishop Kip arrived in San Francisco January 29th, 1854, and on the 25th of February following, assumed the Rectorship, at which time Dr. Ver Mehr resigned. The Bishop continued to officiate until Palm Sunday, April 5th, 1857, when F. C. Ewer was ordained, and on the next Sunday he preached his first sermon. On the 14th of April Mr. Ewer was elected to be Assistant Minister, and on the 20th of the same month he took charge of the parish, the Bishop having departed for the Atlantic States. The Bishop having returned and resigned the Rectorship, Mr. Ewer was elected Rector of the Church on the 15th of December,

1857, and retained that position till April, 1861, when he resigned.

The congregation are now erecting at the SE corner Stockton and California streets, a commodious and substantial church edifice, which will be, when completed, one of the finest church buildings on the coast. The church will cover an area of 137½ feet by 68 feet, and will contain within its walls every convenience necessary to carry out the holy objects for which it was erected.

*Officers.*—Wardens, J. W. Wilde, Sr., Hon. Edward Stanly; Vestrymen, R. J. Vandewater, E. Pringle, Stephen Smith, D. S. Turner, G. W. Gibbs, H. F. Williams, H. C. Parker, C. O. Gerberding, and William Blanding.

### Trinity Church.

REV. S. C. THRALL, Rector; Church located N side of Pine between Montgomery and Kearny. Pastor's residence 24 Minna; organized, 1850.

Public Worship every Sunday 11 A. M. and 7½ P. M.; daily, 11 A. M. and Wednesday and Friday 4 P. M.; Sunday School, 9½ A. M.

*Officers.*—Wardens, J. D. Hawks, Sr., B. H. Randolph, Jr.; Vestrymen, S. R. Throckmorton, H. P. Janes, W. F. Babcock, James Bell, Jacob Underhill; W. L. Booker, J. C. McCeney. Clerk, Jos. G. Eastland.

### St. John's Church, Mission Dolores.

Rectorship vacant.

This Church was established in November, 1857—the Rev. John Chittenden, President of the San Francisco College, then a lay reader, licensed by the Bishop of the Diocese, officiating as its minister. The parish, of which this is the church, was instituted in February, 1858, and it is now in a state of forwardness, to be permanently received as such into the Diocese of California. It is of the Protestant Episcopal Church, and has all the privileges of other churches in the Episcopate. It is a neat edifice, and is thoroughly furnished with organ, robing-room, altar, pulpit and vestment. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into the neighborhood. The Rev. J. Cameron, ordained in April last, officiated as Curate—the Rev. J. Chittenden being his Rector. By the energy of the Curate, assisted by his brother clergymen, he has established the Episcopal Church permanently in this vicinity. Services are held at different hours, from 11 A. M. to 3 P. M., to suit the attendants. It is worthy of being noted, that the Ministers, Organist (Mr. Theodore Smith), Choir, and other assistants, give their services gratuitously. The church can accommodate upwards of 200 persons.

### Church of the Advent.

REV. F. MARION McALLISTER, Rector; Residence 928 Mar.

The Parish was established, with its first and present Rector, June, 1858.

This church is located on Howard Street be-

tween Second and Third Streets. It was completed and consecrated February 24th, 1861.

Services every Sunday at 11 A. M. and 7½ P. M.; Sunday School at 9 A. M.

*Officers.*—Wardens, H. S. Austin sr. and Cutler McAllister; Vestrymen, L. A. Garnett, C. A. Eastman, J. J. Williams, J. Van Dyke, T. R. Johnson, Hall McAllister and C. Langley.

The new church, with its lofty steeple, forms a conspicuous object in the southern part of the city. The architecture is nearly pure Gothic. Some modifications in the Romanesque style have been introduced, adding materially to the light and graceful effect. The exterior is of a rich dark brown, and, with its lofty lantern, reminds one of "St. Dunstan's in the East," London, built by Sir Christopher Wren, and copied by him from the fine old church of St. Nicholas, New Castle, England.

The interior is plain and elegant, and offering an auditorium in the clear of fifty feet by eighty, or one hundred and twenty feet in depth with the chancel. The walls are painted in imitation of stone, the ceiling, which is divided with delicate tracery, springs gradually to the apex of the roof, and is painted light blue. The chancel is a model of neat, unpretending architecture, and with the pulpit, which is very high, is much in the old English style. A very attractive feature is the Ten Commandments, which fill up the niches at the rear of the chancel. The windows are lofty and divided into diamond-shaped sections by a lattice work of wood on the inside.

The lot, with the edifice and furniture, cost the society twenty-seven thousand dollars.

## METHODIST EPISCOPAL.

### Powell Street Church.

REV. M. C. BRIGGS, Pastor; Residence, N side Washington above Powell; Location, W side Powell between Washington and Jackson; organized in the autumn of 1849, by Rev. William Taylor. During that season a small building received from Oregon was erected on the half of a fifty-vara lot, which had been obtained from Mr. John Trubody. In the year 1851 this building was enlarged; in 1852 it was removed to give place to the present structure, which was opened for public worship in February, 1853. Number of communicants, 225. Preaching on Sunday at 11 A. M. and 7½ P. M. Sunday School 2½ P. M. Sabbath School Superintendent, John Burns, jr. Number of teachers, 40; scholars, 300.

This congregation was organized by Rev. John J. Moore, the late pastor, August 1st, 1852. Up to August 13, 1856, worship was held in a frame building on Stockton street, opposite the Marine Hospital, since which service has been held in the present brick edifice, one story of which is finished. It was dedicated September 7th, 1856. The expenditure on this building, thus far, has been \$4,000. Attached to the congregation is an interesting Sabbath School, numbering about 35 pupils, 6 teachers, and a Library of 500 volumes; Madison Bell, Sup. Public services and Sabbath School every Sunday at the usual hours.

### PRESBYTERIAN.

#### First Presbyterian Church.

REV. W. C. ANDERSON, D. D. Pastor. Residence, E s Powell between Clay and Washington; Location, Stockton Street near Clay. Services on Sabbath at 11 o'clock A. M., and 7½ P. M. Sabbath School and Bible Class at 1 o'clock P. M. Lecture on Wednesday evening at 7½ o'clock.

This church was organized May 20th, 1849, under the direction of the Rev. Albert Williams, and was the first Protestant Church organized in San Francisco. W. W. Caldwell, Frederick Billings, Dr. Geo. F. Turner, Mrs. Sarah B. Gillespie, Mrs. Ann Hodgson, and Mrs. Margaret A. Geary, were the original members; Capt. B. Simmons, E. Woodruff and H. Grimes, were the first trustees.

During the summer of 1849, the congregation worshipped in a tent on Dupont Street, afterward in a storeroom of the Custom House, and in the Superior Court room, City Hall, until January, 19th, 1851, when a neat Gothic edifice, capable of holding seven hundred persons, was dedicated. This house was destroyed by the great fire of 22d June, 1851. A plain building was immediately erected, in which the congregation worshipped until August, 1857; and from that time till May, 1858, their meetings were held in the Chinese Mission Chapel. Their present fine house of worship was built in the summer and autumn of 1857, at a cost of about fifty thousand dollars, including the lot, furniture and fixtures. It is in the Gothic style of architecture throughout. The main building is 117 feet long, or to the outside of the tower, 123½; and is 61 feet wide. Rooms for the Pastor's study and social meetings, are on the same floor with the audience room, which last is 81 by 58 feet; with a ceiling 39 feet high. A Sabbath School room 57 by 36, is over the front apartments; on the north-east corner of the house, there is a brick tower 96 feet in height. There is

an organ gallery that will seat a choir of forty persons. In all its arrangements the edifice is admirably adapted to its purpose, and at the same time, is in accordance with true architectural taste.

*Officers.*—REV. W. C. ANDERSON, D. D. Pastor; R. H. Waller, N. Gray, S. Hopkins and W. W. Caldwell, Elders; John D. Arthur, L. B. Edwards, Samuel Irving, Henry L. King, Chilton Beach, James K. S. Latham, William Elder, James Bowman and Richard J. Nichols, Trustees.

The Church is in a very prosperous condition, more than 80 members having been added to its communion, and the number of its pew-holders more than doubled in the past year. Present number of communicants 280. Sabbath School Superintendent, S. B. Stoddard; number of teachers 30; whole number of scholars 280; average attendance of scholars for April, 247; a fine library of over 2,000 volumes is attached to the school.

#### Calvary Presbyterian Church.

REV. W. A. SCOTT, D. D., Pastor; Location north side of Bush Street, between Montgomery and Sanson. Services every Sabbath, at 11 A. M. and at 7 P. M., in winter months, and at 7½ P. M. in summer. Public lecture Wednesday evening; Prayer Meeting Sabbath evening, one hour before the evening service. Sabbath School every Sabbath at 9½ A. M., Jas. B. Roberts, Superintendent.

*Officers.*—Elders, R. McKee, Henry P. Coon, James D. Thornton, Jas. B. Roberts; Deacons, Edward Hagthorp, Z. Snyder; Trustees, F. Henderson, John Middleton, Jas. B. Roberts, H. H. Haight, A. P. Stanford, R. B. Woodward, Frank Baker, H. H. Bancroft and H. M. Newhall.

This church was erected in the fall of 1854, at a cost, including the lot, of about \$70,000. On its completion, the property was largely in debt, but the debt was gradually reduced, and finally wholly extinguished. The whole property is now entirely free from debt, and the income of the church, now some \$13,000, from pew rents and Sabbath collections, is ample to meet all its current expenses. The church has a splendid organ, built by Henry Erben, of New York, which cost over \$8,000. This is, in all respects, the largest and most costly organ on the Pacific coast, and it has few superiors even in the Atlantic States. It has 46 stops, and over 2,000 pipes. The greatest variety of combinations can be made by the use of the various stops and couplings; and for excellence of workmanship, and sweetness of tone, it has been pronounced by judges to be unsurpassed. Mr. G. A. Scott presides as organist.

The church building will seat comfortably 1000 persons. The number of communicants is now about 360. The number of scholars and teachers in the Sabbath School is about 225; number of volumes in the library, 1000, which were selected with great care, and form a very complete library. Connected with the church is a depository of the books of the Presbyterian Board of Publication, in which there is kept a variety of the

standard books and tracts published by that Board.

#### Howard St. Presbyterian Church.

REV. S. H. WILLEY, Pastor; Location, corner Natoma and Jane, near Howard Street.

Organized September, 1850, to supply a portion of the city (Happy Valley,) then destitute of religious privileges. Under the auspices of the present pastor, the building at present occupied by the congregation was dedicated June 17, 1851. It has recently been enlarged and thoroughly repaired, and now contains a neat and commodious audience room—besides Lecture room, Sabbath School room, etc., in the basement.

*Officers.*—Messrs. Charles A. Hawley, Richard F. Knox, G. W. Armes, J. E. Davis, E. Bigelow and Cyrus Palmer, Trustees.

Public service every Sunday at 11 o'clock A. M. and 7½ P. M. Sabbath School at 9½ o'clock every Sabbath morning. Superintendent of Sabbath School, Wales L. Palmer; Number of Teachers, 30; Scholars, 200; number of volumes in library, 1,700.

#### St. Paul's Presbyterian Church.

REV. A. WILLIAMS, Pastor. This new church, gathered under the ministry of Rev. A. Williams, was organized agreeably to the form of government of the Presbyterian Church in the United States, on the 13th of January, 1861, by a committee appointed by the Presbytery of California. The committee consisted of Rev. A. Williams, F. Buel and A. W. Loomis, and ruling elder Nathaniel Gray. The original members of the church, under the usual officers in the eldership and deaconate, numbered twenty-one. Its religious services have been held in a temporary building on Mission Street, but measures are in progress for establishing the church in a permanent location and edifice. In connection with the church is St. Paul's Sunday School.

#### Welsh Presbyterian Church.

Location, Pollard Place, north side Vallejo between Dupont and Kearny.

This church is at present closed.

### ROMAN CATHOLIC.

#### St. Mary's Cathedral.

MOST REV. JOSEPH S. ALEMANY, Archbishop; Rev. James Croke, V. G. Rector; Very Revs. John Harrington, John Handy and J. Cotter, Assistants. Archi-episcopal and pastoral residence, Dupont Street, adjoining the Cathedral. Location, N. E. corner California and Dupont streets. Masses, Sundays at 6½, 9 and 11 o'clock A. M.; week days, 6, 6½, 7 and 7½ o'clock A. M.; Vespers at 7 o'clock, Sunday evenings.

The erection of this noble structure was commenced on the 17th of July, 1853, during which year the basement portion was built, and the work was resumed the July following. Dedicated, December 25, 1854. The Church is 75

feet wide, fronting on California Street, by 131 feet on Dupont Street, being the largest church in the State. A portion of the basement is now used for a school and a library, the rest being reserved for a small chapel. Service was begun at midnight on December 24, 1854. The basement portion, which is 19 feet high, is lighted from both sides and well ventilated. The present expenditure on the building is \$175,000. The Church portion is 45 feet high in the clear and contains spacious galleries and an organ loft. The ceilings are vaulted with a series of groined arches which are decorated, and every means has been resorted to for accommodation, light and ventilation. The Church can seat twelve hundred persons. The tower is at present 135 feet high, and when completed, with the spire, will be 200 feet high. The edifice is of Gothic architecture, which has been carried out in every detail through the building. In all the arrangements for the erection of the Church, the greatest attention has been paid to the selection of the best materials, and to the combination of strength and durability, which are admirably effected in its construction. Craine & England, architects.

#### St. Francis.

VERY REV. PETER MAGGOGNOTTO, V. G. Pastor; Rev. Thomas Cian, (Chinese,) and Rev. P. Walsh, assistants. Pastoral residence S s Green near Dupont; Location N s Vallejo bet Dupont and Stockton. Services, Sunday 6½, 8½ and 11 A. M.; Sunday School, 2 o'clock P. M., and evening devotions at 7 o'clock P. M.; at 8½ o'clock A. M. the sermon is in Spanish.

This Church was organized by Very Rev. Anthony Langlois in the spring of 1849, through whose efforts a commodious frame building was erected in the month of December, 1849, and was the first Roman Catholic Church organized in San Francisco. Its ground base was 40 by 100 feet, one story in height. During the years 1859-'60 a large and commodious Church was erected, which was dedicated on the 17th March 1860. Its design is of the Gothic order, prevalent in the fourteenth century, presenting an illustration of the Christian Architecture of that period. The principal features of this imposing structure are the towers, which project beyond the body of the Church, and present in their elevation four divisions, rising to a height of 90 feet from the ground. The entrance porch, or vestibule, has two side aisles, a semi-octagonal sanctuary, and two sacristies, and is approached by a flight of ten steps, ascending to the vestibule, from which, at each side, are entrances to the galleries and baptistry, and in front are the pointed arch doorways which lead to the nave and aisles. In the central space, between the towers, are the three doorways communicating with the vestibule, and thence with the interior. Over the central door there is a large and elegant three-compartment window, and in the gable, a highly decorated rose window. Over each side door, there is a lofty and spacious niche, which rises from richly moulded brick corbels; there are, also, three marble panels, with appropriate inscriptions, re-

cessed in the brickwork immediately over each doorway and the gable; the work is finished with a massive and richly decorated cross.

The east and west sides of the structure are divided by buttresses into eight spaces, in each instance; seven of which contain the large pointed arch windows which light the Church. Beneath the floor of the Church, there is a large and well-lighted basement, which is to be used as a school-room, and also as a place of meeting for the parishioners. The extreme length of the building is 66 by 137½ feet; from the floor to the foot of the rafters, is 35 feet. The cost when completed will be nearly \$100,000.

#### St. Patrick's Church.

REV. JOHN MAGINNIS, Pastor; Location, Market between Second and Third streets; residence East side Annie near Jessie; Rev. M. King, Assistant. Masses, Sundays at 7, 8 and 11 o'clock A. M.; week days, 6 and 7 o'clock A. M.

Assistants; Location, S s Market bet Fourth and Fifth; Masses, Sundays at 6½, 7, 8½ and 10½ o'clock A. M.; Vespers, 7 o'clock P. M.; week days, 6½, and 7½ o'clock A. M. This church is under the direction of the Jesuits, was dedicated July 15th, 1855, and has St. Ignatius' College connected with it. The 100-vara lot on which the present humble edifice stands belongs to the society, and cost \$11,500. As soon as the means can be procured, a splendid church will be erected.

#### Notre Dame des Victoires.

REV. DOMINIC BLAIVE, Pastor; Location, N side Bush between Dupont and Stockton streets. Services 7½ A. M. every day—Sundays at 7 and 11 A. M.; also Vespers at 3¼ P. M. The congregation was organized May, 1856, and its splendid edifice dedicated on the 4th of the same month. The building was constructed by a society of Baptists, and at the date above given was disposed of to the present owners. It has a ground base of 50 by 100 feet, is a very beautiful and massive brick structure, and with its basement, which is intended for school rooms connected with the church, has a capacity of comfortably seating seven hundred persons.

#### Mission Dolores.

REV. JOHN PRENDERGAST, Pastor. Services at 8 and 11 o'clock A. M., daily. This adobe Church is located on the SW corner of Sixteenth and Dolores streets; was dedicated on the 9th of October, 1776, although projected in 1769 by Fa-

ther Junipero Serra, the founder of the California Missions. The first Friar who had charge was Francisco Palou, who was assisted in his labors by Benito Cambon. At the organization of this Mission, and for its protection, there were 15 soldiers located at the Presidio, under the command of S. Flores. A cemetery is attached to the Church, in which the first interment was made in September, 1776. The first Indian convert was baptized on the 27th December of the same year. In the introductory portion of the present volume, page 5, will be found further details connected with the history of this Mission. Attached to this Church is the College of St. Thomas.

REV. THOMAS STARR KING, Pastor. Location, West side of Stockton street, between Clay and Sacramento. Services Sunday at 11 A. M. and 7½ P. M. Sabbath School Sunday at 1 P. M. Pastor's residence, No. 831 Bush street, East of Taylor. This society was organized September 1, 1850. The present edifice owned by the society was erected in 1852, and dedicated July 17th, 1853. The first regular Pastor, the Rev. Joseph Harrington, arrived August 27th, 1852, and died November 2d of same year, of Panama fever. The second regular pastor Rev. F. T. Gray, arrived June, 1853, and left in June, 1854, and died in Boston February, 1855. The third regular pastor, the Rev. R. P. Cutler, arrived August 31, 1854, and continued his ministrations without intermission, until June 1, 1859, at which time he resigned his charge, and left for New York. The Rev. Jno. A. Buckingham, then officiated as temporary pastor until April, 5, 1860. The present Pastor, Rev. T. S. King, arrived here with his family April 28, 1860, and commenced his ministrations the following day

(Sunday) before one of the largest congregations ever assembled in this city. Since the commencement of Mr. King's labors, and during the period of ten months this society has relieved itself of a debt which had been for years accumulating upon them, and which amounted on the 1st May, 1860, to very nearly \$20,000. The mortgage upon the building \$12,500 has been paid, and the society is now *entirely free from debt*. The building is capable of seating 1,000 persons, and is one of the most attractive places of public worship in the city.

The original officers of the Society were: F. W. Macondray, Wm. Hooper, S. P. Dewey, Jas. King of Wm., and F. A. Hussey, Directors; George F. Noyes, Clerk, and Jno. Perry, jr., Treasurer.

*Present Officers.*—R. B. Swain, Moderator; Wm. C. Hinckley, Treasurer; W. A. Macondray, Secretary; D. C. McRuer, George H. Davis, James Otis, Moses Ellis, Wm. Norris and L. A. Cooledge, Trustees.

The "Pilgrim Sunday School" connected with this Society, has always been one of the largest, most flourishing, and best conducted institutions of the kind in this city. It has a regular attendance of about 300, and there is also in connection with this school a valuable and increasing library numbering at the present time nearly 3,000 volumes.

## MISCELLANEOUS.

### Chinese Mission House.

REV. A. W. LOMIS, Pastor; Residence, NE corner Stockton and Sacramento; Location, NE corner Sacramento and Stockton Streets.

Religious services in the Chinese language on Sabbath at 2 o'clock P. M., and also on Thursday evenings. An Evening School is kept throughout the week. The house is brick, and was built by the liberality of the citizens of San Francisco, and by funds from a Board of Missions in New York, by which the Mission to the Chinese in California is supported. The house contains school rooms in the basement; on the first floor a chapel which will seat two hundred persons, and on the second, apartments for the accommodation of the Missionary family.

### The Mariners' Church.

REV. J. ROWELL, Pastor; Residence, on Bernard Street, near Taylor; Location, Clark Street near Pacific Wharf.

This church was organized with six members, in December, 1858, and now consists of forty.—Public worship every Sabbath at 3 o'clock, P. M. There is connected with the church a Sabbath School and Bible Class, numbering more than eighty teachers and scholars. The house of worship is a commodious wooden building, on Clark Street, near Drumm. It was erected some years since by contributions from merchants and other citizens of San Francisco.

*Officers.*—Rev. J. Rowell, Pastor, and Chaplain of the American Seamen's Friend Society,

who has labored here since August, 1858; Obed Chart and James F. Stewart, Deacons.

This church finds a wide field of usefulness, in the usual church services, a large Bible class for seamen and strangers, a Sabbath religious reading room, weekly prayer meetings, in several sailors' boarding houses, preaching on the Sabbath and personal labor during the week, at the U. S. Marine Hospital, distribution of Bibles and tracts on ship-board, boarding houses, and elsewhere, and missionary labors about the streets, wharfs and shipping, and on board several men-of-war, and other sea-going vessels.—It is an undenominational missionary church.

During the year 1860 a society was formed among the business men of San Francisco, having for its object the moral improvement of seamen, called the San Francisco Port Society. It seeks to attain its object by sustaining the preaching of the Gospel, and other missionary labors, in connection with the Mariners' Church. The officers of the Society for the present year, are Judge H. P. Coon, President; Ira P. Rankin, Vice President; J. Rowell, Secretary; O. B. Jennings, Treasurer; Capt. J. C. Hoyt, Capt. J. B. ## Benevolent.

**ORPHAN ASYLUM, (CATHOLIC)**—Market near Kearny street. Organized March 23d, 1851, and placed under the care of the Sisters of Charity. A frame building for this purpose was commenced in July, and completed in September, 1851. It was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of Rev. John Maginnis. The present capacious brick building was completed in November, 1854, at a cost of \$45,000. It is a source of gratification to behold the consoling appearance presented by the 275 little ones now provided for in the institution, which speaks audibly of the benign influence of their guardian Sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless. Another spacious brick building, of the same dimensions as that erected in 1854, was completed in January, 1859, for a school, in which 550 children receive a useful education. The Asylum is conducted under the sole management of Archbishop Alemany, Rev. John Maginnis and the Sisters of Charity.

**ORPHAN ASYLUM SOCIETY, (PROTESTANT)** Organized January 31, 1851, and incorporated February 10, 1851. *Original Officers*—President, Mrs. Albert Williams; Vice-President, Mrs. S. H. Willey; Secretary, Mrs. E. A. Warren; Treasurer, Mrs. Boring; Managers, Mrs. R. H. Waller, Mrs. C. V. Gillespie, Mrs. Taylor, Mrs. Ver Mehr, Mrs. Joice, and Mrs. O. C. Wheeler; Trustees, Charles Gilmore, D. L. Ross, and S. Franklin. It originally occupied the building on the corner of Second and Folsom streets, owned by Mr. H. W. Halleck, whence they removed the children in March, 1854, to the present building, just then completed at a cost of \$30,000. This house, built of stone and brick, expressly for the purpose, is highly creditable to the Institution, and one of the noblest monuments of San Francisco benevolence. During the year 1859 a new wing was added, thereby increasing the facilities of the Institution. Present number of children under the care of the Asylum is 70—boys 44, girls 26.

*Officers.*—President, Mrs. Ira P. Rankin; Vice-President, Mrs. R. J. Vandewater; Treasurer, Mrs. S. R. Throckmorton; Secretary, Mrs. C. V. Gillespie. Managers, Mrs. D. B. Cheney, Mrs. Wm. H. Dow, Mrs. H. L. Dodge, Mrs. C. O. Gerberding, Mrs. Henry Haight, Mrs. Annis Merrill, Mrs. John Middleton, Mrs. Isaac Swain, Mrs. J. B. Thomas, Mrs. R. H. Waller, Mrs. A. C. Wakeman, Mrs. Albert Williams. Trustees, D. O. Shattuck, Frederick Billings, F. W. Macondray,

R. J. Vandewater, J. B. Crockett, J. B. Thomas. Superintendent, Edwin Kimball, M. D. Matron, Mrs. Edwin Kimball.

**B'NAI B'RITH.**—Modin Lodge No. 42. Meets weekly. Hall 726 Montgomery. Number members, 45.

*Officers*—President, R. Englander; Vice-President, A. Eger; Recording Secretary, Emanuel Mendel; Financial Secretary, Charles Hess; Treasurer, L. Goldshaw.

**B'NAI B'RITH, I. O. O. F.**—Ophir Lodge, No. 21, under the charter of the District Grand Lodge of New York. Meets every Wednesday evening, at 726 Montgomery street.

*Officers*—President, Lewis Korniker; Vice-President, Lewis Schwartz; Recording Secretary, Alexander Coney; Financial Secretary, Louis Seldair; Treasurer, H. Barnett; Trustees, Louis Kaplan, Louis Lewison, Julius Stamper. Number of members, 108.

**BRITISH HOSPITAL AND RELIEF SOCIETY.**—*Officers*—Trustees, Joseph Clark and E. R. Falkner; Treasurer, B. Davidson.

**CHEBRA BIKUR CHOLIM UKEDISHA SOCIETY.**—Organized February, 1857, to assist needy and sick brethren with medicine, attendance and all necessities required in case of disease. Meetings held every second Sunday in the month at Platt's Hall.

*Officers*—President, J. P. Davies; Vice-President, Louis Sherk; Recording Secretary, Wm. Meyer; Corresponding Secretary, Isaiah Cohn; Treasurer, M. B. Ashim; Trustees, Peter Abrahamson, Abraham Martin, Meyer Blass, H. L. Lewis; Messenger, Raphael Meyer.

**CHEBR' B'RITH SHALOME.**—Meet Hall 222 Montgomery, first Sunday of each month. Number of members, 120.

*Officers*—President, I. N. Choynski; Vice-President, Samuel Brodek; Recording Secretary, B. Pulverman; Financial Secretary, S. Morganstern; Treasurer, R. S. Kalish; Trustees, S. Kellner, S. Solomon, and M. Friedberg.

**DEAF, DUMB AND BLIND INSTITUTION.**—School, corner Mission and Sparks streets, organized 1860. Number of pupils, girls 13, boys 15. Total 28.

The Legislature of California, at its last session, made an appropriation of \$10,000 for the purpose of completing an additional wing to the new building recently erected for the purposes of this society. At present the institution is under the charge and control of the Lady Managers, who are ready to receive all children of this unfortunate class; and as the enterprise relies almost entirely upon the exertions of the Ladies for support, it is hoped that all will take an interest in it. Among all the charitable institutions so liberally sustained by the wealthy and benevolent, none is more worthy of support than this. The school will be free to all; yet it is expected of parents and guardians of children, who have the ability, to pay \$300 per annum, and of those in moderate circumstance, what they are willing, or conveniently can.

The managers propose to receive all of suitable age to commence their education, and it is considered better to send the Deaf-Mutes young, say 5 years old, as it is essential they should learn the Sign Language correctly at the commencement.

*Officers*—President, Mrs. P. B. Clark; Vice-President, Mrs. J. P. Whitney; Treasurer, Mrs. B. H. Randolph; Secretary, Mrs. C. W. Jones.

**ENGLISH FRENCH RELIEF SOCIETY.**—Organized August 7, 1859. Office, Lafayette Hook and Ladder House, Broadway near Stockton.

*Officers*—President, Antonio Forest; Vice-Presidents, G. Touchard and L. Delafont; Secretary, T. T. Mibielle; Treasurer, Gustave Dussol.

**EUREKA BENEVOLENT SOCIETY.**—Established October, 1850, to assist poor and needy Hebrews, in want or in sickness.

Number of members 300, who pay \$1 each per month, besides a small additional sum to accumulate as a sinking fund for the support of widows and orphans. The society has a capital of \$25,000, partly invested in real estate and partly on interest.

*Officers*—President, Aug. Helbing; Vice-President, B. Schloss; Secretary, Julius Behr; Financial Secretary, J. Greenebaum; Treasurer, L. B. Wertheimer; Trustees, M. Mayblum, Max Frankenthal, Ab. Wolf, Morritz Meyer, J. Manheimer.

**FENIAN BROTHERHOOD.**—Organized in 1860. Meet every Tuesday and Friday at 511 Sacramento street. This society is established for charitable purposes.

**FIRST HEBREW BENEVOLENT SOCIETY.**—Established in 1849, to assist needy Hebrews in sickness and in want. Number of members, 225.

*Officers*—President, Leopold King; Vice-President, M. B. Cohen; Secretary, B. Isaacs; Treasurer, Jacob Rich. Trustees, J. P. Newmark, P. Berwin, H. Meyer, C. Meyer, H. Cohn and Henry Pinckus.

**FRIENDS OF IRELAND CLUB.**—Organized in 1859. Meet every Tuesday at Assembly Hall, NW corner Kearny and Post.

**FRENCH BENEVOLENT SOCIETY, (Société Française de Bienfaisance Mutuelle.)**—Established 28th December, 1851. This is a Mutual Relief Society, established for the purpose of affording assistance to its members in case of sickness. The buildings at present connected with the Society are located on the corner of Bush and Taylor. A new and commodious hospital has been recently erected on Brannan Street between Fifth and Sixth, which forms a very important addition to the charitable institutions of the city. Office of the Society, 649 Sacramento Street.

*Officers*—President, P. Torquet; Vice-Presidents, P. Donnot and M. Dubourque; Treasurer, E. Lazard; Secretaries, Daniel Levy and J. Dubourque; Trustees, A. Benard, Dubedat, Traves, Franconi, Viand. A. Lemaitrie, Salomon, Chauche, Peter Job.

**GERMAN GENERAL BENEVOLENT SOCIETY OF SAN FRANCISCO**, (styled in German, *Die Allgemeine Deutsche Unterstuetzungs Gesellschaft*), is one of the largest and most efficient charitable associations in the State. It was organized on the 7th of January, 1854, with 105 members, and has rapidly increased, until now it numbers 1050 city members and 400 in the interior.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick, every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. The society has a hospital, situated on Brannan street near Third, built of brick, two stories high, with a basement 50 feet by 70 on the ground, fitted up with steam, sulphur, hot and cold water and shower baths, and other convenience for the treatment of the sick. The wards are smaller than in any other hospital in the city, so that not many patients are put together in a room. The lot upon which the Hospital is built is 137 feet 6 inches wide by 275 feet long, the whole surrounded by a high fence and cultivated in a fine garden, a part planted with ornamental flowers and shrubs, and part with kitchen vegetables. The water for the Hospital and garden is supplied by an artesian well and windmill. The property of the society, including the lot and Hospital building, is worth about \$29,000, and the debts amount to about \$4,500. The revenue of the society amounted in 1860, to \$24,131 22, derived chiefly from a monthly assessment of \$1 levied on each member. The Hospital cost, in the year 1860, \$16,528 89. During 1860 there were 309 patients in the Hospital. During the last six years 347 persons, non-members of the association, were received in the Hospital out of pure charity, and maintained by the association during 8,995 sick days in all, at an expense of \$16,414. The society has as paid servants in the Hospital, a superintendent, an apothecary, a gardener, a cook, and three waiters. The present officers of the Society are:

*Officers*—President, C. F. Mebius; Vice-President, L. Jacoby; Second Vice-President, Dr. F. W. Wedekind; Recording Secretary, M. Mendheim; Financial Secretary, H. Michels; Treasurer, H. Nielsen; Directors, J. N. Rausch, M. Waterman, F. Mutzenbecher, H. A. Siegfried, J. Gundlach, H. Schenk and H. Schmiedell; Physicians, Drs. Lochr, Regensberger and Scharlach.

The office of the Society is at 416 Merchant St. near Kearny, where their principal agent, T. Barkhausen, can be found from 8 to 10 o'clock A. M. and from 3 to 5 o'clock P. M. To him all applications for admission into the society, or for charitable relief, and to furnish employment, or servants to applicants, without charge, should be made.

**HIBERNIAN SOCIETY**.—This Society is composed of citizens of Irish birth, and num-

bers 50 members: organized February 3d, 1852. The object of the organization is to perpetuate generosity by extending relief to Irish emigrants.

*Officers*—President, D. J. O'Callaghan; Vice-President, B. Dowling; Treasurer, M. Guerin; Secretary, John Callaghan.

**INDUSTRIAL SCHOOL**.—Organized by Act of the Legislature, 1858; located on the Ocean House Road; office City Hall, 3d floor. *Officers*—President, Wm. Blanding; Vice-President, Eugene Crowell; Treasurer, M. Brumagim; Secretary, Jas. S. Thompson; Superintendent, Joseph B. Leonard; Teacher and ex-officio Deputy Superintendent, Joseph C. Morrill; Matron, Emma C. Parrish. Number of inmates June 30, 1861, 29. For a description of this excellent institution, see General Review.

**IRISH AMERICAN BENEVOLENT SOCIETY**.—Organized 1860. Meet second and fourth Mondays of each month. Hall S. W. corner California and Kearny. *Officers*—President, Wm. Giles; Vice-President, Charles O'Neill; Treasurer, G. Cavenough; Recording Secretary, T. Mulcahy; Corresponding Secretary, E. Kelly.

**ITALIAN BENEVOLENT SOCIETY** (*Societa Italiana di Mutua Beneficenza*).—Organized October 17, 1858. This is a mutual relief society, established for the purpose of affording assistance to indigent sick Italians. By an arrangement with the French Benevolent Society, ample accommodation is provided at the Hospital of that excellent institution to carry out the praiseworthy objects of the association. Office 417 Jackson street.

*Officers*—President, F. Roncati; Vice-Presidents, G. B. Andornetti and P. Torre; Secretary, F. Seregni; Treasurer, G. B. Macchiavello.

**LADIES' PROTECTION AND RELIEF SOCIETY**.—Established August 4th, 1853, duly incorporated according to law Aug. 11th, 1857. Home and office, south side of Tehama, between First and Second streets. The object of this Society is to render protection and assistance to strangers, to sick and dependent women and children. This Society has under its supervision a Home, where the poor are sheltered and their wants relieved.

*Officers*—President, Mrs. Nathaniel Gray; Vice-President, Mrs. A. B. Reeso; Treasurer, Mrs. Jane H. Flint; Secretary, Mrs. M. C. Fessenden; Matron, Mrs. C. Russell.

**LADIES' SEAMEN'S FRIEND SOCIETY**.—Organized March 26, 1856. The object of the Society is to establish a boarding house for seamen, where they may find a home and protection, and be surrounded with influences which shall tend to their moral and intellectual improvement; and to supply the destitute with clothing. The Sailor's Home was opened Feb. 10, 1857—a little more than four years since. During that time four thousand, nine hundred and seventy-five sailors have boarded in the house. The past year it has been under the charge of Capt. W. A. Abbott and wife. Under their administration the house has always presented a neat appearance—the sleeping rooms in good order, a well

supplied table, and every comfort afforded that the income of the boarders would admit. The building occupied by the Society is located on Davis Street between Clay and Washington, and it is well adapted to the benevolent objects of the Society.

*Officers*—First Directress, Mrs. A. E. A. Holbrook; Second Directress, Mrs. M. N. Thurston; Corresponding Secretary, Mrs. E. Peck; Secretary, Miss H. J. Bunker; Treasurer, Mrs. C. E. Cogswell.

Davies, J. P. Nourse, R. C. Rogers, J. Lawrence Pool, J. M. Strobridge, J. C. Johnson, J. M. McNulty, M. D.

The Mercantile Library Association has been most carefully and ably conducted, and most generously sustained by the citizens of San Francisco; and from the progress it has made during the past few years, it must soon take rank with its kindred institutions in the Eastern States.—The library of the association is the first in the State, numbering over 15,000 volumes of works in the different departments of literature. Connected with the library is a valuable and extensive collection of works of reference, 4,000 volumes in extent, which is open to the inspection of visitors and the public in general. The amount expended for books, etc., for increase of library, during the last fiscal year, was \$4,000; increase of library during same period, 2,500 volumes.

The new rooms of the Association are commodious and conveniently arranged, and are well adapted to meet the growing importance of the institution. A well selected assortment of the leading newspapers and periodicals of the United States and Europe, are contained therein; and in addition thereto, a cabinet of specimens of mineralogy and the natural history of the State, and a numerous and valuable collection of paintings, engravings etc. Number of members, 1,800; average number of volumes taken out monthly, 2,800. The terms of admission to the rooms and library are \$2 initiation fee, and \$1 per month, payable quarterly. The influence of an institution of this character, properly directed, cannot be estimated; and it can scarcely be doubted that the *esprit du corps* of the mercantile community of this city will sustain and enlarge this association, by confiding its management to energetic and talented men, and by liberally contributing to its support. Librarian, H. H. Moore; Assistants, D. E. Webb and H. T. Burr; Collector, John J. Tayker.

**MERCHANTS' EXCHANGE.**—Theodore E. Baugh, proprietor, 521 Clay, S side, bet Sansom and Montgomery. The Merchants' Exchange was opened by Messrs. This School, established since June, 1861, has already secured for itself a more than ordinary reputation; it is divided into two branch Schools, viz:—

### THE DAY SCHOOL,

This department is managed on the same principles as are the Public Schools; with the exception, that it aims at EDUCATION as well as INSTRUCTION, and devotes a few hours weekly to embroidery—an accomplishment so necessary for a proper education for young ladies.

**GERMAN AND RUSSIAN TAUGHT**  
AT THE DESIRE OF PARENTS.

### THE INFANT SCHOOL,

This Department receives children from three years upwards; entertains them by play, singing, moral stories, on the method of the German *Freiheranstalten*.

The Schools are mainly under the management of ladies; affording to the pupils advantages which will be appreciated by parents. The School rooms are airy and lofty and excellently ventilated; the upper room being 50 x 32, and 18 feet high.

Children living across the railroad will be taken to and from School under safe conduct.

**WIRE ROPE is Forty per cent. Lighter,**  
**LESS THAN ONE HALF THE DIAMETER,**  
**AND SIX TIMES AS DURABLE,**  
 As Manilla or Hemp Rope, of equal strength, and is unaffected by change of Weather.

It is more particularly adapted for DERRICK GUY ROPES, FERRY ROPES, and for hoisting from deep Shafts and Inclined Planes. Mining Companies and Ferry owners, who use rope for Winding, Hoisting or Standing purposes, will effect an immense saving by ordering WIRE ROPE, through our Agents.

**SUSPENSION BRIDGE WORK!**

Having considerable experience, and being constantly engaged in the ERECTION OF WIRE SUSPENSION BRIDGES, AQUEDUCTS, Etc., we are enabled to do such work AT A LOW FIGURE and guarantee its permanency.

**CERTIFICATES:**

Messrs. A. S. HALLIDIE & Co., *Wire Rope Manufacturers:*  
 GROVILLE, BUTTE COUNTY, February, 1861.  
**GENTS:**—I have thoroughly tested the Wire Rope you put on my Ferry, and to my entire satisfaction. After the wear and tear of nearly two seasons, I judge it to be as good as when put up. I run the Ferry at all stages of water, when others are compelled to stand still. On one occasion, by a sudden rise of the river, an immense boom used for collecting saw logs, and an accumulation of logs, became fastened on the Wire Rope, carrying away the fastenings on one side, but the rope remained perfect. We use soft brass sheaves, and the boat travels across very smoothly. I can strongly recommend the use of the Wire Rope for Ferry purposes—being satisfied that it is cheaper, safer, and more easily managed.  
 H. B. LATHROP.

AMERICAN BAR, (Near Michigan Bluff) PLACER COUNTY, March 10, 1861.  
**Messrs. A. S. HALLIDIE & Co.—GENTS:**—We have used one of your 2½ inch circumference Patent Wire Ropes, 1,200 feet long, for twenty-seven months, constantly winding over a capstan 38-inch diameter, and lowering rock to our mill. *It has lasted as long as Ten Manilla Ropes,* working in the same place under the same circumstances; each rope of equal cost with your Wire Rope. We used Manilla Ropes the first year, but would not now take it as a gift, after testing your Patent Wire Rope.  
 Yours Truly, BAY STATE QUARTZ MINING Co., Per JAMES H. BERRY.

N. E.—The above Company has a double track laid on the hill side following its undulations, but having a general angle of about 50°. The Wire Rope is exposed to the fullest action of the weather.

HORSE SHOE BAR, MIDDLE FORK, AMERICAN RIVER, May, 1860.  
**Messrs. A. S. HALLIDIE & Co.—GENTS:**—Our Derrick's, worked by overshot water wheels, are all rigged with your Patent Rope Guys. They are better and cheaper than any other kind of rope. With them we can keep our masts in position, as they are not constantly stretching and shrinking. Once set up they are no further trouble. We can strongly recommend them. No Derrick can be worked to advantage without Wire Rope Guys. We remain, etc.

**McGREGOR'S TRANSIT OBSERVATORY,**

ESTABLISHED IN 1848.

**OBSERVE, 30 YEARS' EXPERIENCE.**

JOSEPH McGREGOR begs to announce to Merchants, Captains of Vessels, and the public generally, that he possesses unequalled facilities for the accurate repairing of CHRONOMETERS and WATCHES, on more reasonable terms than those generally charged. Chronometers and Watches are often, in this country, entrusted to incompetent workmen. J. McG. is prepared to readjust and repair, in first rate style, all Chronometers and Fine Watches put into his hands.

FOR SALE.—Chronometer, by the most eminent makers; also, Sextants, and Nautical Instruments of all kinds; or he will accurately repair and adjust them. Best Nautical Charts for all parts of the world. Give me a trial, and judge by the result. Charges moderate.

# WASHINGTON MARKET

THIS, the most extensive **MARKET**, and one of the features of our commercial metropolis, is located in the immediate vicinity of the great thoroughfare, **MONTGOMERY STREET**. It can be approached from Washington, Sanson and Merchant Streets, upon which it has a frontage of 95, 80 and 177½ feet respectively, with a depth of 120 feet. Few enterprises in San Francisco have been conducted with greater success than this Market, and its popularity must continue to increase so long as its management is intrusted to the same energetic and enterprising gentlemen who have so ably conducted it from its first opening to the present time.
